nation between the two world wars A Dutch colony from 1908 Bali was a source of revenue for the Dutch government which began to develop its image as the ultimate vacation spot The tourism industry spread the idea of Bali as a paradise in which noble happy spiritual Balinese all prodigiously creative artists lived in innocence Sensual images of beautiful people on an enchanted isle unspoiled by modernity predominated Bali also acquired a reputation as a homosexual paradise A host of books and articles fed these images of Bali until it evolved into one of the most romantic stops on the tourist itinerary The Balinese people however made little profit from the tourist traffic This history of the development of tourism in Bali stretches from the Dutch occupation in 1906 to the Japanese occupation in 1942 After exhaustive research in published records and in unpublished letters diaries and oral histories left by many of the American and European visitors to the island as well as the Balinese residents the author explores the reasons for Bali s popularity among Westerners and their effects on the native culture

Ida Bagus Made ,2008 *The Power of Discourse in Ritual Performance* Ulrich Demmer, 2007 This volume focuses on the ways discourse is used in ritual performances as an important medium of power enabling speakers actors to construct redefine and transform interpersonal relationships cultural concepts and worldviews The various case studies gathered here from South Asia South East Asia Africa and South America show that recent developments in linguistic anthropology ritual theory and performance studies provide new conceptual tools to take a fresh look at these issues Foregrounding pragmatic approaches to language and discourse they explore the social dynamics of rhetorical discourse text and context normativity and creativity

the poetics of dialogue and speech as well as the manifold interactions of speakers addressees and audience The volume thus embraces both the micro level of speech activities as well as the macro level of social and political relationships and brings out the subtle workings of control authority and power in situations marked as ritual The contributions all based on extensive fieldwork include many concrete samples of speech and discourse which give an authentic impression of the different voices and make for vivid reading

Inequality, Crisis and Social Change in Indonesia Thomas Reuter, 2003-09-02 Indonesia has experienced a quick succession of new governments and fundamental reforms since the collapse of Suharto's dictatorial regime in 1998 Established patterns in the distribution of wealth power and knowledge have been disrupted altered and re asserted The contributors to this volume have taken the unique opportunity this upheaval presents to uncover social tensions and fault lines in this society Focusing in particular on disadvantaged sectors of Balinese society the contributors describe how the effects of a national economic and political crisis combined with a variety of social aspirations at a grass roots level to elicit shifts in local and regional configurations of power and knowledge This is the first time that many of them have been able to disseminate their controversial research findings without endangering their informants since the demise of the New Order regime

Desire, Divine and Demonic Michele Stephen, 2005-03-31 This original and innovative book challenges many of our long held assumptions about traditional

Balinese religion Drawing on data from visual art mythology esoteric texts and public rituals Michele Stephen identifies a core of important mystical themes at the heart of Balinese religion and demonstrates the striking parallels between these and Indian Tantric thought Desire Divine and Demonic begins with an introduction to the problems of defining mysticism in Bali a discussion of prevailing scholarly views concerning the nature of Balinese religion and a brief description of the link between art and religion in Balinese culture What follows is an intriguing analysis of two series of paintings by contemporary Balinese artists I Ketut Budiana and I Gusti Nyoman Mirdiana who specialize in mystical and mythological scenes Sitting at the Feet of Gurus Deena Burton,2009-01-26 Deena Burton is well known for her accomplishments as a dancer choreographer producer and scholar of Indonesian Arts In the course of her research she came across the pioneering work of Claire Holt who had written about art and culture in New York and Europe especially the rise of Modern Dance between the first and second World Wars During a trip to Indonesia in 1930 Claire Holt became enamored of Javanese dance She stayed for many years on and off and was among the community of artists and anthropologists living in Bali at that time including Walter Spies Colin McPhee Miguel Covarrubias Margaret Mead and others who were both deeply influenced by this ancient culture and obsessive in documenting Indonesias emergence into the 20th century This book which began as Deenas PhD dissertation is a tribute to her own dedication and that of a kindred spirit Claire Holt and their love for the arts and peoples of Indonesia Pictured above is a young Deena Burton beginning a masked dance *Widayat, the Magical Mysticism of a Modern Indonesian Artist* Helena Spanjaard,1998 **Bali** Insight Guides,Insight Guides Staff,Made Wijaya,1998 Wouldn't it be wonderful to see the sights with your own local host to give you a native's point of view Insight's Pocket Guides deliver this personal service with a sleek portable guide that gives you the inside scoop It's not just what you see it's the sense of what you're seeing Filled with practical tips full and half day itineraries and loads of personal recommendations these indispensable guides are ideal for travelers with limited time to spare Many Pocket Guides come complete with a pull out map making your travel so much simpler **The Romance of K'tut Tantri and Indonesia** Timothy Lindsey,2008 This historiographic study of K'tut Tantri alias Vannen Walker the journalist from the Isle of Man Muriel Pearson the unhappy wife and Surabaya Sue the notorious revolutionary compares her romantic and colorful autobiography *Revolt in Paradise* with other versions of her past including those of her fellow Bali colonists and her revolutionary comrades as well as her foes the Dutch and various intelligence organizations These alternative accounts of her past question the image of K'tut Tantri as hero portraying her instead as dishonest unstable egotistical and immoral Such criticisms have overshadowed proper recognition of her role in the development of modern Indonesia both as a bohemian hotelier in between wars Bali and later as propaganda broadcaster and adviser to Indonesian revolutionary leaders including Soekarno Sutomo and Syarifuddin Focusing on the nature of biography and autobiography this book analyses K'tut Tantri's self-defeating battle to use history in text and film script to define her identity and reappropriate her past An examination of the use of ideas of truth and fiction in

understanding the past leads to broader consideration of the nature of history and its uses Finally an attempt is made to reconcile the deconstruction of K tut Tantri s autobiography with both an acceptance of the validity of alternative historical genres and an acceptance of the problems inherent in writing a history of a living person ABOUT THE AUTHOR Timothy Lindsey is Professor of Law Director of the Asian Law Centre Director of the Centre for Islamic Law and Society and Federation Fellow in the Law School at the University of Melbourne
