Performance Poetry and the Silence of the Page Gloria Klein, 2013-05-02 Various essay inspired by the Chicago poetry scene of the 1990s **It's Silence, Soundly** John McGreal, 2016-04-21 It's Silence Soundly It's Nothing Seriously and It's Absence Presently continue The It Series published by Matador since The Book of It 2010 They constitute another stage in an artistic journey exploring the visual and audial dialectic of mark word and image that began over 25 years ago In their aesthetic form the books are a decentred trilogy united together in a new concept of The Bibliograph All three present this new aesthetic object which transcends the narrow limits of the academic bibliography The alphabetical works also share a tripartite structure and identical length The Bibliograph itself is characterised by its strategic place within each book as a whole as well as by the complex variations in meaning of the dominant motifs nothingness absence and silence which recur throughout the alphabetical entries that constitute the elements of each text It's Nothing Seriously for example addresses the amusing paradox that so much continues to be written today about nothing The aleatory character of the entries in the texts encourage the modern reader to reflect on each theme and to read them in a new way The reader is invited as well to examine their various intertextual relations across given conventional boundaries in the arts and sciences at several levels of physical psychical social reproduction *A Companion to Literary Evaluation* Richard Bradford, Madelena Gonzalez, Kevin De Ornellas, 2024-03-25 The first critical survey of its kind devoted solely to literary evaluation Companion to Literary Evaluation bridges the gap between the non academic literary world where evaluation is deeply ingrained and the world of academia where evaluation is rarely considered Encouraging readers to formulate and articulate arguments that balance instinctive judgment and reasoned assessment this unique volume addresses key issues regarding literary values from the perspective of analytical aesthetics and the philosophy of literature Bringing together a diverse panel of contributors the Companion explores competing theories of literary evaluation the reasons for evaluating theater and lyric poetry in performance the question of value in literary theory debates over Modernism's negative impact on literature the possibility of evaluating aesthetic beauty through scientific and formalist methods the nature and status of literary evaluation as a branch of criticism aesthetics in applied and community theater evaluation outside academia the perils of extreme relativism and subjectivism in literary evaluation evaluation in schools and much more Contributors question and reassess the reputations of authors across the canon from Shakespeare and James Shirley to T S Eliot Kathleen Raine Virginia Woolf Joyce and Beckett amongst others The Companion illustrates how seemingly divergent perspectives on the artistic qualities and value of literature can sometimes overlap Covers the standard range of literary genres while including others such as unfinished novels freelance journalism and lyric poetry in performance Offers methodologies that demonstrate why literature can be treated as something different from other forms of language and therefore assessed as art Explores the importance of maintaining clarity and specificity in the evaluation of literary works Companion to Literary Evaluation is a must read for

undergraduates research students lecturers and academics in search of fresh perspectives on standard literary critical issues

Voices and Silence in the Contemporary Novel in English Vanessa Guignery, 2009-10-02 This volume examines the various processes at work in expressing silence and excessive speech in contemporary novels in English covering the whole spectrum from effusiveness to muteness Even if in the postmodern episteme language is deemed inadequate for speaking the unspeakable contemporary authors still rely on voice as a mode of representation and a performative tool and exploit silence not only as a sign of absence block or withdrawal but also as a token of presence and resistance Logorrhoea and reticence are not necessarily antithetical as compulsive verbosity may work as a smokescreen to sidestep the real issues while silences and gaps may reveal more than they hide By submitting their texts to both expansion and retention hypertrophy and aphasia writers persistently test the limits of language and its ability to make sense of individual and collective stories The present volume analyses the complex poetics of silence and speech in fiction from the 1960 s to the present with special focus on Will Self Graham Swift John Fowles Kazuo Ishiguro Jenny Diski Lionel Shriver Mich le Roberts Margaret Atwood Jonathan Safran Foer Salman Rushdie Arundhati Roy Zadie Smith Jamaica Kincaid Ryhaan Shah and J M Coetzee **Poetry: The Basics**
