Perpetual Jeopardy The Texas Gulf Sulphur Affair:

Perpetual Jeopardy Kenneth G. Patrick, 1972-10 **Perpetual Jeopardy: the Texas Gulf Sulphur Affair** Kenneth Gilbert Patrick, 1972 **Business Ethics** Richard A. Spinello, 2019-01-24 The future of the free market depends on fair honest business practices *Business Ethics Contemporary Issues and Cases* aims to deepen students knowledge of ethical principles corporate social responsibility and decision making in all aspects of business The text presents an innovative approach to ethical reasoning grounded in moral philosophy Focusing on corporate purpose creating economic value complying with laws and regulations and observing ethical standards a decision making framework is presented based upon Duties Rights Justice Over 40 real world case studies allow students to grapple with a wide range of moral issues related to personal integrity corporate values and global capitalism Richard A Spinello delves into the most pressing issues confronting businesses today including sexual harassment in the workplace cybersecurity privacy and environmental justice **Windfall** Tim Falconer, 2025-02-18 The fascinating scandalous and true story of Viola MacMillan and the Windfall mining scandal Viola MacMillan had it all success money and respect Influence even But in 1964 after three decades in the mining industry one of the most fascinating women in Canadian business history was the central character in one of the country's most famous stock scandals MacMillan who started out as a prospector in the 30s had developed lucrative mines and put together big deals But she still wanted a major discovery Early in July 1964 shares in Windfall Oil and Mines a company she and her husband controlled traded for around 56 cents Then one day the stock took off In the absence of any information from the company about what it had found near Timmins on its claims rumors and greed pushed the share price to a high of 5.70 MacMillan stayed quiet Finally after three weeks Windfall admitted it had nothing So many small investors lost money when the stock crashed that the Ontario government appointed a royal commission to examine what had happened which led to changes at the Ontario Securities Commission and the Toronto Stock Exchange Although MacMillan spent a few weeks in prison she later received a pardon and the Order of Canada Lost, Texas Bronson Dorsey, 2018-04-24 In *Lost Texas* Photographs of Forgotten Buildings Bronson Dorsey takes us on a tour of old abandoned buildings in Texas that evoke the mystique of bygone days and shifting population patterns With a skilled photographer's eye he captures the character of these buildings mostly tucked away in the far corners of rural Texas though surprisingly some of his finds are in the midst of thriving communities even in one case the Dallas metroplex Most of the buildings are abandoned and in a state of decay though a handful have been repurposed as museums residences or other functional structures Encompassing all regions of the state from the Piney Woods to the Panhandle the images in *Lost Texas* evoke distinctive memories of the past They grant a sense of how those who preceded us lived and how the Texas of earlier days became the Texas of today Some of the historic sites include a Coca Cola bottling plant in Beeville a lumberyard built over two generations a beautiful mission style schoolhouse raised in a small farming community the skeleton of a boomtown gas station near the Yates oilfield and what remains of the

only silver mining operation in Texas With Dorsey as a guide readers may explore these hidden and neglected gems and learn the basic facts of their origins and intended uses as well as the principal reasons for their demise Along the way and in the background he quietly makes the case for preserving these buildings that while no longer central to the ongoing function of their communities still serve as important emblems of the past *Moose Pastures and Mergers* Christopher Armstrong,2001-01-01 A history of the development of the Ontario Securities Commission from the post war years to the increasingly complex financial world of the 1970s and 1980s **The Limits of Corporate Power** Ira M. Millstein,Salem M. Katsh,2003 Written in 1981 this text examined legal and economic constraints that limited corporate behavior in the United States at that time The authors look at state and federal charter laws as well as other legal constraints on corporation creation and structure They then examine antitrust and security *Wayward Capitalists* Susan P. Shapiro,1987-03-01 Recounts actual cases of security frauds explains how the SEC investigates the securities market and suggests new policies to strengthen the SEC s role as government watchdog *Social Strategy & Corporate Structure* Neil W. Chamberlain,2007-09-10 This new work by Neil W Chamberlain will be of great importance to the business community and to all those charged with defining the role large corporations play in the affairs of society Social Strategy and Corporate Structure is an objective indepth examination of the organizational requirements of a social role for large scale business The role Neil Chamberlain presents is one of heroic dimensions the political choice of goals the strategic allocation of resources and the tactical operations of the mechanisms of production While there has been much discussion of corporate social responsibility few have investigated the ways its structure will have to change if the corporation is to pursue a strategy that is both economic and social This timely book integrates a large number of issues involving corporate activities and governance that go directly to the heart of this problem In step by step detail Chamberlain analyzes the organizational imperatives of this new age of social responsibility the composition and functions of boards of directors and the relation of their duties to a broad system of national planning the internal social audit changes in the characteristics of corporate social planning and proposals for restructuring ultimate corporate authority either through public or outside directors In addition he examines the potential relevance of federal chartering of corporations and the effects of international economic interdependence on the development of a new corporate social strategy This book is not a detailed blueprint for change Rather it presents a thorough systematic study of available courses of action for improvement based on the principle that conventional notions of corporate independence will have to be modified for any social strategy to work And while not everyone will agree with Neil Chamberlain few can afford to ignore his provocative insights into what corporations must do to function effectively in a changed social environment *Great Northern Ontario Mines* Michael Barnes,1998

Corporate Power and Social Responsibility Neil H. Jacoby,1973 One of America s most distinguished economists Neil H Jacoby has served as a public member of the Phase II pay board an economic adviser to President Eisenhower founding dean

of UCLA's Graduate School of Management and a consultant to numerous government agencies and private corporations. In *Corporate Power And Social Responsibility* he gives a thorough objective social assessment of the American corporation. He identifies trends which point to a changing corporate role at home and abroad and he offers creative reforms of corporate and public policy which will promote a more just efficient creative and democratic society. Jacoby finds no evidence to support New Left charges that the U.S. has become a corporate state. In fact he says corporate political power is waning, conglomeration is tapering off, the corporate share of the nation's wealth is holding steady at 28%. Competition says Jacoby is on the increase. Where price and quality of materials and manufacturing were once the only factors, mushrooming technology, new business practices and new markets have created new competitive pressures. An increasing variety of product features, services, warranties, credit terms and trade-in allowances have multiplied consumer choices. As a smaller and smaller proportion of personal income is spent on necessities, competition between different kinds of products has become more important. Should discretionary income go for a sail boat or a trip to Europe? In many industries increasing competition from foreign manufacturers is a factor. Rapid changes in business practices and technology have even made potential competition from entering firms and new products an important consideration. Still Jacoby sees much need for improvement. He proposes measures to increase the political power of the consumer, upgrade the performance of boards of directors, expand the involvement of stockholders in company decision making, encourage environmental responsibility and make defense companies function efficiently. For the future Jacoby predicts the continued decline of corporate power as government regulation expands and new competing interest blocs spring up. At the same time corporations will become more responsive to changing social values and priorities. The rapid growth of multinational firms he believes will increase the stability of the world order and promote the growth of regional and world wide political organization.

Concentration, Mergers, and Public Policy Yale Brozen, George Bittlingmayer, 1982 **The Confidence Gap** Seymour Martin Lipset, William Schneider, 1983 **Journal of Business Research** Robert C. Klemkosky and J. William Petty., 1973 *National Union Catalog*, 1973 Includes entries for maps and atlases **Texas** James Alan Marten, 1992 708 annotated entries in 20 sections. State of Texas and its people. Geography and natural history. History. Military affairs. Ethnic groups. Reference works and bibliographies **American Book Publishing Record**, 1977-03-31 Here's quick access to more than 490,000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult and Juvenile Fiction. Author and Title indexes are included and a Subject Guide correlates primary subjects with Dewey and LC classification numbers. These cumulative records are available in three separate sets Insider Trading Symposium, January 27, 2007, 2008 *Who's Who in the World, 1978-1979* Marquis Who's Who, LLC, 1978 **Current Publications in Legal and Related Fields**, 1974
