Nazi Looting The Plunder Of Dutch Jewry During The Second World War:

Nazi Looting Gerard Aalders, 2004 The Nazi looting machine was notoriously efficient during the Second World War In the Netherlands 8.5 million citizens suffered losses estimated at 3.6 billion guilders Approximately one third of these losses were borne by Jews who comprised only 1.6% of the total population In today's terms the German occupiers stripped the Jewish population of assets worth 7 billion Nazi Looting offers a comprehensive history of the Dutch experience and demonstrates how reputable indigenous institutions acted as willing collaborators Beginning with a survey of international law and various definitions of looting the author shows how the Germans systematically robbed Dutch Jewry through a variety of means that gave the outward appearance of honest trading Forced to sell under duress and at unreasonably low prices few dared refuse the German on the doorstep when threatened with prison or incarceration in a camp The plundering was total and systematic In May 1940 a team of highly trained art historians linguists musicologists and literary experts arrived immediately behind the victorious German troops to catalogue the vast collections for Hitler From 1941 Jews were compelled to deposit all their money into a bank called Lippmann Rosenthal Co The name of the bank itself was a cynical ploy since it was taken from a respected Jewish owned Amsterdam bank and presented as a new branch This bank however simply channelled money into the Third Reich with the help of the Amsterdam Stock Exchange insurance brokers and other well established Dutch banks Once the Jews were deported their houses were emptied and the contents used to re-furnish bombed out areas of the Reich In common with many other formerly Nazi occupied countries in Europe the Netherlands has been unable to retrieve many of its pre-war assets More than fifty years after the war's end 20% of its most important pre-war museum exhibits and approximately 80% of the less important works remain untraced **Art and the Nazis, 1933-1945**

Arthur J. McLaughlin, Jr., 2022-01-13 This first comprehensive analysis of the Third Reich's efforts to confiscate, loot, censor and influence art begins with a brief history of the looting of artworks in Western history The artistic backgrounds of Adolf Hitler and Hermann Goering are examined along with the various Nazi art looting organizations and Nazi endeavors to both censor and manipulate the arts for propaganda purposes Long-held beliefs about the Nazi destruction of degenerate art are examined drawing on recently developed university databases, new translations of original documents and recently discovered information Theft and destruction of artworks by the Allies and looting by Soviet trophy brigades are also documented *Nazi Secret Warfare in Occupied Persia (Iran)* Adrian O'Sullivan, 2014-08-05 This is the first full-length work to be published about the spectacular failure of the German intelligence services in Persia/Iran during WWII Based on archival research it analyzes a compelling history of Nazi planning, operations, personalities and intrigues and follows the protagonists from Hitler's rise to power into the postwar era *The Arts in Nazi Germany* Jonathan Huener, Francis R. Nicosia, 2007-09 Culture and the arts played a central role in the ideology and propaganda of National Socialism from the early years of the movement until the last months of the Third Reich in 1945 This volume's essays explore these and other

Searching for Justice After the Holocaust

Michael J. Bazyler, Kathryn Lee Boyd, Kristen Nelson (Lawyer), Rajika Shah, 2019 The Nazis and their state sponsored cohorts stole mercilessly from the Jews of Europe In the aftermath of the Holocaust returning survivors had to navigate a frequently unclear path to recover their property from governments and neighbors who had failed to protect them and who often had been complicit in their persecution This book is about the less publicized area of post Holocaust restitution involving immovable real property confiscated from European Jews and others during World War II

Hitler's Bounty Hunters

Ad van Liempt, 2005-04-01 Why were the Nazis so successful in deporting Jews Why did families such as Anne Frank's get turned in Investigative journalist Ad van Liempt pulls back the curtain on the shocking practice of Dutch bounty hunters of the Jews and reveals that ordinary citizens were prepared to turn over their Jewish countrymen in exchange for cash Van Liempt examines in great detail the careers of bounty hunters and describes some particularly horrifying cases The most gripping are those involving young children In one case two bounty hunters traveled hundreds of miles to get their hands on a two year old girl living in a safe house a month later she was gassed at Sobibor In court the bounty hunters consistently maintained that they received no premiums for their work but the author shows the opposite to be true and traces the money involved This haunting book uncovers a facet of the Holocaust that has previously been largely neglected and brings to light the day to day workings of the persecution of the Jews

Final Solution David Cesarani, 2016-11-08 This groundbreaking history of the Holocaust presents a brilliant synthesis and interpretation of the greatest crime of the modern era harrowing and extraordinary The Times UK David Cesarani's Final Solution is a magisterial work of history that chronicles the fate of Europe's Jews during and directly after World War II Based on decades of scholarship documentation newly available from the opening of Soviet archives declassification of Western intelligence service records as well as diaries and reports written in the camps Cesarani provides a sweeping reappraisal that challenges accepted explanations for the anti Jewish politics of Nazi Germany and the inevitability of the final solution The persecution of the Jews as Cesarani demonstrates was not always the Nazis central preoccupation nor was it inevitable Instead it unfolded erratically in German occupied countries often due to local initiatives Military failures created a crisis of resources that led to the starvation of the ghettos and intensified anti Jewish measures Cesarani also disputes the iconic role of railways and deportation trains and exposes the extent of sexual violence and abuse of Jewish women In bracingly vivid prose Final Solution captures the experience of a heroic people caught in the hell that was Hitler's
