Perennial Wisdom:

Perennial Wisdom for the Spiritually Independent, 2013-09-01 The spiritual teachings of many faith traditions can help you step beyond the limits of any one tradition to the reality that can't be named. The fastest growing spiritual movement in the United States today is that of the religiously unaffiliated. These spiritual seekers make up 20 percent of the adult American population; they are the spiritual equivalent of political independents. Refusing to limit themselves to one religion or another, these seekers without borders are open to wisdom wherever it can be found. This is a bible for this vast and growing social movement. It weaves sacred texts and teachings from the world's major religions: Christianity, Judaism, Islam, Hinduism, Buddhism, and more into a coherent exploration of the five core questions at the heart of every religion's search: Who am I? Where did I come from? Where am I going? How shall I live? Why? It couples these sacred teachings with modern commentary designed to help readers use these texts in their daily lives. It also provides the basics of spiritual mentor Eknath Easwaran's Passage Meditation to help you internalize the texts that articulate your deepest insights and values. **The Perennial**

Philosophy Aldous Huxley, 2009-07-28 An inspired gathering of religious writings that reveals the divine reality common to all faiths collected by Aldous Huxley. The Perennial Philosophy Aldous Huxley writes may be found among the traditional lore of peoples in every region of the world and in its fully developed forms it has a place in every one of the higher religions. With great wit and stunning intellect drawing on a diverse array of faiths including Zen Buddhism, Hinduism, Taoism, Christian mysticism, and Islam, Huxley examines the spiritual beliefs of various religious traditions and explains how they are united by a common human yearning to experience the divine. The Perennial Philosophy includes selections from Meister Eckhart, Rumi, and Lao Tzu, as well as the Bhagavad Gita, Tibetan Book of the Dead, Diamond Sutra, and Upanishads among many others.

Echoes of Perennial Wisdom Frithjof Schuon, 1992 A collection of short, jewel-like excerpts from Schuon's major works that evokes the essence of spiritual truths. **Psychology and the Perennial Philosophy** Samuel Bendeck

Sotillos, 2013-02-26 Modern psychology is at an impasse as it searches anxiously for new therapies to address the increasing occurrence of mental illness in contemporary society. In this groundbreaking anthology, leading authors from the perennialist school, including Huston Smith, Seyyed Hossein Nasr, and Frithjof Schuon, draw on the age-old insights of the world's wisdom traditions to argue that modern psychology, behaviorism, psychoanalysis, humanistic, and transpersonal psychology overlooks the specifically spiritual factors contributing to mental health and illness. Frithjof Schuon and the Perennial Philosophy

Harry Oldmeadow, 2010-04-16 This is the first comprehensive study of the intellectual and spiritual message of world-renowned philosopher Frithjof Schuon (1907-1998), the foremost spokesman of the Perennialist or Traditionalist school of comparative religious thought. Intended primarily as an introductory guide to Schuon's writings, Harry Oldmeadow's book focuses on Schuon's exposition of metaphysics and the transcendent unity of religions, his presentation of the religious traditions of East and West, including the spiritual heritage of the American Indians, his criticism of the modern world, and his

views on sacred art and beauty Also included is an overview of Schuon's paintings and poetry as well as his insights on prayer and virtue in the spiritual life This ground breaking work provides the general reader with a coherent and systematic account of the Perennial Philosophy and covers all aspects of Schuon's work Publisher's website **The Timeless**

Patrick Laude,2005-02-02 Singing the Way explores the relationship between poetry and true contemplation Author Patrick Laude seeks first to disperse romantic notions of how the poetic process works but goes on to suggest that it is inherently more profound than modern practitioners imagine Laude tells us that in itself true poetry is transformative since it brings the soul and all its faculties under the catalytic spell of the sacred through the mediation of rhythm and the lure of imaginal and verbal beauty Singing the Way illustrates its points through examples drawn from five rich spiritual and poetic traditions viz Hinduism Sufism China Japan and the European Neo Platonic and Romantic current **Searching for the Sacred** Cameron
