

U.S. HANDS OFF PERÚ!

OBSERVATORIO
DERECHOS HUMANOS
DE LOS PUEBLOS

We call on all peoples, governments, and human rights organizations to join the solidarity campaign and demand respect for the self-determination of the peoples of Perú. **Stop the brutal repression against the various sectors of the Peruvian people who mobilized to defend their sovereignty**

Express your solidarity with the Peruvian people, and denounce the coup against the legitimate and elected President of Perú, Pedro Castillo:

Vocabulary of the Dialogues of St. Gregory the Great Ann Julia Kinnirey,1935 Assessing the Long-Term Impact of Truth Commissions Anita Ferrara,2014-09-19 In 1990 after the end of the Pinochet regime the newly elected democratic government of Chile established a Truth and Reconciliation Commission TRC to investigate and report on some of the worst human rights violations committed under the seventeen year military dictatorship The Chilean TRC was one of the first truth commissions established in the world This book examines whether and how the work of the Chilean TRC contributed to the transition to democracy in Chile and to subsequent developments in accountability and transformation in that country The book takes a long term view on the Chilean TRC asking to what extent and how the truth commission contributed to the development of the transitional justice measures that ensued and how the relationship with those subsequent developments was established over time It argues that contrary to the views and expectations of those who considered that the Chilean TRC was of limited success that the Chilean TRC has in fact over the longer term played a key role as an enabler of justice and a means by which ethical and institutional transformation has occurred within Chile With the benefit of this historical perspective the book concludes that the impact of truth commissions in general needs to be carefully reviewed in light of the Chilean experience This book will be of great interest and use to students and scholars of conflict resolution criminal international law and comparative legal systems in Latin America *Aristotle's Ethics in the Italian Renaissance (ca. 1300-1650)* David Lines,2022-07-04 This volume studies the teaching of Aristotle s Nichomachean Ethics the standard textbook for moral philosophy in the universities of Renaissance Italy Special attention is given to how university commentaries on the Ethics reflect developments in educational theory and practice and in humanist Aristotelianism After surveying the fortune of the Ethics in the Latin West to 1650 and the work s place in the universities the discussion turns to Italian interpretations of the Ethics up to 1500 Part Two and then from 1500 to 1650 Part Three The focus is on the universities of Florence Pisa Padua Bologna and Rome including the Collegio Romano Five substantial appendices document the institutional context of moral philosophy and the Latin interpretations of the Ethics during the Italian Renaissance Largely based on archival and unpublished sources this study provides striking evidence for the continuing vitality of
