Politics and Drama Onder Cakirtas, 2019-01-03 By comparing the literary works of two of the greatest playwrights of our time nder Cakirtas reveals the similarities and contrasts between their political views and the political backdrop of their respective nations In Britain George Bernard Shaw the leading British dramatist for the first half of the twentieth century wrote his plays to explicitly reflect his socialist political and economic views and highlight the need for equal rights for women In Turkey decades later Orhan Asena confronted similar issues with plays that challenged the dominant political powers of his time a stance which ultimately led to his political exile from Turkey

Social Justice and the Arts LeeAnne Bell, 2017-07-05 This book explores the relationship between social justice practices and the Arts in Education It argues that social justice practices at their best should awaken our senses and the ability to imagine alternatives that can sustain the collective work necessary to challenge entrenched patterns and practices Chapters display a range of arts based pedagogies for challenging oppressive practices in schools community centers and other public sites The examples provided illustrate both the promise and on going challenge of enacting arts based social justice practices that can transform consciousness and organize action toward justice and social change They show the

Julie Rajan,2009-03-26 *From Word to Canvas* Appropriations of Myth in Women s Aesthetic Production is an innovative collection of essays on female aesthetic production and myth examining the ways in which women artists and writers utilize myth to negotiate their perceptions of feminine identity and feminine representation in an increasingly complex and culturally hybrid world The featured essays and artistic contributions address a variety of contemporary female productions including literature performance and visual art in a markedly global scope Representing a wide range of cultures languages geographic locales and social contexts from Jewish Hindu and Kenyan German through Irish Italian American to Vietnamese folktales this diversified selection underscores the agency of the feminine gaze across a historical and geopolitical span a gaze through which myths from various cultures and different cultural amalgams speak to us with force and with significance The potency of this gaze is linked to the potential of myth simultaneously to encompass and compress history and to offer the result as a backdrop against which the move from word to canvas or from a mythic tale to its aesthetic appropriation is performed in female aesthetic production *Corporealities* Susan Foster,2004-08-02 A ground breaking collection of essays that bring dance into the cultural studies mainstream exploring the many ways we use our bodies as substantial vital constituents of cultural reality *A Modern Mosaic* Townsend Ludington,2000 Examines the impact of the modernist art movement on American popular culture in a collection of critical essays **Backstage Economies** Dunja Njaradi,2015-05-19 *Backstage Economies* Labour and Masculinities in Contemporary European Dance investigates gender politics and labour practices in contemporary European dance By focusing on masculinities and job careers in professional dance this study looks at the cultural historical and material conditions that shape the dancers experience of the everyday as they travel to work struggle to secure funding nurse injuries and negotiate their gender and work identities The emphasis on the dancers everyday experience is designed to critically explore and to challenge the established methodological boundaries of dance studies the focus shifts away from the scholarly attentions that are more regularly paid to the phenomenology and perception of performance towards the material conditions of dance production In general this book revisits the debates in dance education related to gender politics and the well being of dancers and it also traces and discusses some significant shortcomings of the current European dance policies and employment practices *The Oxford Handbook of Dance and Politics* Rebekah J.
