Ambrose of Milan, Christian Sage Robert L. Grant,2024-11-23 Ambrose of Milan long cast into the shadows of the Western intellectual tradition deserves more attention Ambrose holds that the purpose of life is to reach eternity That is attained by happily attending to life s meaning the duty to serve the common good Being the first Senator Bishop Ambrose naturally melds philosophy with the Scriptures in a creative vision of eternal life already experienced in this life This intriguing and intricate theology holds together in a creative tension seemingly contrary concepts such as duty and freedom merit and grace At the heart of his enterprise is misericordia which means a moral reset by being forgiven that we learn to forgive others and that we offer benevolent justice especially to the marginalized future generations and the earth itself Resourcing Ambrosian theology offers the Church and civil society a fresh and positive response to those forces which drive us apart The Understanding of Ornament in the Italian Renaissance Clare Lapraik Guest,2015-11-16 In this paradigm shifting study developed through close textual readings and sensitive analysis of artworks Clare Lapraik Guest re evaluates the central role of ornament in pre modern art and literature Moving from art and thought in antiquity to the Italian Renaissance she examines the understandings of ornament arising from the Platonic Aristotelian and Sophistic traditions and the tensions which emerged from these varied meanings The book views the Renaissance as a decisive point in the story of ornament when its subsequent identification with style and historicism are established It asserts ornament as a fundamental not an accessory element in art and presents its restoration to theoretical dignity as essential to historical scholarship and aesthetic reflection Medieval Italy Christopher Kleinhenz,2004-08-02 This Encyclopedia gathers together the most recent scholarship on Medieval Italy while offering a sweeping view of all aspects of life in Italy during the Middle Ages This two volume illustrated A Z reference is a cross disciplinary resource for information on literature history the arts science philosophy and religion in Italy between A D 450 and 1375 For more information including the introduction a full list of entries and contributors a generous selection of sample pages and more visit the Medieval Italy An Encyclopedia website

process of Jesus can be found in both creation and scripture Journey with me to explore the sacred practice of discipleship through the metaphor of beekeeping What we will discover are connections we never imagined existed The same God who created the world is the One who showed up in it through Jesus Christ The process the Creator used to mature life is the same process Jesus used to make mature followers The biblical story of Sampson and the lion will be our guide and the riddle we will uncover as we journey to discover what is Strong and Sweet Church Fathers, Independent Virgins Joyce E. Salisbury,1992-11-17 This startling study of early Christian attitudes toward sexuality begins with an account of the different stances adopted by the Church from the Early Fathers view that sex and the female body were irredeemably unholy to Augustine's contention that sex was natural but lust was evil While the Church Fathers struggled to reach consistent theoretical conclusions the underlying conflation of women with sex meant that patristic statements on chastity virginity and marriage effectively read as ecclesiastical law governing women's conduct Joyce Salisbury explains the relationship between Church doctrine and the position of women by placing these official views alongside an ascetic tradition which resisted the constraints imposed by sexual intercourse Through an examination of texts of female and popular authorship and the extraordinary lives of seven women saints including the transvestites Castissima and Pelagia she presents a markedly different picture of sexual and social roles For many of these women celibacy became a form of emancipation Church Fathers Independent Virgins bears witness to the entrenched power of the Church to oppress the continuing power of women to overcome and the enduring effects of medieval sexual attitudes Routledge Handbook of Human-Animal Studies Garry Marvin,Susan McHugh,2014-04-16 Human animal studies is an academic field that has grown exponentially over the past decade It explores the whys hows and whats of human animal relations why animals are represented and configured in different ways in human cultures and societies around the world how they are imagined experienced and given significance what these relationships might signify about being human and what about these relationships might be improved for the sake of the individuals as well as the communities concerned The Routledge Handbook of Human Animal Studies presents a collection of original essays from artists and scholars who have established themselves internationally on the basis of specific and significant new contributions to human animal studies This international interdisciplinary handbook will be of interest to students and scholars of human animal studies sociology anthropology biology environmental studies geography cultural studies history philosophy media studies gender studies literature psychology ethology and visual studies **De Officiis: Commentary** Ambrosius (Mediolanensis, Heiliger),2001 The De officiis of Ambrose Bishop of Milan c 339 397 is a key text of early Christian literature Based on a work by the Roman writer Cicero it presents the first systematic account of Christian ethics Word-order in Selected Sermons of the Fifth and Sixth Centuries Myrtle Wilkins,1940 The Carmen de Providentia Dei Attributed to Prosper of Aquitaine Saint Prosper (Tiro, Aquitanus),1964 **The Life of Saint Epiphanius by Ennodius** Saint Magnus Felix Ennodius,sister Genevieve Marie Cook,1942
