Baltenspergers prose is precisely where Jung meets Freud the spare direct and deeply affective stories in this volume represent the specific way that the archetypal heritage can surface far more profoundly in the sensual persona than in the curious intellect or the emotive heart These are stories about the human condition and about the commonality of the human experience shared by all Like Conrad Nabokov and Appelfeld Baltensperger writes in a learned language But that only makes his writing the more remarkable this is English language short prose at its most arresting and at its most seductive Martin S Cohen essayist novelist commentator and editor
