volume two of this landmark collection celebrates the close of the centennial year of Thornton Wilder's birth. This volume collects 17 plays from the author's three minute and five minute plays for five actors series and includes the full length play *The Alcestiad* a major work by the author of *Our Town* and *The Skin of Our Teeth* which has long been unavailable.

Marcus Furius Camillus, fatalis dux Ronald T. Ridley, 2023-12-04 Marcus Furius Camillus is the dominant figure in our traditional history of the Roman Republic in the early fourth century. He has been featured in histories of Rome since the Renaissance but currently is viewed with great scepticism, some even questioning his very existence. What is notably absent however is any reference to a system of historical method, how one distinguishes fact from fiction. This is the first modern monograph on Camillus and it grapples head on with this problem. The results are unexpected. **Grecian History** James Richard Joy, 1900 *Historia and Fabula* Peter G. Bietenholz, 1994-09-01 Historical thought, whether it is expressed in writing or through works of art, inevitably contains elements of fiction. Thus in every phase of the development of historical thinking the question arises: were these fictional elements recognized and if so, how was their function perceived? Was any effort made to distinguish between a documented fact and any assumptions or deductions related to it? In examining the past, was it deemed important to curb the free play of imagination or was it thought that any explanation, no matter how fanciful and irrational, was better than none? This is the question that this book attempts to answer. In doing so, it examines a rich variety of texts and also some works of art ranging from the Ancient Near East to the nineteenth century. **Handbook for Travellers in Greece** John Murray (Firm), 1884 *Sandals* Eugene Sierras, 2021-02-19 You have walked in sandals in the footprints of Jesus. Judgement after a hypnotic regression session experienced by the 20th Century Evangelina. The Carbon War Jeremy K. Leggett, 2001 An industry insider offers a dramatic yet scientific look at the politics and reality surrounding global warming. The oil, gas and auto industries attempt to downplay the threat and the progress of international legislation to change the course of global warming. The author, formerly a professor at the Royal School of Mines, became concerned about environmental issues and joined the international environmental organization Greenpeace. First published in 1999 by Penguin Books Ltd c. Book News Inc. Wisdom and Folly in Euripides Poulheria Kyriakou, Antonios Rengakos, 2016-03-07 A major defining polarity in Euripidean drama, wisdom and folly has never so far been the subject of a book length study. The volume aims at filling this gap. Virtually all Euripidean characters, from gods to slaves, are subject to some aspect of folly and claim at least some measure of wisdom. The playwright's sophisticated handling of the tradition and the pervasive ambiguity in his work add extra layers of complexity. Wisdom and folly become inextricably intertwined as gods pursue their agendas and mortal characters struggle to control their destiny, deal with their troubles, confront their past and chart their future. Their amoral or immoral behavior and various limitations often affect also their families and communities. Leading international scholars discuss wisdom and folly from various thematic angles and theoretical perspectives. A final section deals with the polarity's reception in vase painting and literature. The result is a wealth of fresh insights into moral

social and historical issues The volume is of interest to students and scholars of classical drama and its reception of philosophy and of rhetoric
