Najarian, 2002-09-24 This book explores the sexual implications of reading Keats Keats was lambasted by critics throughout the nineteenth century for his sensuousness and his effeminacy The Victorians simultaneously identified with imitated and distrusted the unmanly poet Writers among them Alfred Lord Tennyson Matthew Arnold Gerard Manley Hopkins John Addington Symonds Walter Pater and Wilfred Owen came to terms with Keats's work by creating out of the effeminate poet a sexual and literary ally

A Dark Night's Work Elizabeth Cleghorn Gaskell, 2016-01-14 CHAPTER I In the county town of a certain shire there lived about forty years ago one Mr Wilkins a conveyancing attorney of considerable standing The certain shire was but a small county and the principal town in it contained only about four thousand inhabitants so in saying that Mr Wilkins was the principal lawyer in Hamley I say very little unless I add that he transacted all the legal business of the gentry for twenty miles round His grandfather had established the connection his father had consolidated and strengthened it and indeed by his wise and upright conduct as well as by his professional skill had obtained for himself the position of confidential friend to many of the surrounding families of distinction He visited among them in a way which no mere lawyer had ever done before dined at their tables he alone not accompanied by his wife he it observed rode to the meet occasionally as if by accident although he was as well mounted as any squire among them and was often persuaded after a little coquetting about professional engagements and being wanted at the office to have a run with his clients nay once or twice he forgot his usual caution was first in at the death and rode home with the brush But in general he knew his place as his place was held to be in that aristocratic county and in those days Nor let be supposed that he was in any way a toadeater He respected himself too much for that He would give the most unpalatable advice if need were would counsel an unsparing reduction of expenditure to an extravagant man would recommend such an abatement of family pride as paved the way for one or two happy marriages in some instances nay what was the most likely piece of conduct of all to give offence forty years ago he would speak up for an unjustly used tenant and that with so much temperate and well timed wisdom and good feeling that he more than once gained his point He had one son Edward This boy was the secret joy and pride of his father's heart For himself he was not in the least ambitious but it did cost him a hard struggle to acknowledge that his own business was too lucrative and brought in too large an income to pass away into the hands of a stranger as it would do if he indulged his ambition for his son by giving him a college education and making him into a barrister This determination on the more prudent side of the argument took place while Edward was at Eton The lad had perhaps the largest allowance of pocket money of any boy at school and he had always looked forward to going to Christ Church along with his fellows the sons of the squires his father's employers It was a severe mortification to him to find that his destiny was changed and that he had to return to Hamley to be articled to his father and to assume the hereditary subservient position to lads whom he had licked in the play ground and

beaten at learning **The Collected Works** Elizabeth Gaskell, 2022-11-13 Elizabeth Gaskell's *The Collected Works* offers a compelling exploration of social issues gender and class in Victorian England manifested through her signature blend of realism and eloquent prose. Comprising notable novels, short stories, and fables, this anthology showcases her deft characterizations and rich narrative style which intricately weave personal and societal dilemmas. Gaskell's work often exemplifies the struggles of the working class and the moral complexities of modern life, positioning her among the pivotal voices of 19th-century literature and reflecting the evolving dynamics of her time. Gaskell, born in 1810 in London and raised in a nonconformist family, was deeply affected by the social inequalities and industrial changes around her. Her close ties to the industrial town of Manchester, coupled with her friendships with prominent literary figures like Charlotte Brontë, profoundly influenced her writing. Gaskell's personal experiences, including the loss of her own children and her observations of working-class life, imbue her works with an empathetic depth, encapsulating the challenges and triumphs faced by ordinary people. For readers seeking an incisive understanding of Victorian society through the lens of a gifted storyteller, *The Collected Works* is a must-read. Gaskell's authentic portrayals invite thoughtful engagement with timeless themes of humanity and resilience, making her stories relevant to contemporary readers who grapple with similar societal issues.

The Reconstruction of White Southern Womanhood, 1865-1895 Jane Turner Censer, 2003-09-30 The important but little-known story of elite southern white women's successful quest for a measure of self-reliance and independence between antebellum strictures and the restored patriarchy of Jim Crow.

A Dark Night's Work Elizabeth Cleghorn Gaskell, 1863 *A Dark Night's Work* is an 1863 novel by Elizabeth Gaskell. It was first published serially in Charles Dickens's magazine *All the Year Round*. The word "dark" was added to the original title by Dickens against Gaskell's wishes. Dickens felt that the altered title would be more striking. The story centers on a country lawyer, Edward Wilkins, and his daughter, Ellinor. Edward has an artistic and literary personality unsuited to his social position as the son of a successful lawyer who takes over his father's practice in the provincial town of Hamley. His legal representation of the local gentry and nobility leads him to try fitting into their social circles only to be mocked and treated with derision. He develops a drinking problem and spends more money than he can afford to in his attempts to be an equal to his clients. His bad habits lead to problems in his business, and Edward is forced to take on a junior partner named Mr. Dunster. At the same time, Ellinor becomes engaged to a young, upcoming country gentleman named Ralph Corbet. Corbet initiates the engagement partly through love of Ellinor and partly because of a promise of money from Edward. Edward continues to drink and overspend, leading to a confrontation with Mr. Dunster. In the heat of the argument, Edward strikes Mr. Dunster, killing him. Ellinor and a family servant named Dixon help Edward to bury the body in their flower garden. Ellinor soon tells Ralph that a possible disgrace hangs over her. Ralph questions Edward about this, and Edward insults him in a drunken tirade. Ralph dissolves his engagement to Ellinor because of this and because he regrets forming an engagement to someone who offers no opportunity of helping him advance in society. He later marries

into the nobility and becomes a judge Edward drinks himself to death and Ellinor moves to a distant town East Chester after the Wilkins s home Ford Bank is rented out in order to provide Ellinor with a living Dixon remains as a servant to watch over the home and property where the body is buried The secret goes unknown for about 15 years until the body is dug up during the construction of a railroad Dixon is arrested for the murder and later convicted by Ralph who acts as the judge in the case Ellinor then tells Ralph the truth and Dixon is pardoned She returns to East Chester and marries a local clergyman Canon Livingstone who she had known in her youth and has two children with him wikipedia org **A Dark Night's Work**
