

The image depicts a highly ornate Rococo-style interior, likely a museum reconstruction. A large, arched mirror with a gilded, scrollwork frame dominates the upper half of the scene. A decorative banner is superimposed over the mirror, containing the text "PERIOD ROOMS IN THE METROPOLITAN MUSEUM OF ART". The room features a fireplace with a marble surround and a gilded clock on the mantel. The walls are adorned with intricate stucco work and a small portrait. A large, patterned rug covers the floor, and a wooden table with gilded legs and a chair are visible in the foreground. The overall atmosphere is one of historical elegance and luxury.

Metropolitan Museum of Art (New York, N.Y.), 1970 From a 1970 exhibition in celebration of the hundredth

anniversary of the Metropolitan Museum of Art which surveyed the decorative arts period rooms painting and sculpture of the 19th century The wide range of styles for the period is presented including designs from the Federal period through Tiffany and the early work of Frank Lloyd Wright From a set of slides covering the exhibition **The Early Modern Italian Domestic Interior, 1400-1700** Erin J. Campbell, Stephanie R. Miller, Elizabeth Carroll Consavari, 2016-03-23 Emphasizing on the one hand the reconstruction of the material culture of specific residences and on the other the way in which particular domestic objects reflect shape and mediate family values and relationships within the home this volume offers a distinct contribution to research on the early modern Italian domestic interior Though the essays mainly take an art historical approach the book is interdisciplinary in that it considers the social implications of domestic objects for family members of different genders age and rank as well as for visitors to the home By adopting a broad chronological framework that encompasses both Renaissance and Baroque Italy and by expanding the regional scope beyond Florence and Venice to include domestic interiors from less studied centers such as Urbino Ferrara and Bologna this collection offers genuinely new perspectives on the home in early modern Italy **European Furniture in The Metropolitan Museum of Art** Daniëlle O. Kisluk-Grosheide,, Wolfram Koeppe, William Rieder, 2006-05-30 This beautifully produced volume is the first to survey the Metropolitan Museum's world renowned collection of European furniture One hundred and three superb examples from the Museum's vast holdings are featured They originated in workshops in England France Germany Italy the Netherlands Austria Russia or Spain and date from the Renaissance to the late nineteenth century A number of them belonged to such important historical figures as Pope Urban VIII Louis XIV Madame de Pompadour and Napoleon The selection includes chairs tables beds cabinets commodes settees and sofas bookcases and standing shelves desks fire screens ath niennes coffers chests mirrors and frames showcases and lighting equipment There is also one purely decorative piece a superb vase made for a Russian noble family who according to one awestruck viewer owned all the malachite mines in the world The makers of some of the objects are unknown but most of the pieces can be identified by label documentation or style as the work of an outstanding European designer craftsman such as Andr Charles Boulle Thomas Chippendale David Roentgen or Karl Friedrich Schinkel **Selling Shaker** Stephen Bowe, Peter Richmond, 2007-01-01 The simple yet striking lines of Shaker design grace much of the furniture we see in high end department stores and beautiful examples of it adorn the pages of Architectural Digest and House Beautiful How did this style evolve from its origins in a humble small religious community to the international design phenomenon it is today This illustrated study explores the emergence of the Shaker style and how it was vigorously promoted by scholars and artists into the prominence it now enjoys The heart of the Shaker style lies in the religious movement founded in the eighteenth century where Stephen Bowe and Peter Richmond begin their chronicle From there the authors chart the evolution of the style into the twentieth century particularly in the hands of design media scholars and art institutions These Shaker agents repositioned Shaker style continuously from local vernacular to high culture and

then popular culture Drawing on a rich array of sources including museum catalogs contemporary design magazines and scholarly writings *Selling Shaker* illustrates in detail how the Shaker style entered the general design consciousness and how the original aesthetic was gradually diluted into a generic style for a mass audience A wholly original and fascinating study of American design and consumption *Selling Shaker* is a unique resource for collectors scholars and anyone interested in the cultural history of a design aesthetic
