The verbs and beyond** Ken Dee Smith, 2023-03-20 Viaggio tra l'inglese e l'italiano The verbs and beyond **The Influence of Pre-Raphaelitism on Fin de Siècle Italy** Giuliana Pieri, 2007 This volume is the first comprehensive study of the influence of English Pre-Raphaelitism on Italian art and culture in the late nineteenth century Analysis of the cultural relations between Italy and Britain has focused traditionally on the special place that Italy had in the British imagination but the cultural and artistic exchanges between the two countries have been much misunderstood This book aims to correct this imbalance by placing Pre-Raphaelitism in its European context It explores the nature of its influence on Italy how it was transmitted and how it was manifested by focusing on the role of Italian Anglophiles the English communities in Florence and Rome the writings of Gabriele D'Annunzio and a number of Italian artists active in Tuscany and Rome The works of Cellini Ricci Gioja De Carolis and Sartorio in particular fully demonstrate the impact of Pre-Raphaelitism on the young Italian school of painting which found in the English movement an ideal link with its glorious past on which it could build a new artistic identity These artists show that English Pre-Raphaelitism was one of the most powerful single influences on fin de siècle Italian culture **Italian Books and Periodicals**, 1970 **Giornale della libreria**, 1972 **Una lingua morta per letterature vive: il dibattito sul latino come lingua letteraria in età moderna e contemporanea** Valerio Sanzotta, 2020-01-31 The debate on Latin as a literary language in modern and contemporary times La straordinaria polifonia di lingue che caratterizza le letterature nazionali di età moderna ormai un dato acquisito nelle più aggiornate ricostruzioni di storia letteraria Meno nota forse la dialettica vivace che innerva questo delicato equilibrio nel quale almeno in Italia si inseriscono a pieno titolo i dialetti I lavori raccolti in questo

volume che trae origine da un convegno organizzato dal Ludwig Boltzmann Institut für Neulateinische Studien si propongono di fare il punto sui dibattiti intellettuali in tutte le loro gradazioni e forme intorno al latino come lingua per la letteratura dalla fine dell'Umanesimo in poi dall'uso del latino in un contesto dove ormai domina il volgare alle traduzioni latine di testi vernacolari fino al ruolo del latino nella scuola Una sezione considerevole del volume dedicata all'uso del latino dalla fine del sec XIX a oggi ovvero quando il latino si trasforma da vettore di comunicazione in lingua poetica come avviene nel caso di Pascoli e di Bandini oppure quando a esso vengono affidate le funzioni di solennità e di prestigio negli usi odierni della Santa Sede

This book presents and analyses twelve different writings from 19th century Italian literature on the topic of translation With the exception of their original publication and some earlier reissues these texts have never been republished in the 20th or 21st centuries and have remained in the shadows for about two centuries Nevertheless they provide a very important testimony to the lively interest in translation and the debate that characterized this specific period of Italian literary culture The few international studies that deal with 19th century theoretical reflection on translation in Italy often focus only on some scattered contributions of a few influential writers e.g. Leopardi and Foscolo In this regard this book could spark new investigations on the subject While it is commonly thought that reflections on translation during the century analysed in this book came almost exclusively from Germany France and England the debate on this topic was alive and well in Italy during that time and produced many interesting original ideas Some of the topics discussed by the authors presented here such as language hospitality foreign translation authorial translation importance of translation in the receiving culture among others are presented in an original way that anticipates twentieth century reflection Above all they demonstrate Italian intellectuals' awareness of the observations on translation originating from other time periods and nations Although studies on the theory of translation in Italy are often hoped for they are still rare and undeveloped and have yet to examine the texts published in this book The academic awareness of the origins of translation studies in other
