Or Go Down in Flame W. R. Wood, 2013-07-19 The engrossing story of an American professor's quest to learn how his older brother was killed in WWII many poignant moments Publishers Weekly Black Thursday the second Schweinfurt raid was the most savagely fought air battle in US history and a milestone in the course of World War II On October 14 1943 the US Eighth Air Force launched nearly three hundred bombers deep into German territory to destroy the ball bearing plants at Schweinfurt hoping this would bring enemy industry to a halt On that clear sunlit day hundreds of German fighters raced among the unescorted B 17s guns blazing knocking down plane after plane each with ten men aboard By the end of the day the flight path of the Flying Fortresses was marked across the breadth of Germany by towering pillars of smoke from crashed machines fiery tributes to six hundred lost airmen W Raymond Wood was just a child when his brother was lost in the Schweinfurt raid and the minute details of this book are the result of his multi year effort to illuminate Black Thursday as no writer has before He not only reveals the experience of the American flyers in this famous battle but that of the civilians on the ground and the enemy fighters who flew against the bomber stream including the Me 110 pilot who in all probability destroyed his brother's plane with a rocket Illustrated with forty eight pages of photos and original documents this book examines the air war against the Third Reich then brings the reader into the center of harrowing air combat and finally chronicles the little known operations after war's end to retrieve and identify our dead

The Correspondence of Reginald Pole Thomas F. Mayer, 2017-09-19 Reginald Pole 1500-1558 cardinal and archbishop of Canterbury was at the centre of reform controversies in the mid 16th century antagonist of Henry VIII a leader of the reform group in the Roman Church and nearly elected pope Julius III was elected in his stead His voluminous correspondence more than 2500 items including letters to him forms a major source for historians not only of England but of Catholic Europe and the early Reformation as a whole In addition to the insight they provide on political history both secular and ecclesiastical and on the spiritual motives of reform they also constitute a great resource for our understanding of humanist learning and cultural patronage in the Renaissance Hitherto there has been no comprehensive let alone modern or accurate listing and analysis of this correspondence in large part due to the complexity of the manuscript traditions and the difficulties of legibility The present work makes this vast body of material accessible to the researcher summarising each letter and printing key texts usually in critical editions together with necessary identification and comment The first three volumes in this set will contain the correspondence the fourth and fifth will provide a biographical companion to all persons mentioned and will together constitute a major research tool in their own right This

first volume covers the crucial turning point in Pole's career his protracted break with Henry and the substitution of papal service for royal One major dimension of this rupture was a profound religious conversion which took Pole to the brink of one of the defining moments of the Italian Reformation the writing of the *Beneficio di Christo* **Lie in the Dark and Listen** Ken Rees, Karen Arrandale, 2004-05-19 A memoir of a World War II British bomber pilot who was imprisoned by the Nazis and went on to inspire the Steve McQueen character in *The Great Escape* By age 21 Ken had already trained to be a pilot officer flown 56 hair raising bomber missions by night over Germany taken part in the siege of Malta got married been shot down into a remote Norwegian lake been captured and interrogated sent to Stalag Luft III and survived the Great Escape and the forced March to Bremen This is truly a real life adventure story written with accuracy pace and drama Ken Rees had a war career that takes the breath away and he describes it so well one can imagine one was there experiencing the terror Frederick Forsyth 1 New York Times bestselling author of *The Fox and The Day of the Jackal* In an age obsessed with C list television celebrities battling it out on phony reality survival shows Rees and his dwindling band of Great Escapers stand out as the real thing The Daily Telegraph UK Written in frank warm and readable style this is a very engaging account of a remarkable life New History A brave man's memory Hear the fear yet take succor from the courage North Wales Chronicle UK **Dresden and the Heavy Bombers** Frank Musgrove, 2005-01-01 This is the story of a young man's entry into the war in 1941 and culminates in his flying on the bombing raid to Dresden in February 1945 This is not a gung ho account of flying with Bomber Command but neither is it a breast beating avowal of guilt These memoirs take the form of a basic narrative of the author's RAF career and pay particular attention to fear morale and as the author explains the myth of leadership Several raids are described in detail and illustrate the variety of experience problems and dangers involved in such hazardous warfare So nearly 60 years after his dramatic experiences how does he view the bombing of factories and cities and the inevitable grave moral issues that have slowly and insidiously crept up on him The answer will surprise many younger and older readers **Bomb Group** Paul Bingley, Mike Peters, 2022-11-03 The authors do a good job using the diaries interviews and books written by group members to convey a vivid sometimes too vivid picture of war at its most elemental The Journal of the Air Force Historical Foundation In February 1942 a reconnaissance party of United States Army Air Force officers arrived in England Firmly wedded to the doctrine of daylight precision bombing they believed they could help turn the tide of the war in Europe In the months that followed they formed the Eighth Air Force an organization that grew at an astonishing rate To accommodate it almost seventy airfields were hastily built across the eastern counties of England At the heart of the Eighth Air Force was its bombardment groups each equipped with scores of heavily armed four engine bombers These Boeing B 17 Flying Fortresses and Consolidated B 24 Liberators were soon punching through the enemy's defenses to bomb targets vital to its war effort They were crewed by thousands of young American airmen most of whom were volunteers This book tells the story of just one Bomb Group the 381st which crossed the Atlantic in May 1943 Arriving at RAF Ridgewell on

the Essex Suffolk border its airmen quickly found themselves thrown into the hazardous and attritional air battle raging in the skies over Europe The 381st's path led from its formation in the Texan desert to its 297th and final bombing mission deep into the heart of Hitler's Third Reich This is the remarkable story of one group and the part it played in the strategic bombing campaign of The Mighty Eighth
