Kautilyanomics Sriram Balasubramanian,2022-08-18 India was an economic power to reckon with until its economic decline in the 18th century What explains this long period of prosperity The answer might lie in a framework of social and economic thought that lies buried in our ancient heritage says Sriram Balasubramanian of which Kautilya s Arthashastra is a major example Kautilyanomics for Modern Times seeks to do three things first to provide a structure and a context for Kautilya s economic thoughts second to examine his work s relevance today and third to do it in a way that a lay reader can follow and grasp easily Kautilya s thought is mainly articulated through the prism of dharmic capitalism and its components some examples include his views on global economic outlook state market dynamics and sustainable growth

backed independent India in 1948 over Hyderabad question But why Nepal suddenly had to take a refuge in neutrality after the political change of 1950 Was it because of Nepal s internal politics or an attempt to cope with new arrangements in regional security Nepal s fascination with neutrality was so swifter and inadvertent that Kathmandu hitherto has never initiated any policy debates over the all weather choice Power elites in Nepal still misperceive neutrality as non alignment The aim of the book however is not only limited to distinguishing neutrality with non alignment in the Nepali context but weighs Nepal s claim to neutrality through the Indian and Chinese perceptions to underline the presence of ambiguity and uncertainty in Nepal s claim to neutrality Illustrating Nepal s attempt to neutrality as a mere survival strategy this study is less hopeful about Nepal s foreign policy institutions abandoning their Cold War worldview by embracing the strategy of sustenance in today s interdependent and globalized world Because as the book suggests power elites in Kathmandu are customarily lured by the ephemeral yet sporadic geopolitical ambitions either through discourses or deeds **Values in the Polish Cultural Tradition** Leon Dyczewski,2002 Perceptions of South Asia's Visual Past Catherine Blanshard Asher,Thomas R.
