**Comics and Conquest** Rhiannon Koehler, 2023-11-21 The untold story of Navajo and Hopi resistance and solidarity in the face of forced removal by the US government as documented by tribal editorial cartoons For generations US politicians and energy companies attempted to gain access to the coal and uranium in the Four Corners region where Arizona New Mexico Colorado and Utah meet The land on which they found billions of tons of high grade coal in 1909 however was reserved for the Navajo Din and Hopi peoples and not accessible to extractive enterprise Despite Din and Hopi protests US officials gained access to the coal rich land on Black Mesa in Arizona by purposely fabricating and fueling conflict between the Din and the Hopi In Comics and Conquest historian Rhiannon Koehler documents the story of this conflict through an engaging analysis of historical Navajo and Hopi editorial cartoons Despite the false narrative that the conflict was driven by inter tribal animosity and that the subsequent forced removals of thousands of Indigenous peoples were part of a plan to keep the peace the cartoons that Koehler shares reveal a rich history of artistic activism and Hopi Din solidarity against this land grab The content and claims featured in political cartoons published in the tribal newspapers Qua Toqti and the Navajo Times in the late 1960s and early 1970s were some of the most critical tools for both coping with the threats of industry and exposing the history of exploitation as it carries on into the present The conflict popularly known as the Navajo Hopi Land Dispute was presented in mainstream media as an egregious threat to US interests Acutely aware of

their land's value and the minerals and other resources on it. Din and Hopi political cartoonists used their medium to assert their protest and agency, identify the true instigators of the dispute and expose and counter the myth that the conflict had intertribal origins. Koehler shows how tribal activism and media ultimately resulted in international recognition of the harms perpetrated by the federal government on Din and Hopi soil. Navajo Nation Peacemaking Marianne O. Nielsen, James W. Zion, 2005-09 Describes and analyzes the Navajo peacemaking tradition of restorative justice in which all participants are treated as equals with the purpose of preserving ongoing relationships and restoring harmony among involved parties.

*Diné* Peter Iverson, 2002-08-28 This comprehensive narrative traces the history of the Navajos from their origins to the beginning of the twenty-first century. Based on extensive archival research, traditional accounts, interviews, historic and contemporary photographs, and firsthand observation, it provides a detailed up-to-date portrait of the Din past and present that will be essential for scholars, students, and interested general readers, both Navajo and non-Navajo. As Iverson points out, Navajo identity is rooted in the land bordered by the four sacred mountains. At the same time, the Navajos have always incorporated new elements, new peoples, and new ways of doing things. The author explains how the Din remember past promises, recall past sacrifices, and continue to build upon past achievements to construct and sustain North America's largest native community. Provided is a concise and provocative analysis of Navajo origins and their relations with the Spanish, with other Indian communities, and with the first Anglo-Americans in the Southwest. Following an insightful account of the traumatic Long Walk era and of key developments following the return from exile at Fort Sumner, the author considers the major themes and events of the twentieth century, including political leadership, livestock reduction, the Code Talkers, schools, health care, government, economic development, the arts, and athletics. Monty Roessel, Navajo, an outstanding photographer, is Executive Director of the Rough Rock Community School. He has written and provided photographs for award-winning books for young people. *A History of Navajo Nation Education* Wendy Shelly Greyeyes, 2022-03 On the heels of the fiftieth anniversary of the founding of the Department of Din Education, this important education history explains how the current Navajo educational system is a complex terrain of power, relationships, competing agendas, and jurisdictional battles influenced by colonial pressures and tribal resistance. In providing the historical roots to today's challenges, Wendy Shelly Greyeyes clears the path and provides a go-to reference to move discussions forward. **Sovereign Acts** Frances Negrón-Muntaner, 2017-11-21 While the sovereign nation state is considered the world's political norm, millions of colonial subjects, immigrants, refugees, and native peoples appear to be without sovereignty. What claims have they to sovereignty? If they cannot ever constitute themselves into sovereign nation states, are they out of the political game? Can a framework like sovereignty, used historically to exploit, dispossess, and even exterminate people, be a part of a struggle for political freedom? Editor Frances Negrón-Muntaner and the contributors to *Sovereign Acts* engage in a debate around these questions with surprising results. Moving the idea of sovereignty beyond the narrow confines of the nation state, beyond the concept of a

power that one either has or lacks this paradigm shifting work examines the multiple ways that Indigenous nations and U S territorial peoples act as sovereign and the possible limits of such sovereign acts within the current globalized context A valuable contribution to the debate around indigenous and other conceptions of sovereignty Sovereign Acts goes further than legal frameworks to investigate the relationships among sovereignty gender sexuality representation and the body From activist style and choreography to the politics of recognition the scholars and artists featured in this unique volume map out how people disrupt modern notions of sovereignty attempt to redefine what being sovereign means or seek alternative political vocabularies Sovereignty is not only after all a kingdom and a crown CONTRIBUTORS Michael Lujan Bevacqua Glen Coulthard Jennifer Nez Denetdale Adriana Mar a Garriga Lopez Jessica A F Harkins Brian Klopotek Davianna Pomaika i McGregor Frances Negr n Muntaner Yasmin Ramirez Mark Rifkin Madeline Rom n Stephanie Nohelani Teves Fa anofa Lisaclaire Uperesa

*American Indian Sovereignty and Law* Wade Davies, Richmond L. Clow, 2009-02-04 American Indian Sovereignty and Law An Annotated Bibliography covers a wide variety of topics and includes sources dealing with federal Indian policy federal and tribal courts criminal justice tribal governance religious freedoms economic development and numerous sub topics related to tribal and individual rights While primarily focused on the years 1900 to the present many sources are included that focus on the 19th century or earlier The annotations included in this reference will help researchers know enough about the arguments and contents of each source to determine its usefulness Whenever a clear central argument is made in an article or book it is stated in the entry unless that argument is made implicit by the title of that entry Each annotation also provides factual information about the primary topic under discussion In some cases annotations list topics that compose a significant portion of an author s discussion but are not obvious from the title of the entry American Indian Sovereignty and Law will be extremely useful in both studying Native American topics and researching current legal and political actions affecting tribal sovereignty

**Nation to Nation** Suzan Shown Harjo, 2014-09-30 Nation to Nation Treaties Between the United States and American Indians explores the promises diplomacy and betrayals involved in treaties and treaty making between the United States government and Native Nations One side sought to own the riches of North America and the other struggled to hold on to traditional homelands and ways of life The book reveals how the ideas of honor fair dealings good faith rule of law and peaceful relations between nations have been tested and challenged in historical and modern times The book consistently demonstrates how and why centuries old treaties remain living relevant documents for both Natives and non Natives in the 21st century

*Earth Diplomacy* Jessica L. Horton, 2024-07-19 In Earth Diplomacy Jessica L Horton reveals how Native American art in the mid twentieth century mobilized Indigenous cultures of diplomacy to place the earth itself at the center of international relations She focuses on a group of artists including Pablita Velarde Darryl Blackman and Oscar Howe who participated in exhibitions and lectures abroad as part of the United States s Cold War cultural propaganda Horton emphasizes how their art modeled a radical

alternative to dominant forms of statecraft a practice she calls earth diplomacy a response to extractive colonial capitalism grounded in Native ideas of deep reciprocal relationships between humans and other beings that govern the world Horton draws on extensive archival research and oral histories as well as analyses of Indigenous creative work including paintings textiles tipis adornment and artistic demonstrations By interweaving diplomacy ecology and art history Horton advances Indigenous frameworks of reciprocity with all beings in the cosmos as a path to transforming our broken system of global politics

Wilkins, 2018-09-06 Before Europeans arrived in what is now known as the United States over 600 diverse Native nations lived on the same land This encroachment and subsequent settlement by Americans forcibly disrupted the lives of all indigenous peoples and brought about staggering depopulation loss of land and cultural religious and economic changes These developments also wrought profound changes in indigenous politics and longstanding governing institutions David E Wilkins two volume work *Documents of Native American Political Development* traces how indigenous peoples have maintained and continued to exercise a significant measure of self determination contrary to presumptions that such powers had been lost surrendered or vanquished Volume One provided materials from the 1500s to 1933 This collection of primary source and other documents begins in 1933 and spans the subsequent eight decades Broadly the volume organizes this period into the following distinctive eras indigenous political resurgence and reorganization 1934 to 1940s indigenous termination relocation 1940s to 1960s indigenous self determination 1960s to 1980s and indigenous self governance 1980s to present Wilkins presents documents including the governing arrangements Native nations created and adapted that are comparable to formal constitutions international and interest group records statements by prominent Native and non Native individuals and sources featuring important innovations that display the political acumen of Native nations The documents are arranged chronologically and Wilkins provides concise introductory essays to each document placing them within the proper context Each introduction is followed by a brief list of suggestions for further reading This continued examination of fascinating and relatively unknown indigenous history from a number of influential legal and political writings to the formal constitutions crafted since the American intervention of the Indian Reorganization Act of 1934 will be an invaluable resource for scholars and students of the history
