Monthly Catalog of United States Government Publications, 1982. **Monthly Catalogue, United States Public Documents**, 1982. **The School Musician Director and Teacher**, 1976. The Flute Book. Nancy Toff, 1985. Teachers and flutists at all levels will welcome the return of Nancy Toff's unique one-stop guide to the flute and its music. Organized into four main parts: The Instrument, Performance, The Music, and Repertoire, the book begins with a description of the instrument and its making, offers information on choosing and caring for a flute, sketches a history of the flute, and discusses differences between members of the flute family. In the Performance section, readers learn about breathing, tone, vibrato, articulation, technique, style, performing, and recording. In the extensive analysis of flute literature that follows, Toff places individual pieces in historical context. The book ends with a comprehensive catalog of solo and chamber repertoire and includes appendices with fingering charts as well as lists of current flute manufacturers, repair shops, sources for flute music, and books and flute clubs and related organizations worldwide. **Teaching Percussion**. Gary Cook, 1997. Designed as a core text for college-level courses in percussion methods and pedagogy, *Teaching Percussion* is a comprehensive up-to-date introduction to teaching methodology and performance techniques. Now updated, *Teaching Percussion* helps students and performers develop musical understanding and performance skills on some fifty percussion instruments. The Second Edition includes coverage of new developments in world music instruments and performance. In addition, Norman Weinberg, cofounder of the PAS World Percussion Network, has contributed a discussion of electronic percussion and new technology. The outstanding exercises, musical examples, photographs, illustrations, practical advice, and bibliographies popular features in the first edition have been retained and enhanced. *Teaching Percussion*, Second Edition, is an invaluable resource for students, faculty, and performers alike. Guide to Teaching Woodwinds. Frederick William Westphal, 1985. *Guide to Teaching Woodwinds* is written primarily for the college student who is preparing for instrumental teaching, although the woodwind teacher or player will find it useful also. At a time when teacher education programs allow only a minimal amount of time for the specialized study of instrumental teaching, a text that not only provides the basics but includes essential details for future reference is essential. This text attempts to meet that need. **Gun Digest**, 1984. Books Inc. Dbi, 1983-07. **Gun digest**. Ken Warner, 1987. **American Book Publishing Record**, 1987.
