Permanences De La Rvolution Pour Un Autre Bicentenaire

Jean-François Grandbastien

Permanences De La Rvolution Pour Un Autre Bicentenaire:

For a Libertarian Communism Daniel Guérin, 2017-11-01 In his foreword to an earlier collection of essays on libertarian communism Daniel Guérin addressed himself to younger people alienated from ideologies and isms shorn of any meaning by an earlier generation and particularly from socialism which has so often been betrayed by those who claimed to speak in its name and which now provokes an understandable skepticism In this collection of essays written between the 1950s and 1980s and published here for the first time in English Guérin not only provides a critique of the socialist and communist parties of his day he analyzes some of the most fundamental and pressing questions with which all radicals must engage He does this by revisiting and attempting to draw lessons from the history of the revolutionary movement from the French Revolution through the conflicts between anarchists and Marxists in the International Workingmen's Association and the Russian and Spanish revolutions to the social revolution of 1968 These are not just abstract theoretical reflections but are informed by the experiences of a lifetime of revolutionary commitments and by his constant willingness to challenge orthodoxies of all kinds Far from allowing ourselves to sink into doubt inaction and despair the time has come for the left to begin again from zero to rethink its problems from their very foundations The failure of both reformism and Stalinism imposes on us the urgent duty to find a way of reconciling proletarian democracy with socialism freedom with Revolution

Album du bicentenaire de la Révolution Française René JANRAY, 2011-12-20 Reédition de l'album du centenaire de la révolution française Une espèce de b d avant la lettre puisqu'il reproduit 436 gravures sur bois des maîtres graveurs français du XIX^e S Tout les personnages les hauts faits les hauts lieux de la révolution en image Elles sont accompagnées d'un texte explicatif

Libertarian Socialism Alex Prichard, Ruth Kinna, Saku Pinta, David Berry, 2017-08-01 The history of anarchist Marxist relations is usually told as a history of factionalism and division These essays based on original research and written especially for this collection reveal some of the enduring sores in the revolutionary socialist movement in order to explore the important too often neglected left libertarian currents that have thrived in revolutionary socialist movements By turns the collection interrogates the theoretical boundaries between Marxism and anarchism and the process of their formation the overlaps and creative tensions that shaped left libertarian theory and practice and the stumbling blocks to movement cooperation Bringing together specialists working from a range of political perspectives the book charts a history of radical twentieth century socialism and opens new vistas for research in the twenty first Contributors examine the political and social thought of a number of leading socialists Marx Morris Sorel Gramsci Guérin C L R James Hardt and Negri and key movements including the Situationist International Socialisme ou Barbarie and Council Communism Analysis of activism in the UK Australasia and the U S serves as the prism to discuss syndicalism carnival anarchism and the anarchistic currents in the U S civil rights movement Contributors include Paul Blackledge Lewis H Mates Renzo Llorente Carl Levy Christian H gsbjerg Andrew Cornell Beno t Challand Jean Christophe Angaut Toby Boraman and David Bates L'élargissement du droit
