Perilous Balance:

Perilous Balance Judith A. Stein, 1999 The Other Half Jacqueline Wiseman, 2018-04-20 This current study has emerged from two decades of the author's investigations in related areas alcoholism and domestic relations Its canvas is broadly comparative drawing on interviews and data gathered in the United States and Finland The domestic drama of *The Other Half* is played out both in the private scene of the home and the more public scene of the workplace and against these two differing national backgrounds Despite the many expected and perceived cultural differences between the countries the effects of alcoholism on the family are shown to be the same Dr Wiseman's study offers theoretical insights gleaned from its perspective on alcoholism as an interactive phenomenon to which the concepts of G H Mead and Blumer can be applied to illuminate the carefully presented data and go beyond them New terrain in studies of alcoholism is thereby explored including such themes as the social construction by the subjects of their husbands drinking their marriage and their self images the strategy of coping mechanisms and the effects of the crisis of alcoholism on gender sex roles and power differentials *The Other Half* complements Dr Wiseman's prize winning work on the treatment of Skid Row alcoholics Stations of the Lost while involving issues of greater complexity on both the methodological and theoretical plane *Telling Stories* Michael Roemer, 1995-06-13 Asks important questions about the very nature of stories examines why we read stories rather than just learning the endings **Perilous Balance** Arnold S. Stein, 1945 **Misrecognitions** Joshua B. Davis, 2018-11-02 This collection brings together prominent thinkers from numerous disciplines to address the legacy of Gillian Rose for political theology today Rose's work is notorious for its eclectic range difficult style and iconoclastic defiance of the conventions of postmodern critical theory The theologians religious scholars ethicists and theorists in this collection discuss Rose's relationship to such topics as the Frankfurt School social theory feminism literature law Hegel Kant and psychoanalysis They situate her work within the wider context of political theology as it is understood in religious studies and continental philosophy Though attentive to the theoretical issues raised by Rose's work these essays are also engaged the role that work may play in political action today examining issues such as refugee immigration in Europe the rise of nationalism and anticapitalist political organizing The collection is a vital contribution to the rising body of literature on Rose and her importance to political philosophy ethics and theology but it will also serve as an important orienting guide for readers new to Rose's work and its demanding style To Double Business Bound René Girard, 1988-03 Girard fuses literary psychological and anthropological texts in order to view the activity of mimesis This includes the phenomena of scapegoating victimage and sacrifice They in turn serve as starting points for a breathtakingly daring and encompassing theory of the origins of human culture In an era of interdisciplinary studies this volume stands alone Choice Sex, Love, and Friendship Adrienne Leigh McEvoy, 2011-08 The joke is that all the prostitutes go on vacation when the philosophers come to town The reason that the other conventioners do it philosophers just talk about it And talk about sex and love and friendship is what

the contributors to this volume do They talk and argue split hairs and clarify all trying to advance our understanding of this most interesting practice of the human species Some of the best minds on three continents from four nations and eighteen of the United States discuss such topics as adultery commitment cross dressing gender politics date rape family friendship friends as lovers gayness love marital pluralism marriage prostitution religiously motivated anti queer sentiments same sex marriage seduction and self respect Rather than preach participants probe our attitudes and practices involving these issues with the aim of better understanding the broad range of sexual practices of our species The result is a collection of stimulating essays that can enliven class discussions as well as provide guidance for the sexually perplexed The work is accessible to readers from high school through college and beyond

Princeton Alumni Weekly ,1939 The Spark Greg Orme,2014-08-08 Includes interviews with Gail Rebusk CEO of Penguin Random House Sir John Hegarty Founder of BBH and Stuart Murphy Director of Entertainment Channels at Sky Def Spark n an elusive moment when a new idea strikes that has the potential to transform the way you do business Big or small new ideas are the lifeblood of all successful businesses They are responsible for higher profits quicker growth and game changing innovations But how do you foster a creative culture nurture new ideas and manage the people behind the electricity The Spark answers these questions and more unravelling the mystique around business creativity and offering 10 practical steps to building an innovative team and becoming an inspiring creative leader **Proceedings** ,1964 *Edmund Spenser* Colin Burrow,1996 In this approachable and informative book Colin Burrow clarifies the genres and conventions of work in Spenser s poetry **The Confidence Game in American Literature** Warwick Wadlington,2015-03-08 Drawing on modern studies of rhetoric and the concept of the Trickster the author examines Herman Melville Mark Twain and Nathanael West as creators of a fictive experience centered in deceptive or problematic transactions of confidence The model of a confidence game suggested by the writers own thematic preoccupations permits an analysis of the social motivations inherent in the fiction The author concentrates on the process by which confidence is established and the ways in which deception leads to regeneration and an altered perception of authority His approach increases our understanding of the interrelation between the writer his reader and the world each envisions Warwick Wadlington examines individual texts as

well as the pattern of each writer's total work. His book distinctively combines an enlarging archetypal frame with rhetorical analysis of the writer-reader imaginative act. Treated as different forms of a coherent mode of fictive experience, the works of these important authors illuminate each other. Professor Wadlington's method results in decisively new readings of each text and contributes to a phenomenology of reading three writers whose works represent crucial moments in the artist-audience negotiation of mutual faith. Originally published in 1975, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Tangled Bank Michael S. Hogue, 2010-07-29. In response to the confluence of moral uncertainty with the increase of human power to alter nature and through critical integration of the philosophical naturalism of Hans Jonas and the critical religious naturalism of James M. Gustafson, *The Tangled Bank* argues for an ecotheological ethics of responsible participation. By making the case that the moral pressures of our time call for a vision that is as deeply naturalistic as it is deeply theological, a critical perspective is advanced that is attuned to human embeddedness within nature as well as to human distinctiveness. In support of this a moral-anthropological method is deployed as a creative new way to integrate the comparative critical and constructive tasks of theological ethics. The insights of Hans Jonas and James M. Gustafson, interpreted comparatively for the first time, are critically drawn together to suggest new directions for scholarship and teaching in theology and religion and science studies.

Parody and Festivity in Early Modern Art David R. Smith, 2017-07-05. Dwelling on the rich interconnections between parody and festivity in humanist thought and popular culture alike, the essays in this volume delve into the nature and the meanings of festive laughter as it was conceived of in early modern art. The concept of carnival supplies the main thread connecting these essays. Bound as festivity often is to popular culture, not all the topics fit the canons of high art, and some of the art is distinctly low-brow and occasionally ephemeral. Themes include grobianism and the grotesque, scatology, popular proverbs with ironic twists, and a wide range of comic reversals, some quite profound. Many hinge on ideas of the world upside down. Though the chapters most often deal with Northern Renaissance and Baroque art, they spill over into other countries, times, and cultures while maintaining the carnivalesque air suggested by the book's title.

A World of Nuclear Powers?

, 1967. Laurence Sterne's *A Sentimental Journey* W. B. Gerard, M-C. Newbould, 2021-03-12. Laurence Sterne's *A Sentimental Journey* through France and Italy continues to be as widely read and admired as upon its first appearance. Deemed more accessible than Sterne's *Life and Opinions of Tristram Shandy, Gentleman* and often assigned as a college text, *A Sentimental Journey* has received its share of critical attention but, unlike *Tristram Shandy* to date, it has not been the subject of a dedicated anthology of critical essays. This volume fills that gap with fresh perspectives on Sterne's novel that

will appeal to students and critics alike Together with an introduction that situates each essay within *A Sentimental Journey*'s reception history and a tailpiece detailing the culmination of Sterne's career and his death this volume presents a cohesive approach to this significant text that is simultaneously grounded and revelatory
