## **Nature Spirits And The Spirits Of The Elements:**

**Elemental Spirits** Jaq D Hawkins,2018-06-05 The popular Spirits of the Elements series updated and combined into a single volume Discover the nature of the elements types of spirits associated with each element and correspondences in magical thought as well as rituals and divination methods in an animistic world of nature magic     **Nature-spirits and the Spirits of the Elements** Daniel Nicol Dunlop,1921     Nature Spirits and What They Say Verena Stael von Holstein,2019-12-11 I can perceive spiritual beings in my surroundings I can communicate with higher spirit beings of either an elemental or non elemental kind when they are willing I can perceive the human aura as well as certain areas of the astral plane I can see the aura of plants and animals I can speak with the guardian beings of plants and animals inasmuch as they re interested Verena Sta l von Holstein Verena has learned to see and speak to elemental and nature beings What s more she is able to translate their language into human terminology and thought In this remarkable book seventeen nature spirits are interviewed through her almost as if these beings were sitting in front of us Through the conversations we learn what spirits of fire air water and stone have to say as well as hearing from beings of glass silver salt paper and even spirits of our dwellings and homes They speak about their work with nature and their regrettable lack of contact with human beings They describe the secrets of the cosmos and tell of humankind s past and future The nature beings have surprising views on the environment on natural disasters good and evil love and redemption The interviews throw up beautiful but sometimes disturbing insights into our world Nature Spirits and What They Say offers an enchanting view of the world of elemental beings but it also calls on us to recognize the seriousness of the situations they describe As Verena explains humans owe a huge amount to nature spirits and we need to discover new ways of approaching them with full consciousness This valuable book gives us the means to do just that     **Nature-spirits and the Spirits of the Elements** Daniel Nicol Dunlop,1920

**NATURE SPIRITS** RUDOLF STEINER,2016-09-05 Based on knowledge attained through his highly trained clairvoyance Rudolf Steiner contends that folk traditions regarding nature spirits are based on spiritual reality He describes how people possessed a natural spiritual vision in ancient times enabling them to commune with nature spirits These entities which are also referred to as elemental beings became immortalised as fairies and gnomes in myth legend and children s stories Today says Steiner the instinctive understanding that humanity once had for these elemental beings should be transformed into clear scientific knowledge He even asserts that humanity will not be able to reconnect with the spiritual world if it cannot develop a new relationship to the elementals The nature spirits themselves want to be of great assistance to us acting as emissaries of higher divine spiritual beings     *Nature Spirits: The Remembrance* Susan Raven,2012-11-12 In this lucid step by step guide Susan Raven introduces us to the world of nature spirits and elemental beings and explains why these entities wish to reconnect with us By working together with the elementals which reside in earth water air and fire we can become responsible co creators at this critical time in our evolution The future of humanity and that of the Earth may be dependent

upon such a positive and reciprocal relationship Susan investigates the nature of the accelerated evolutionary wave of consciousness pulsing into Earth at the present time and how its effects are helping us forge a new link with the spiritual and etheric worlds It is in the ether where the dissolving and coalescing forces behind physical matter exist that we find the kingdom of the nature spirits Making use of her personal experiences Susan describes the activities of these beings in the landscape in plants and in human beings She presents meditations and exercises to prepare us for a meeting with the nature spirits and emphasises the importance of working with the elemental kingdom in our immediate environment The path of personal development outlined in *Nature Spirits The Remembrance* features a wide range of insightful testimony from some of the most well respected seers with particular emphasis on the work of Rudolf Steiner *Dwarves and Other Nature Spirits* Jaime T.
