Perifrasis Verbales

Angeles Carrasco Gutiérrez

Perífrasis Verbales:

Clases de verbos. Los verbos auxiliares y las perífrasis verbales María Luisa Montero Curiel, 2006-01-10 **Las perífrasis verbales en español** Luis García Fernández, 2012-07-23 El estudio de las perífrasis verbales cuenta con una larga tradición pero no por ello resulta más simple para el filólogo ni más sencillo para el estudiante de español. Porque aunque es en realidad una perífrasis verbal. Además sobre algunos usos y funciones de las perífrasis se pueden formular generalizaciones pero en otras ocasiones son usos y hechos sueltos que sencillamente debemos aprender como tales. Este manual ofrece una guía definitoria y clave de todos los puntos que pueden ser problemáticos en un tema tan complicado como las perífrasis verbales en español. *Las perífrasis verbales del español* Patricia Fernández Martín, 2019 **Introducción a la explicación lingüística de textos** José Luis Girón Alconchel, 1993 *Große Lerngrammatik Spanisch* Claudia Moriena, Karen Genschow, 2004 *El sistema verbal románico* Eugenio Coseriu, 1996 El autor comienza este libro con una crítica a las influencias de la lingüística tradicional en cuanto a la definición de aspecto y tiempo y a la inconveniencia de universalizar el estudio del sistema verbal partiendo de lenguas más simples que las románicas. El examen de este sistema abarca cinco de las lenguas románicas literarias más importantes hoy día: español, francés, italiano, portugués y rumano, y se organiza en cinco niveles: sincrónico, analítico, funcional, estructural y comparativo. **Enciclopedia de Lingüística Hispánica** Javier Gutiérrez-Rexach, 2016-01-29 The Encyclopedia of Linguistics Hispánica provides comprehensive coverage of the major and subsidiary fields of Spanish linguistics. Entries are extensively cross referenced and arranged alphabetically within three main sections. Part 1 covers linguistic disciplines, approaches and methodologies. Part 2 brings together the grammar of Spanish including subsections on phonology, morphology, syntax and semantics. Part 3 brings together the historical, social and geographical factors in the evolution of Spanish. Drawing on the expertise of a wide range of contributors from across the Spanish speaking world, the Enciclopedia de Linguística Hispánica is an indispensable reference for undergraduate and postgraduate students of Spanish and for anyone with an academic or professional interest in the Spanish language. Spanish linguistics *Las perífrasis verbales en español* Félix Fernández de Castro, 1990 *Gramática descriptiva de la lengua española I* Eva Martínez Díaz, 2004 La asignatura Gramática Descriptiva de la Lengua Española I constituye una introducción a la gramática descriptiva de la lengua española. Los contenidos generales comprenden la clasificación actual de las categorías gramaticales del sistema lingüístico español. Con el desarrollo de este programa básico de gramática se confecciona este texto guía a resultado de la experiencia docente y trabajo conjunto realizado por los profesores que han impartido la asignatura de Gramática Descriptiva de la Lengua Española I. El texto de apoyo para las clases presenciales se divide en los ocho temas que configuran el programa docente de esta asignatura. Esto es, dos temas en los que se justifica por una parte cuál es la variedad lingüística del español que se toma como objeto de descripción en la reflexión gramatical y por otra parte qué debe entenderse por gramática descriptiva. Los siete temas restantes se dedican al análisis de las clases de

palabras que recoge la gramática descriptiva contemporánea del español el sustantivo el verbo el adjetivo los determinantes los pronombres y las partículas preposición adverbio y conjunción Cada tema incluye esquemas detallados de los contenidos expositivos y definitivos de los conceptos básicos así como un gran número de ejemplos que permiten ilustrar las explicaciones ofrecidas en clase Asimismo cada tema va acompañado de un listado de bibliografía básica y específica que el estudiante puede consultar para completar los contenidos presentados en clase y de un conjunto de ejercicios dedicados a cada tema para afianzar o completar los conocimientos adquiridos en las sesiones presenciales Además en el texto se incluyen tres anexos el primero está dedicado a la recopilación de distintos modelos de examen para que el estudiante conozca cómo va a ser evaluado en esta asignatura el segundo recoge los paradigmas gramaticales que el estudiante debe conocer para el buen seguimiento del marco teórico y por último un listado bibliográfico con manuales gramaticales básicos dedicados al estudio del sistema de la lengua española

Estudios de pragmagramática para la E/LE Tsai-Jung Chiang, 2004

Perífrasis

verbales Leonardo Gómez Torrego, 1988 Probablemente la adecuada utilización de las perífrasis verbales en español es uno de los aspectos más difíciles de dominar por parte del extranjero debido a la extraordinaria riqueza de matices susceptibles de ser expresados por aquellas Creemos que este libro constituye un trascendental instrumento en este sentido ya que en él se registran prácticamente todas las perífrasis verbales del español actual que no sólo se estudian desde un punto de vista meramente formal sino semántico también se analizando todos sus posibles sentidos a veces hasta los más ínfimos matices estilísticos Pese a su riqueza informativa el libro puede ser utilizado perfectamente por cualquier estudiante sea cual fuere su nivel de conocimientos del español debido a que se halla claramente diferenciado lo esencial en letra grande y magníficamente resumido en numerosos cuadros y esquemas de lo que se considera menos importante o implica una mayor especialización expuesto en un cuerpo tipográfico menor Como es habitual en esta serie monográfica completa el volumen un rico y variado repertorio de ejercicios de indudable interés
