Perfect Horoscope:

The Perfect Horoscope John Willner, 2001-01-01 The majority of horoscopes in current use are terribly wrong Why Because spiritual birth times which are essential to producing an accurate horoscope according to Edgar Cayce occur up to four and a half hours before physical birth That difference leaves aspects between planets about the same but shifts all house cusps backward by up to one or two signs Compared with most of today's faulty horoscopes these perfect horoscopes match personas with awesome precision and provide greatly enhanced forecasting capabilities This revolutionary book on astrology shows you how to 1 arrive at spiritual birth times 2 apply two other fundamentals of astrology currently omitted from most horoscopes and 3 verify your now totally functional horoscope Topics covered in this book include Who in recorded history may have been responsible for the mistakes of astrology and its subsequent fall from grace o How to calculate accurate soul chosen horoscopes What steps can be taken to verify a soul chosen horoscope Why progressions not transits mark the stepping stones of life When horoscopes can be used to confirm fundamentals and reject damaging false ideas such as the first breath theory Which concepts will change as we move from the Piscean Age of tolerant opinions to the Aquarian Age of benevolent intelligence

The Horoscope in Manifestation: Psychology and Prediction Liz Greene, 2023-07-03 This is a reprint of the original version from the CPA Press Bridging the apparent gap between psychological and predictive astrology is not easy and many astrologers feel they must polarise and espouse one while rejecting the other The seminars in this innovative volume explore the psychological dynamics which accompany concrete events focusing on the important psychological model of the complex as both a generator of individual behaviour and an archetypal image of individual fate This book offers profound insights into the ways in which inner and outer reality coincide and reflect each other
