**Perfectionist Politics** Douglas M. Strong, 1999-06-01 The story of an important but overlooked antebellum reform movement ecclesiastical abolitionism Perfectionist Politics is the story of an important but overlooked antebellum reform movement ecclesiastical abolitionism Douglas M Strong examines those radical evangelical Protestants who seceded from proslavery denominations and reorganized themselves into independent antislavery congregations Mirroring political abolitionist activity particularly in the burned over district of New York State the ecclesiastical abolitionists formed a network of abolition churches and became the primary focus of Liberty Party electioneering strategy Ecclesiastical abolitionists justified this clear connection between church and state through the ethical experience of evangelical perfectionism A vote for the Liberty Party became a mark of one's holiness Perfectionist concepts also provided ecclesiastical abolitionists with a theological compass that enabled them to steer a middle course between two poles of U S democratic society the need for institutional structure on one hand and the desire for greater individual liberty on the other Strong contends that Liberty Party politics can be understood only as part of a broader perfectionist religious culture and specifically as an antebellum reflection of the popularized theological principle of entire sanctification

The First of Causes to Our Sex Daniel S. Wright, 2006-09-12 The First of Causes to Our Sex is a study of the first movement in the United States for social change by and for women Female moral reform in the 1830s and 40s was a campaign to abolish sexual vice and the sexual double standard and to promote sexual abstinence among the young as they entered the marriage market The movement has earned a place in U S women's history but most research has focused on it as an urban phenomenon and sought its significance in relation to the cause of women's rights or to the regulation of prostitution This study explores the appeal of moral reform to rural women who were the vast majority of its constituency and sees it as a response to seminal changes in family formation and family size in the context of an increasingly market oriented and mobile society It was led by Yankee women who were fired by Second Great Awakening revivals and supported by reformist clergy

*Color Blind Justice* Mark Elliott, 2008-11-30 Civil War officer Reconstruction carpetbagger best selling novelist and relentless champion of equal rights Albion Tourgée battled his entire life for racial justice Now in this engaging biography Mark Elliott offers an insightful portrait of a fearless lawyer jurist and writer who fought for equality long after most Americans had abandoned the ideals of Reconstruction Elliott provides a fascinating account of Tourgée's life from his childhood in the Western Reserve region of Ohio then a hotbed of abolitionism

to his years as a North Carolina judge during Reconstruction to his memorable role as lead plaintiff's counsel in the landmark Supreme Court case *Plessy v. Ferguson*. Tourgée's brief coined the phrase that justice should be color blind and his career was one long campaign to make good on that belief. *Thoughts That Burned* Steve Gowler, 2025-04-15 In *Thoughts That Burned* Steve Gowler showcases the life of William Goodell, one of the most significant leaders of the antebellum antislavery movement. Between 1826 and 1864, Goodell edited more than a dozen reform newspapers and played a leading role in the formation of several organizations, including the American Anti-Slavery Society, the Liberty Party, the American Missionary Association, and the Radical Abolition Party. His 1852 book *Slavery and Anti-Slavery* was the first comprehensive history of the antislavery movement written by an American. Convinced that the logic of slavery needed to be investigated and laid bare, Goodell explored the institution's deep structures. Whereas many abolitionists based their arguments on the inhumane consequences of enslavement, Goodell analyzed the legal and psychological relations constituting the slave system. At the heart of this analysis was his close reading of Southern slave codes and of the United States Constitution. He argued that the Constitution properly understood is incompatible with slavery and should be used as an instrument of emancipation. Among those influenced by his constitutional hermeneutic was Frederick Douglass, who described Goodell as the man to whom the cause of liberty in America is as much indebted as to any other one American citizen. *Thoughts That Burned* is the first comprehensive biography of this extraordinary thinker whose powerful political and theological arguments grounded abolition within the concept of human rights.

reconstruction of the former Confederacy to the petitions of those individuals who had worked the land as slaves to the white supremacists who would bring an end to Reconstruction in the late 1870s this crucial concept informed the ways in which many people both black and white northerner and southerner imagined the transformation of the American South Beyond Redemption explores how the violence of a protracted civil war shaped the meaning of freedom and citizenship in the new South Here Carole Emberton traces the competing meanings that redemption held for Americans as they tried to come to terms with the war and the changing social landscape While some imagined redemption from the brutality of slavery and war others like the infamous Ku Klux Klan sought political and racial redemption for their losses through violence Beyond Redemption merges studies of race and American manhood with an analysis of post Civil War American politics to offer unconventional and challenging insight into the violence of Reconstruction
