

Periclean Athens c. 400 B.C.

- The first famous democracy
- All adult male citizens could vote in the assembly if they showed up
 - Which meant those who lived outside of the city were at a disadvantage
 - And much of the population consisted of non-citizens
- All positions other than generals were filled by lot

Periclean Athens Was It A Democracy:

Pericles Of Athens And The Birth Of Democracy Donald Kagan,1991 A biography of Greek statesman Pericles focusing on the creation of Greek democracy in his time Pericles Hamish Aird,2003-12-15 Describes the life and accomplishments of the Athenian leader who held power during the high point of Athenian civilization and places him in the context of his times *Periclean Athens* ,1977 Periclean Athens PJ Rhodes,2018-02-08 In the second and third quarters of the fifth century BC when Athens became both politically and culturally dominant in the Greek world Pericles was the leading figure in the city s public life At this time Athens developed an empire of a kind which no Greek city had had before and its politics were reshaped by the new institution of democracy These changes inspired religious developments while the sophists revolutionised philosophy analysed human affairs in human terms and Athenian tragedy became the principal Greek poetic form This volume s illustrations further show the numerous artistic and sculptural developments in Pericles time as the building programmes attracted architects builders and sculptors to Athens and Athenian red figure pottery reached new heights of skill in the scenes painted on it This concise and accessible introduction guides students through the key aspects of this most studied period of ancient Greek history focusing on the major developments political and cultural that took place in Pericles time Periclean Athens Robert Krieger,1975 **Athens in the Age of Pericles** Charles Alexander Robinson,1959 The challenge of Periclean Athens to the students of civilizations is unmistakable the city and its empire reached a level of culture and well being scarcely paralleled in the history of man elsewhere And like the characters in a Greek tragedy the city and its leaders and citizens were busy in their time of glory making provision for their own tragic decline I have tried to suggest in general terms says the author the meaning of Periclean Athens addressing my interpretation to laymen With the increasing mass of specialized research on ancient Athens it is imperative to catch a general notion of the significance of the whole The result is a picture of a complex society as any great civilization is bound to be with its magnificent achievements and its faults This first volume in The Centers of Civilization Series does indeed give a clear picture of Athenian civilization its literature philosophy and political and judicial writing its painting sculpture architecture music and drama and even the arts of war Above all the book suggests to modern readers the supreme importance of decision in all of man s affairs and the frightful consequences of wrong decision once it is made What's Wrong with Democracy? Loren J. Samons,2007-04-23 This is unlike any recent work I know of It offers a challenging often refreshing and what will certainly be a controversial assessment of classical Athenian democracy and its significance to modern America Samons is willing to tread where few other classicists are willing to go in print He reminds readers that the Athenian democracy offers just as many negative lessons as positive ones and topics like the popular vote the dangers of state payments to individual citizens the naturally acquisitive foreign policy of democratic governments and the place of religion in democracy all come up for discussion and criticism Samons has written an original and very provocative book

James Sickinger author of Public Records and Archives in Classical Athens Professor Samons lively and challenging account of ancient Athens raises important questions about democracy ancient and modern It will surely arouse keen interest and debate Donald Kagan author of The Peloponnesian War In this elegantly written carefully researched and perceptive book Samons presents a penetrating analysis of ancient Athenian democracy s dark sides His book is as much about the errors and weaknesses of our own political system as it is about those of ancient Athens Whether or not we agree with his critique and conclusions this book is not merely thought provoking it is annoyingly discomforting forcing us to re examine firm beliefs and to discard easy solutions Kurt A Raaflaub author of Discovery of Freedom in Ancient Greece In this marvelously unfashionable book Samons debunks much of what passes in the current day academy as scholarship on classical Athens demonstrating that it is an ideologically driven apology for a radically defective form of government In the process he casts light on the perspicacity of America s founding fathers and on the unthinking populism that threatens in our own day to ruin their legacy Paul A Rahe author of Republics Ancient and Modern Classical Republicanism and the American Revolution We are in the greatest age of democracy since antiquity and in the most need of guidance about the wisdom of government by majority vote Precisely for that reason Professor Samons offers a bold and unbridled look at the nature and history of democracies ancient and modern He reminds us that we are capable of doing as much evil as good when constitutional protections and republican oversight are not there to moderate the instant desires of the majority This is an engaging provocative and timely study of ancient Athens and modern America that should serve as a cautionary reminder to both romantic scholars and zealous diplomats Victor Davis Hanson author of The Other Greeks

Pericles of Athens Vincent Azoulay, 2014-07-21 The definitive biography of the legendary first citizen of Athens Pericles has the rare distinction of giving his name to an entire period of history embodying what has often been taken as the golden age of the ancient Greek world Periclean Athens witnessed tumultuous political and military events and achievements of the highest order in philosophy drama poetry oratory and architecture Pericles of Athens is the first book in decades to reassess the life and legacy of one of the greatest generals orators and statesmen of the classical world In this compelling critical biography Vincent Azoulay takes a fresh look at both the classical and modern reception of Pericles recognizing his achievements as well as his failings From Thucydides and Plutarch to Voltaire and Hegel ancient and modern authors have questioned Pericles s relationship with democracy and Athenian society This is the enigma that Azoulay investigates in this groundbreaking book Pericles of Athens offers a balanced look at the complex life and afterlife of the legendary first citizen of Athens

Athenian Democracy: A Sourcebook Luca Asmonti, 2014-12-18 This volume presents a wide range of literary and epigraphic sources on the history of the world s first democracy offering a comprehensive survey of the key themes and principles of Athenian democratic culture Beginning with the mythical origins of Athenian democracy under Theseus and describing the historical development of Athens democratic institutions through Solon s reforms to the birth of democracy under Cleisthenes the book addresses

the wider cultural and social repercussions of the democratic system concluding with a survey of Athenian democracy in the Hellenistic and Roman age All sources are presented in translation with full annotation and commentary and each chapter opens with an introduction to provide background and direction for readers Sources include material by Aristotle Homer Aristophanes Herodotus Thucydides Cicero Tacitus and many others The volume also includes an A Z of key terms an annotated bibliography with suggestions for further reading in the primary sources as well as modern critical works on Athenian democracy and a full index

Athens from Cleisthenes to Pericles Charles W. Fornara, Loren J. Samons, 1991-01 By the mid fifth century B C Athens had become the most powerful city state in Greece a rich democracy led by Pericles that boldly gained control of an empire Athens s strength under Pericles was the result of a complex interaction of events from the time of Cleisthenes Fornara and Samons unravel the intricacies of the conflicting ancient sources to show how the development of both democracy and empire were interdependent in Athens s multifaceted evolution The authors trace and contrast four stands of development the history of the Alcmeonid family of Cleisthenes and Pericles the nature and development of Athenian democracy the growth of Athenian empire and the burgeoning antagonism between Athens and Sparta The fresh perspective thus afforded by this clear presentation will intrigue those with interests in both ancient economics and politics The figure of Pericles is central to all four avenues of inquiry His decision to create the enmisthos polis marked a fateful turn Henceforth the democracy and the empire presupposed each other Ultimately Pericles s policies fueled Sparta s growing insecurity resulting in her declaration of war on Athens in 431 B C and Athens s eventual fall By the mid fifth century B C Athens had become the most powerful city state in Greece a rich democracy led by Pericles that boldly gained control of an empire Athens s strength under Pericles was the result of a complex interaction of events from the time of Cleisthenes Fornara and Samons unravel the intricacies of the conflicting ancient sources to show how the development of both democracy and empire were interdependent in Athens s multifaceted evolution The authors trace and contrast four stands of development the history of the Alcmeonid family of Cleisthenes and Pericles the nature and development of Athenian democracy the growth of Athenian empire and the burgeoning antagonism between Athens and Sparta The fresh perspective thus afforded by this clear presentation will intrigue those with interests in both ancient economics and politics The figure of Pericles is central to all four avenues of inquiry His decision to create the enmisthos polis marked a fateful turn Henceforth the democracy and the empire presupposed each other Ultimately Pericles s policies fueled Sparta s growing insecurity resulting in her declaration of war on Athens in 431 B C and Athens s eventual fall

Democracy and Salamis Emmanouil M.L. Economou, Nicholas C. Kyriazis, Athanasios Platias, 2022-08-04 In this book well renowned international scholars discuss topics related to various aspects of the history of the Battle of Salamis inspired by the democratic origins of the Greek naval victory at Salamis They present deductions from the battle that can be useful for today and seek answers for a more prosperous and brighter future for our societies Their analyses are divided into five parts in the book 1 The

democratic implications of the Battle of Salamis 2 The strategies that lead to monumental naval victories 3 The institutional implications of the Battle of Salamis 4 Various societal aspects of the Athenian democracy 5 The interconnections between two glorious battles Thermopylae and Salamis This book is the first out of two edited volumes as a sequel of an international academic conference titled Salamis and Democracy 2500 Years After that took place between October 3rd and October 5th 2020 on the occasion of the 2500th anniversary of the great historical event of the Battle of Salamis which saved Greek culture and the newly founded democratic regimes throughout the Hellenic world during the Classical period 508 323 BCE The book is a must read for scholars and students of history political science economics and law as well as policy makers interested in a better understanding of classical ancient and political history democracy strategy governance and social choice

Cultural Poetics in Archaic Greece Carol Dougherty, Leslie Kurke, 1998-07-23 This volume brings together essays by archaeologists historians and literary scholars in a comprehensive examination of the Greek archaic age A time of dramatic and revolutionary change when many of the institutions and thought patterns that would shape Greek culture evolved this period has become the object of renewed scholarly interest in recent years Yet it has resisted reconstruction largely because its documentation is less complete than that of the classical period In order to read the text of archaic Greece the contributors here apply new methods including anthropology literary theory and cultural history to central issues among them the interpretation of ritual the origins of hero cult and its relation to politics the evolving ideologies of colonization and athletic victory the representation of statesmen and sages and the serendipitous development of democracy With their interdisciplinary approaches the various essays demonstrate the interdependence of politics religion and economics in this period the importance of public performance for

negotiating social interaction and the creative use of the past to structure a changing present Cultural Poetics in Ancient Greece offers a vigorous and coherent response to the scholarly challenges of the archaic period **Imagining**

Deliberative Democracy in the Early American Republic Sandra M. Gustafson, 2011-06-01 Deliberation in recent years has emerged as a form of civic engagement worth reclaiming In this persuasive book Sandra M Gustafson combines historical literary analysis and political theory in order to demonstrate that current democratic practices of deliberation are rooted in the civic rhetoric that flourished in the early American republic Though the U S Constitution made deliberation central to republican self governance the ethical emphasis on group deliberation often conflicted with the rhetorical focus on persuasive speech From Alexis de Tocqueville's ideas about the deliberative basis of American democracy through the works of Walt Whitman John Dewey John F Kennedy and Martin Luther King Jr Gustafson shows how writers and speakers have made the aesthetic and political possibilities of deliberation central to their autobiographies manifestos novels and orations Examining seven key writers from the early American republic including James Fenimore Cooper David Crockett and Daniel Webster whose works of deliberative imagination explored the intersections of style and democratic substance Gustafson offers a mode of historical and textual analysis that displays the wide range of resources imaginative language can contribute to political life

Government Leaders, Military Rulers and Political Activists David W. Del Testa, 2014-01-27 In each volume an introductory essay outlines the history of the disciplines under discussion and describes how changes and innovations in these disciplines have affected our lives The biographies that follow are organized in an A Z format each biography is divided into a life section describing the individual's life and influences and a legacy section summarizing the impact of that individual's work throughout history These biographies cover a diverse group of men and women from around the globe and throughout history Franklin Delano Roosevelt Mao Tse tung and Genghis Khan are among the 200 well known historical figures included in this volume Examples of other lesser known yet important individuals covered in this work are Gustavas Adolphus Swedish empire creator Hatshepsut queen of ancient Egyptian dynasty and Jean Jaur's French socialist leader and pacifist Each synopsis provides information on each individual's enduring impact on the common understanding of fundamental themes of human existence *Thucydides and the Modern World* Katherine Harloe, Neville Morley, 2012-07-05

The ancient Greek historian Thucydides has had an enormous impact on modern historiography political theory international relations and strategic studies but this influence has never been properly studied This book brings together leading scholars from a range of disciplines to explore the different facets of Thucydides modern reception and influence from the birth of political theory in Renaissance Europe to the rise of scientific history in nineteenth century Germany and the triumph of realism in twentieth century international relations theory Its chapters consider the different national and disciplinary traditions of reading and citing Thucydides but also highlight common themes and questions in particular the variety of images of the historian produced by his modern readers the scientific historian or the artful rhetorician the brilliant analyst

of society and politics or the great narrator of political and military events the man of experience and affairs or the man of contemplation and reflection **Délibérations Et Mémoires de la Société Royale Du Canada** Royal Society of Canada,1917 Proceedings of the Royal Society of Canada Royal Society of Canada,1916 *Proceedings and Transactions* Royal Society of Canada,1917 **A Companion to Greek Democracy and the Roman Republic** Dean Hammer,2014-08-25 A Companion to Greek Democracy and the Roman Republic offers a comparative approach to examining ancient Greek and Roman participatory communities Explores various aspects of participatory communities through pairs of chapters one Greek one Roman to highlight comparisons between cultures Examines the types of relationships that sustained participatory communities the challenges they faced and how they responded Sheds new light on participatory contexts using diverse methodological approaches Brings an international array of scholars into dialogue with each other
