Guide Kyle Husfloen, Penny Dolnick, 2009-01-26 A precious commodity since ancient times the powerful presence of perfume lies not in the fragrance alone as you'll discover after spending just a few minutes with the beautiful new reference to the regal world of antique and vintage perfume bottles Each of the bottles in this book which includes commercial successes such as Avon and Coty and high end spectacles including Chanel No 5 and Lalique is represented in a stunning color photo accompanied by recent auction and realized pricing plus production information to assist the accurate identification of these containers **Commercial Fragrance Bottles** Joanne Dubbs Ball, Dorothy Hehl Torem, 1993 Over 1000 examples of

commercial fragrance bottles in beautiful full color photos With examples spanning every decade of the 20th century collectors will find a representative assortment of the most beautiful creations to satisfy the most avid aficionado [The Marriage between Perfume and the Lyric Stage](#) Mary May Robertson, 2023-09-22 But what is this scent of balmy air What this ray of light in my tomb I seem to see an angel amid a scent of roses sings Florestan in Fidelio Beethoven's only opera The role of scents smells fragrances and odours in opera has long been neglected just as how much opera and its stars have influenced the world of perfumery from the nineteenth century to the present day In the first book length study on the topic Professor Mary May Robertson explores the relationship between opera perfumes and their respective protagonists in order to map out the previously undiscussed connection between the two Through compelling close readings of librettos and rigorous research through thousands of bottles of perfume the reader will come to appreciate and recognise the influences and exchanges between operas and perfumes and their ultimate marriage in the previously unrecognised genre of Operatic Perfumes which is to say perfumes named after operas composers and their divas *Antique Trader Bottles Identification and Price Guide* Michael Polak, 2008-12-15 This new edition of The Bottle bible is loaded with listings current market values and trademark data for 50 years of bottles produced during the 19th and 20th centuries With this book in hand the tools to positively identify and accurately assess bottles in your collection are at your fingertips Review tips for spotting reproductions determining rarity and identifying factors that affect values and for 50 plus categories of bottles with 20 new areas including bottles from Avon Ballantine Jim Beam Lionstone Miniatures and Violin and Banjo among others **The Perfume Handbook** N. Groom, 2012-12-06 In 1948 I was posted as a Political Officer to a remote part of south west Arabia on the edge of the great desert called the Empty Quarter In valleys made fertile by seasonal flood waters lay the remains of an ancient civilization I found inscriptions and the ruin sites of towns palaces and temples Almost buried under the sand

dunes were the tumbled walls of a great city From here two thousand years before huge camel caravans had trudged their way along 1600 miles of burning sand and rocks to Petra and Gaza burdened with a most precious cargo frankincense myrrh and other perfume materials for the courts temples and perfume shops of Rome My book Frankincense and Myrrh delved into the details of this romantic trade and led to a broader interest in the perfumes of ancient times Then researching on behalf of a perfume house into the Arab contribution to perfumery I came across the collection of perfume recipes assembled by the Arab philosopher scientist Yaqub al Kindi which have never been translated into English some which I have translated myself are now included in an appendix to this book I realized that in that work I had found key evidence to demonstrate how the medieval Arab perfume makers had been the bridge in perfume history between ancient and modern times Perfumery could now be seen as an art with a continuous history of development since the dawn of civilization

Essence and Alchemy Mandy Aftel,2011-04-01 An artisan perfumer reveals a lost art and its mysterious sensual history For centuries people have taken what seems to be an instinctive pleasure in rubbing scents into their skin Perfume has helped them to pray to heal and to make love And as long as there has been perfume there have been perfumers or rather the priests shamans and apothecaries who were their predecessors Yet in many ways perfumery is a lost art its creative and sensual possibilities eclipsed by the synthetic ingredients of which contemporary perfumes are composed which have none of the subtlety and complexity of essences derived from natural substances nor their lush histories Essence and Alchemy resurrects the social and metaphysical legacy that is entwined with the evolution of perfumery from the dramas of the spice trade to the quests of the alchemists to whom today s perfumers owe a philosophical as well as a practical debt Mandy Aftel tracks scent through the boudoir and the bath and into the sanctums of worship offering insights on the relationship of scent to sex solitude and the soul Along the way she imparts instruction in the art of perfume compositions complete with recipes guiding the reader in a process of transformation of materials that continues to follow the alchemical dictum solve et coagula dissolve and combine and is itself aesthetically and spiritually transforming
