Peregrinos De La Nueva Era:

Lo que conocí de la Nueva Era. Una visión entre la realidad y la fantasía [Guillermo Dellamary], 2016-08-29 La Nueva Era es tremendamente seductora as me relato con mucha emoción una amiga que también había sido atrapada por esta nueva ola de ideas y experiencias Quiero compartir por ello las experiencias estudios y reflexiones que he hecho a lo largo de casi 14 años de experiencia de estar en contacto con muchas de las propuestas del tema que nos ocupa Para el estimado lector es importante saber que he vivido experiencias muy concretas al haber sido alumno y seguidor de un sacerdote poeta y sanador de la tradición maya zapoteca al igual que también haber recibido las enseñanzas de un marakame huichol y haber participado en las tradiciones lakotas Por ello la responsabilidad de compartirles a ustedes el resultado de estos años y lo que he estudiado y reflexionado al respecto **La Revista del mundo** ,1919 **La Biblia negra de la Nueva Era**

Astráldas, 2025-01-14 Esta obra revela los secretos de la antigua y casi olvidada astrología dracónica una disciplina mística que se basa en la energía de los nodos del karma para desentrañar el destino del alma Inspirada en la sabiduría esotérica esta obra invita al lector a un profundo viaje de autoconocimiento sanación y evolución espiritual Más que un simple libro o manual es un compendio que conecta al lector con la esencia de su alma y los misterios de su propósito en esta vida A través de una prosa evocadora el lector se sumergirá en las profundidades de su carta dracónica explorando las energías de cada uno de sus planetas y posiciones astrales desde el Sol y la Luna hasta Quirón y Lilith Cada página ofrece un recorrido hacia el despertar de la conciencia ayudando a liberar bloqueos emocionales conectar con el propósito del alma y resonar con la fuerza oculta de su historia personal Esta obra es una herramienta poderosa para quienes buscan entender y sanar su camino guiándose hacia una vida más plena y consciente **Realidades y espejismos** Francisco de P. Machado, 1926 [Prensa pedagógica y patrimonio histórico educativo](#) José María HERNÁNDEZ DÍAZ, 2013-09-30 La prensa las publicaciones periódicas editadas con periodicidad diaria semanal decenal quincenal mensual bimensual trimestral semestral anual se convierten en un fenómeno de masas desde la Ilustración hasta nosotros y llegan a convertirse en una de las señas de identidad de influencia y en necesidad cotidiana para los ciudadanos de nuestras sociedades contemporáneas Si durante siglos y decenas de años su soporte exclusivo era el papel hoy adopta también otros formatos digitales incluso se puede hablar con pertinencia de prensa y diarios hablados de semanarios audiovisuales porque todos estos modelos técnicos forman parte del proceso instrumental de comunicación de masas que sin duda evoluciona La prensa es un instrumento de comunicación permanente al fin que se convierte en necesidad del hombre de nuestro tiempo Es evidente que en el momento en que la información o el artículo supera la vigencia de actualidad el vestigio de la noticia se convierte también en posible elemento documental para quien estudia el pasado de forma científica el historiador Desde que el documento alcanza y supera la actualidad y vigencia entra en la caducidad inmediata se erige en un bien de uso general y particular del pasado y comienza a formar parte del patrimonio cultural y documental que se lega a la posteridad La prensa pedagógica publicaciones periódicas de perfil

educativo específico representa un capítulo especial y representativo muy señalado con profunda y reconocida identidad que adoptando el formato general de una publicación periódica se proyecta en la información y análisis de contenido educativo y pedagógico. Su identidad se construye en el contexto informativo y hermenéutico de los problemas de los maestros y profesores de sus asociaciones y sindicatos en los avances y retrocesos de los establecimientos escolares escuelas infantiles y primarias centros de educación secundaria de formación profesional de educación superior universidades en la información y análisis de otras instituciones educativas diferentes a la escuela como instituciones en movimientos juveniles en la educación del tiempo libre de todo tipo de ciudadanos en la aportación educativa de muy diferentes movimientos sociales pacifismo feminismo ecologismo objetividad de conciencia consumerismo naturismo esperantismo por ejemplo en otros procesos educativos y científicos relativos a la pedagogía y la educación. De forma equivalente a la prensa de intereses generales que también contiene con frecuencia información y análisis de temas educativos que por influencia de la revolución historiográfica que representó en el siglo xx la Escuela de Annales sobre todo en la segunda mitad del siglo xx al comenzar a servirse de la prensa para la tarea habitual del historiador de la etapa contemporánea la prensa pedagógica se postula como oportunidad documental y patrimonial especial y en ocasiones única para el historiador de la educación historiador ante todo. La prensa pedagógica se convierte en patrimonio documental para el investigador interesado en los temas de historia de la educación sobre todo desde una lectura social. El estudio del uso didáctico y formativo de la prensa en la escuela no es el objeto principal de este libro aunque es un aspecto de notorio interés histórico y didáctico. El estudio de la aportación que la prensa puede hacer a la investigación histórica de la educación tampoco es el sentido de los trabajos que aquí se editan. El estudio histórico de la prensa pedagógica es el cometido principal de este cupo de estudios de historia de la educación. La historia de la educación se ve enriquecida con la aportación de estos trabajos originales sobre la prensa pedagógica que se publican en su día en distintos países de la Europa mediterránea Portugal Italia España pero también de otros de América Latina principalmente Brasil. Los modelos de organización del sistema educativo y de sus pautas de investigación para la historia de la educación guardan muchos elementos comunes aunque conservando identidad y matices y ello nos lleva a proponer conclusiones de interés compartido. Este libro es una iniciativa del grupo de la Universidad de Salamanca Helmantica Paideia Memoria y proyecto de la educación www.helmanticapaideia.com que en su seno cultiva una línea específica dedicada al estudio histórico de la prensa pedagógica por un grupo de investigadores que adopta el acrónimo griego Hemera Paideia para identificarse y para demostrar su aprecio por las raíces grecolatinas de nuestra educación. Además de llevar a cabo diferentes proyectos de investigación sobre prensa pedagógica desde hace ya varios años este grupo de historiadores de la educación organiza sesiones de estudio seminarios jornadas sobre historia de la prensa pedagógica desde diferentes intereses y situaciones. Tal vez en el futuro veamos aflorar congresos específicos y monográficos sobre la prensa pedagógica elaborada por los niños en el interior del aula o la de los estudiantes universitarios además de la prensa sindical docente la prensa y revistas de las instituciones de

educación social diferentes a los establecimientos escolares en cualquiera de sus expresiones o la prensa pedagógica que podemos identificar como la de las publicaciones científicas de la educación campo realmente apasionante y no muy estudiado entre nosotros Pero sin duda el peso de nuestra atención en esta obra y probablemente en el futuro debe polarizarse hacia expresiones de prensa pedagógica procedentes de la diversidad y polimorfismo de publicaciones que proceden del interior del sistema educativo en el ayer El carácter patrimonial de la prensa pedagógica y su inserción en el concepto de patrimonio histórico educativo se inscribe en el enriquecimiento cuantitativo y cualitativo del concepto de fuente para la investigación histórica educativa Si hace alguna generación se discutía y cuestionaba el valor y fidelidad de otras fuentes que no fueran documentos inéditos de archivo relativos a la educación hace ya algunos decenios que fueron admitiéndose casi de forma canónica otras fuentes documentales convenientemente depuradas de procedencia icónica oral material y desde luego la prensa y publicaciones periódicas relativas a temática educativa y pedagógica Esta iniciativa editorial que ahora presentamos ha sido posible sobre todo por la contribución generosa de sus autores pero también por la sensibilidad y apoyo de Ediciones Universidad de Salamanca y del soporte científico de la Sociedad Española para el Estudio del Patrimonio Histórico Educativo sephe así como de la Sociedad Española de Historia de la Educación sedhe A sus representantes nuestro reconocimiento y gratitud Y de forma más concreta nuestro aprecio y valoración al apoyo y dedicación técnica de Jos Luis Hernández Huerta en tareas de cuidado de la edición del libro así como a Carmen González Martín en la elaboración de la cubierta ambos miembros activos del grupo de investigación Hemera Paideia Jos María Hernández Díaz Editor de la obra Universidad de Salamanca España Salamanca septiembre de 2013
