Coon, 1996-09 1955 Contents Antiquities Modern Gropings Poetry Religion the Adam Legend the Divine Image the Ego the Descent the Soul the Natural Body Heaven Reincarnation etc The Nature of the Soul. The Natural Mortality of the Soul Established from the Scriptures. By E. M. e M., 1889 **On the True Nature of the Soul: Essays for the Seriously Curious** Robert Colacurcio, 2017-02-16 This book is a compilation of essays written mostly to family members and friends in response to their questions and comments to my other books These essays were written in over a period of two years and can be read singly although I have grouped them to try to achieve a cumulative effect Many people seem satisfied with the childhood information about the soul that they carry into adulthood Some people just find the subject beyond them even though the soul is their most intimate companion Everyone agrees that proper feeding requires accurate information about the animal or person being fed and yet the spiritual nurture of the soul is not examined with the same critical eye Much that I have to say therefore has to do with the proper feeding of the soul based on a critical examination of the true nature of the soul As in all my books I am indebted to the methods of examination from the Buddhas spiritual technology toolkit *The Nature of the Soul* Lucille Cederocrans, 2011-05 The human family stands today upon the threshold of a new experience that of Soul consciousness Every man woman and child incarnate upon the planet is being brought closer to this happening by the force of evolution itself Just as man is differentiated from the animal in that he is a self conscious human being so shall he make yet another advance in awareness to become a Soul conscious son of God No longer must he walk in the shadow of spiritual ignorance for the Light of his Soul is moving upon his horizon This movement of the Soul toward expression within and through its lower counterpart can be seen within the mass consciousness of the whole human family In no area of that mass is it stilled but moves constantly to produce an awakening of man to Its presence Men and women everywhere are becoming restless dissatisfied and overburdened with the world of material values they have created for themselves They seek new values which will bring lasting peace to their world little knowing as yet the nature of that peace In recognition of and cooperation with this activity of the Soul a New Thought Form Presentation of The Wisdom has been created and placed in availability for those who seek it It can be contacted as an abstraction via the activity of meditation and must then be translated into a concrete form by the one who meditates This series of instructions is an interpretation of that new thoughtform and has been written in an effort to aid man in the search for his Soul The Nature of the Soul by Lucille Cederocrans third edition pp 3 4 Astrology: Their Traits Their Meanings & the Nature of Your Soul (The Ultimate Guide to Understanding Your Sign Different Sun moon Astrology) Murray Mattson, Are you constantly diving deep into various methods of personality analysis to try to understand yourself Do you read your Zodiac sign every day hoping for insight but are left wondering why you don t feel like you belong to that Sun sign Do you want to understand your purpose in the universe This book will show you how to understand nurture and love yourself in effective ways thanks to your Moon sign

Soul, and God Jean W. Rioux,2004-04-14 The complete title of one of the most famous works ever written Isaac Newton's Principia was actually Philosophiæ Naturalis Principia Mathematica or The Mathematical Principles of Natural Philosophy Sadly many contemporary philosophers would be hard pressed to say just what natural philosophy or philosophy of nature is all about Without question the philosophy of nature has received relatively less attention than ethics and metaphysics for some time In Nature the Soul and God Jean W Rioux has brought together a number of important readings in natural philosophy from the Pre Socratic philosophers and Aristotle to the 19th century entomologist Jean Henri Fabre Collectively they present three ways in which one might conceive of the natural world in a pre scientific reflection upon the way things are either the classical materialism of Empedocles Democritus and Epicurus the formalism of Plato or the hylomorphic view espoused and defended by Aristotle and Thomas Aquinas In the sections following the consideration of nature are selections from these representative views concerning the immortality of the soul and the existence of God Through the medium of philosophers both ancient and modern Rioux makes the point that one's philosophical account of the natural world will have an impact upon how one regards human nature as well as divinity itself It all begins with nature

Partakers of the Divine Nature Michael J. Christensen,Jeffery A. Wittung,2007 This critical volume focuses on the issue of continuity and discontinuity of the Christian concept of theosis or deification in the intellectual history of ideas It addresses the origin development and function of theosis from its antecedents in ancient Greek philosophy to its nuanced use in contemporary theological thought Often seen as a heresy in the Protestant West the revival of interest in deification in both lay and scholastic circles heralds a return to foundational understandings of salvation in the Christian church before the divisions of East and West Catholic and Protestant *The Method of Hypothesis and the Nature of Soul in Plato's Phaedo* John Palmer,2021-02-11 This study of Plato s *Phaedo* promotes better understanding of its arguments for the soul s

immortality by showing how Plato intended them not as proofs but as properly dialectical arguments functioning in accordance with the method of hypothesis Unlike the argument for the soul's immortality in the Phaedrus which does seem intended as a proof the Phaedo arguments are proceeding toward the first principles that could serve as the basis for a proof the most important being an account of the soul's own essential nature This study attends to the substantial progress the Phaedo makes toward such an account It also considers Socrates' epistemic situation in the dialogue and the problem of whether his confidence in the face of death is misplaced if his arguments have not been proofs before considering how the concluding myth draws together several of the dialogue's main themes
