Spending Other People's Money Hannes H. Gissurason, 2018-12-01 Even if both Rawls and Piketty seem to advocate extensive redistribution from the rich to the poor their concerns are different Rawls worries about the poor Piketty about the rich Rawls theory of justice is really about prudence and its emphasis on a worst case scenario alone is implausible It is Georgism in persons However capitalism may be the only known system which fulfils the Rawlsian proviso of maximising the conditions and expectations of the worst off There seem to be many logical and empirical flaws in Piketty s case for global confiscatory taxes and the novels from the 19th century he quotes show not the relentless accumulation of capital but rather its precariousness
