Perestroika The Revenge Of Marxism Over Leninism:

New Perceptions of the Vietnam War Nathalie Huynh Chau Nguyen, 2014-12-12 The effects of the War outside present day Vietnam are ongoing Substantial Vietnamese communities in countries that participated in the conflict are contributing to renewed interpretations of it This collection of new essays explores changes in perceptions of the war and the Vietnamese diaspora examining history politics biography and literature with Vietnamese American Australian and French scholars providing new insights Twelve essays cover South Vietnamese leadership and policies women and civilians veterans overseas smaller allies in the war Australia accounts by U S Australian and South Vietnamese servicemen as well as those of Indigenous soldiers from the U S and Australia memorials and commemorations and the legacy of war on individual lives and government policy

Soviet Marxism-Leninism Alfred B. Evans, 1993-10-30 This study examines the development of Marxist Leninist ideology in the U S S R from its origins to the collapse of the Soviet regime Alfred Evans argues that Soviet Marxism Leninism was subject to significant adaptation under various leaders contrary to the widespread impression that official Soviet ideology remained static after Stalin While taking account of scholarly literature on each of the periods covered the work is significant for being based principally on an analysis of primary Soviet sources Evans integrated analysis of changes in ideology during the post Stalin decades is an important contribution to the literature in political science political economy and Soviet studies

Perestroika and the Party Francesco Di Palma, 2019-08-01 Countless studies have assessed the dramatic reforms of Mikhail Gorbachev but their analysis of the impact on European communism has focused overwhelmingly on the Soviet Union and Eastern bloc nations This ambitious collection takes a much broader view reconstructing and evaluating the historical trajectories of glasnost and perestroika on both sides of the Iron Curtain Moving beyond domestic politics and foreign relations narrowly defined the research gathered here constitutes a transnational survey of these reforms collective impact showing how they were variably received and implemented and how they shaped the prospects for proletarian internationalism in diverse political contexts

The Revenge of the Past Ronald Suny, 1993-12-01 This timely work shows how and why the dramatic collapse of the Soviet Union was caused in large part by nationalism Unified in their hostility to the Kremlin s authority the fifteen constituent Union Republics including the Russian Republic declared their sovereignty and began to build state institutions of their own The book has a dual purpose The first is to explore the formation of nations within the Soviet Union the policies of the Soviet Union toward non Russian peoples and the ultimate contradictions between those policies and the development of nations The second more general purpose is to show how nations have grown in the twentieth century The principle of nationality that buried the Soviet Union and destroyed its empire in Eastern Europe continues to shape and reshape the configuration of states and political movements among the new independent countries of the vast East European Eurasian region

Mainstream, 1990

Perestroika Svetozar Stojanović, 1988 The latter half of 1980s has witnessed a warming trend in East West relations the success of which

can be attributed to Soviet Premier Mikhail Gorbachev's efforts at international glasnost along with a domestic reform movement Perestroika This book analyzes the legacy left by Karl Marx to those who would establish nation states in his name

The Stalin Phenomenon Giuseppe Boffa,1992 What was the true nature of Joseph Stalin's regime and how should we assess its place in the political history of our century In this remarkably comprehensive book first published in Italy in 1982 Giuseppe Boffa seeks to answer these deceptively simple questions and in the process provides the first authoritative guide to the hodgepodge of conflicting interpretations advanced to explain the genesis and influence of Stalin's regime **Russia as Civilization** Kåre Johan Mjør,Sanna Turoma,2020-05-18 Analyzing the use of civilization in Russian language political and media discourses intellectual and academic production and artistic practices this book discusses the rise of civilizational rhetoric in Russia and global politics Why does the concept of civilization play such a prevalent role in current Russian geopolitical and creative imaginations The contributors answer this question by exploring the extent to which discourse on civilization penetrates Russian identity formations in imperial and national configurations and at state and civil levels of society Although the chapters offer different interpretations and approaches the book shows that Russian civilizationism is a form of ideological production responding to the challenges of globalization The concept of civilization while increasingly popular as a conceptual tool in identity formation is also widely contested in Russia today This examination of contemporary Russian identities and self understanding will be of particular interest to students and scholars of Russian area studies and Slavic studies intellectual and cultural history nationalism and imperial histories international relations discourse analysis cultural studies media studies religion studies and gender studies *State Capitalism, Contentious Politics and Large-Scale Social Change* Vincent Pollard,2011-03-22 Through a careful analysis of the former Soviet Union and China and South Asian societies of India and the Philippines this volume examines the creation of a state capitalism its roll in economic development and its impact on social change [Soviet Afghanistan](#) Orin Brightfield,AI,2025-03-20 Soviet Afghanistan explores how a seemingly contained conflict transformed into a global crisis reshaping international relations and birthing modern terrorism Delving into the Soviet Afghan War the book examines the political motivations behind the 1979 Soviet invasion the strategies employed and the dynamics within the Afghan resistance It reveals that the war not only reshaped the Cold War rivalry but also fostered international jihadist networks and destabilized South Asia This book presents a comprehensive historical account by leveraging declassified Soviet archives firsthand accounts from Afghan mujahideen fighters U S intelligence reports and scholarly analyses Organized into three parts the book first sets the stage with pre invasion Afghanistan and Soviet interests It then details the war itself from invasion to Soviet withdrawal and concludes by exploring the long term consequences including the rise of the Taliban and extremist ideologies Ultimately the book provides readers with the knowledge to understand the challenges facing the country and the region **Brezhnev Reconsidered** E. Bacon,M. Sandle,2002-10-11 Leonid Brezhnev was leader of the Soviet Union for almost two decades when it was at the

height of its powers This book is a long overdue reappraisal of Brezhnev the man and the system over which he ruled By incorporating much of the new material available in Russian it challenges the received wisdom about the Brezhnev years and provides a fascinating insight into the life and times of one of the twentieth century s most neglected political leaders

Aanwinsten van de Centrale Bibliotheek (Queteletfonds) Bibliothèque centrale (Fonds Quetelet),1996 The Current Digest of the Soviet Press ,1991 **Kinoglasnost** Anna Lawton,1992-11-26 An examination of soviet cinema under Glasnost and Perestroika **Demokratizatsiya** ,1996 Socialism in Russia J. Gooding,2001-12-03 This book asks three fundamental questions about the socialist experiment in twentieth century Russia How did Marxist ideas come to be implemented in Russia a country entirely unsuited to them Why did the experiment lead to such suffering and upheaval and prove so fruitless And why did the attempt to return to a proper Marxism Leninism bring about the rapid collapse of the experiment In its answers this book pays special attention to the shadow cast by Lenin throughout the entire Soviet era

Political Posters in Central and Eastern Europe, 1945-95 James Aulich,Marta Sylvestrová,1999 Publikacja towarzysząca wystawie Sign of the times Manchester Metropolitan University 17 11 1999 31 01 2000 **A Dictionary of 20th-Century Communism** Silvio Pons,Robert Service,2012-03-04 Shelf ListAdd To FavoritesWith more than 400 concise entries this unique reference provides encyclopedic coverage of 20th century communism and its enormous impact on world history from the Russian Revolution through the collapse of the Soviet Union and beyond Drawing on the archives of former communist states this indispensable work reflects the most up to date understanding of communism as an ideological and political force Examines the political intellectual and social influences of communism around the globe Features contributions from an international team of 160 scholars Includes more than 400 entries on major topics such as Figures Lenin Mao Stalin Ho Chi Minh Pol Pot Castro Gorbachev Events Cold War Prague Spring Cultural Revolution Sandinista Revolution Ideas and concepts Marxism Leninism cult of personality labor Organizations and movements KGB Comintern Gulag Khmer Rouge Related topics totalitarianism nationalism antifascism anticommunism McCarthyism Guides readers to further research through bibliographies cross references and an index Quatrième de couverture **The SAGE Handbook of Nations and Nationalism** Gerard Delanty,Krishan Kumar,2006-06-29 The SAGE Handbook of Nations and Nationalism gives readers a critical survey of the latest theories and debates Its three sections guide the reader through the theoretical approaches to this field of study its major themes from modernity to memory migration and genocide and the diversity of nationalisms found around the globe The Logic of International Relations Walter S. Jones,1997 Beginning with the premise that international relations must be approached from a multinational perspective The Logic of International Relations introduces students to the idea that transactions between nations are behavioral rather than structural Building on this perceptual analysis approach the text discusses how the political consciousness of key nations influences international events public opinion and policy choices The text also employs an interdisciplinary approach that shows students how international behavior is a result

of the interplay of economic historical social and psychological factors

Whispering the Techniques of Language: An Emotional Quest through **Perestroika The Revenge Of Marxism Over Leninism**

In a digitally-driven earth wherever monitors reign supreme and instant connection drowns out the subtleties of language, the profound secrets and mental nuances hidden within phrases frequently go unheard. Yet, located within the pages of **Perestroika The Revenge Of Marxism Over Leninism** a interesting fictional value sporting with organic thoughts, lies a fantastic quest waiting to be undertaken.
