## **Performing Action Artistry In Human Behavior And Social Research:**

*Performing Action* Joseph R. Gusfield, 2017-09-08 In recent years the social sciences and the humanities have drawn closer to each other in thought and method This rapprochement has led to new perceptions of human behavior by sociologists as well as new methodological orientations Sociologist Joseph R Gusfield draws upon drama and fiction to show how human action is shaped by the formal dimensions of performance Gusfield first defines the concept of behavior as artistic performance He then analyzes routine and classic social research reports as literary performances in qualitative and quantitative terms Next he moves to social movements and public actions demonstrating how objects and events are products of the interpretation and reflection of individuals He draws upon literary and artistic conventions to deal with issues of representation and meaning In the first and last chapters Gusfield provides a conceptual summary examining the relation between sociology as science and art arguing that sociological methods are neither science nor art but partake of both Following the philosopher Paul Ricoeur Gusfield shows how human behavior can be read as a text always telling the participant or observer something about something Performing Action will be of interest to sociologists psychologists and students of aesthetics and critical theory

**Sandinista Narratives** Jean-Pierre Reed, 2020-10-21 Sandinista Narratives is an analysis of the role of agency in the Nicaraguan Revolution and its aftermath Jean Pierre Reed argues that the insurrection in Nicaragua was shaped by political contingency action specific subjectivity and popular culture He also examines how Sandinista ideology contributed to state building in Nicaragua while tracing the role of post revolutionary Sandinismo as a political identity

*Making Sense of Reality* Tia DeNora, 2014-09-22 What is reality and how do we make sense of it in everyday life Why do some realities seem more real than others and what of seemingly contradictory and multiple realities This book considers reality as we represent perceive and experience it It suggests that the realities we take as real are the result of real time situated practices that draw on and draw together many things technologies and objects people gestures meanings and media Examining these practices illuminates reality or rather our sense of it as always virtually real that is simplified and artfully produced This examination also shows us how the sense of reality that we make is nonetheless real in its consequences Making Sense of Reality offers students and educators a guide to analysing social life It develops a performance based perspective doing things with that highlights the ever revised dimension of realities and links this perspective to a focus on object relations and an ecological model of culture in action

**Boxing, the Gym, and Men** Jérôme Beauchez, 2017-09-19 This book explores the lived experiences of boxers in a French banlieue largely populated by people from working class and immigrant backgrounds Jérôme Beauchez who joined in the men's daily workouts for many years analyzes the act of boxing as a high stakes confrontation

that extends well beyond the walls of the gym Exploring the physical and existential realities of combat the author provides a multifaceted thick description of this world and shows that the violence faced by the gym s members is not so much to be found in the ring as in the adversity of everyday racism and social exclusion Boxing can therefore be understood as an act of resistance that is about more than simply fighting an opponent and that reflects all the existential struggles facing these men who are both stigmatized and socially dominated by race and class Holding down the Fort Aaron Bielejewski,2022-11-26 This Open Access book questions the relationship between institutionalized images and understandings of policing the monolithic ideas common to most if not all Western law enforcement agencies and contextual situative and local interactions where the human representatives of policing street level officers come into contact with residents The political and theoretical association of specific forms of Western policing with democratic society can be illustrated in the case of German integration narratives of reform and essentially forging new democratic police agencies in the new German states stand at odds with much of the experience and statements of officers who continued to serve following Re Unification Officers who present their works primarily in terms of their local responsibilities expectations and more specifically to their unique and individual relationship and connection to their communities downplay the relevance of high level policing policy Based on a two year ethnographic study of policing in a rural county in the German state of Brandenburg this book explores the local nature of policing both in terms of how police officers imagine their communities to be and with reference to broader societal expectations and assumptions of what police essentially are can effectively do and should effectively do **Comedy and Social Science** Cate Watson,2015-06-12 While there have been many sociological and psychological studies of humor few can claim to be funny Humor may be regarded as a legitimate topic for social scientists but in general they present their research rather seriously In academia humor tends to be trivialized and dismissed This is more than just a missed opportunity for otherwise fun loving academics In literature it is readily accepted that comedy is integral to the human condition To ignore humor is to reject a potentially insightful methodological approach as the humorous worldview presents unique opportunities for investigating the social This book constitutes a unique resource presenting chapters on irony satire and parody as tools for analysis and means of representation as well as considering humor in the conduct of research and offering guidance on getting published Through presenting examples from across the social sciences the book seeks to persuade and inspire rather than to prescribe an approach a closure which would ironically be inimical to the multiplicity and ambiguity which characterizes humorous research and lends it its distinctive edge **Ten Questions** Joel M. Klassiker liefern eine unpraktische alltagsnahe und hinterlistige Soziologie. Er holt seine Leser an ihrer Alltagserfahrung ab, verfremdet diese langsam und führt sie so zu Grundeinsichten der Disziplin. Er zeigt an leicht nachvollziehbaren Szenen der face-to-face Interaktion, wie bemerkenswert das scheinbar Unbemerkenswerte ist. Es geht Goffman um Erkenntnis der Tüchspiele, Rituale, Darstellungen, wie auch immer man es nennen mag, in denen wir uns in Interaktionen aufeinander beziehen und eine gemeinsame Realität sichern. Das geschieht immer im Wissen, dass diese Realität delikat und zerbrechlich ist und es an uns und unserer Handlung in Situationen liegt, sie zu sichern. Gesichter zu schützen und Stabilität zu leisten. Goffman legt das Skalpell an diese kleinen unscheinbaren Interaktionen an und deckt so auf, welche Leistung und welcher Aufwand hinter dem steckt, was wir für selbstverständlich halten, was für ein kleines Wunder Alltagsinteraktion sein kann. **Das**

**Interpretative Paradigma** Reiner Keller, 2012-11-08. Das Buch führt in die Grundlagen soziologischer Theorie und Forschungsperspektiven des Interpretativen Paradigmas ein. Mit diesem Begriff sind Ansätze bezeichnet, in denen die Fähigkeiten und Notwendigkeiten des Menschen, sich Welt deutend und handelnd zu erschließen, zum Ausgangspunkt der Analyse meist in Gestalt qualitativer Sozialforschung gemacht werden. Soziologie wird hier schon lange vor den Cultural Studies als Kulturwissenschaft begriffen und betrieben. Menschliches Handeln und soziale Interaktionen finden immer im Kontext von Definitionen der Situation statt, an denen die Beteiligten ihr Tun oder Lassen ausrichten. Sie orientieren sich dabei an entsprechenden Routinen und zeigen mitunter erstaunliche Kreativität im Umgang mit Situationen. Neben der Erläuterung der verschiedenen Richtungen des Interpretativen Paradigmas werden zwei weitere Anliegen verfolgt. Zum einen wird gezeigt, dass sich diese Theorieperspektiven nicht nur zur Bearbeitung mikrosoziologischer Fragestellungen eignen, sondern auch für weiter ausholende Forschungsinteressen. Zum anderen wird ihre Aktualität und Lebendigkeit in der gegenwärtigen soziologischen Forschung durch Hinweise auf exemplarische Studien verdeutlicht. **Anthropological Notebooks**, 2006

**O paradigma interpretativo** Reiner Keller, 2023-05-30. Esta obra apresenta as bases da teoria sociológica e as perspectivas de pesquisa do paradigma interpretativo de uma forma original e integradora. O texto trata de abordagens nas quais as habilidades e necessidades do ser humano para entender o mundo através da interpretação e da ação formam o ponto de partida para a análise. A sociologia praticada aqui muito antes dos estudos culturais como uma ciência da cultura. A ação humana e as interações sociais ocorrem com referência à definições da situação, segundo as quais os participantes orientam suas ações. O livro mostra como essas perspectivas são ricas e adequadas não apenas para lidar com questões pequenas, mas também para interesses de pesquisa mais abrangentes e relacionados à sociedade. A atualidade e a diversidade de perspectivas na sociologia contemporânea são ilustradas por meio de estudos de referência na área. **Redeeming America** Shoon Lio, 2008
