Forthcoming Books Rose Army,2003 **The Advocate** ,2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *The Compact Edition of the Oxford English Dictionary* Sir James Augustus Henry Murray,1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933 On Perpetual Peace Dieter Senghaas,2007-10 Dieter Senghaas today is the world s leading figure in the field of conflict research conflict management research and the study of the prerequisites of lasting peace The fact that virulent conflict within what Senghaas calls the OECD world essentially the European Union has become unthinkable over the past half century encourages him in the face of violent conflict in many parts of the world to be reasonably optimistic about the prospect for our planet as a whole *A Project of Universal and Perpetual Peace* Pierre-André Gargas,1922 World Peace Salomon Alain Mpouma,2008-06-26 In this book World Peace we will found out that there is not separation between our individual lives and the universe It is why i am relating my daily life with the celebration of the World Peace World Peace is not a theory It is not an expectation World Peace is and eternal and unlimited reality that we all possess since the time without beginning and end Each individual is the manifestation of the law of life The celebration of World Peace is the awareness and the awakening of our Buddhahood or our divine nature within each of us To the contrary of what we all think and believe in our society we have never lost our peace it is not a given thing in life World Peace is a sleeping quality that we can awaken anytime We have our free will to continue to fool ourselves But human beings are at the center of World Peace and are the question and answer of it World Peace will never come from anything outside our lives like the government any secular and religious institutions any country any groups any culture and any tradition It will only come from the heart of each individual When we talk about our heart we don t mean our level of emotions and thoughts But our reality beyond the subconscious Every single phenomenon in life has two aspects that is the preparatory and the definitive Birth and death are not beginning and end of anything They are just means or passages from one existence to another throughout the eternity of life At birth we all are very tiny babies When we reach our maturity we all are bigger and capable to think It is why spiritually throughout the eternity of life we have teachings that are transitory or preparatory to the one that are definitives We are not going to give names but it is up to each one of us to find out In the World Peace celebration we don t assess life in terms of what is wrong and what is right or what is good and evil This is a polar thinking that puts us in a box of extremities Life is an eternal and unlimited one way progression The dynamic definition of wisdom is to be able to adapt a solution at each circumstance in life We go against life by trying to crystallize things The individuality is something that is absolute People who are still suffering dependency submission following adoration of anything outside themselves will work hard to find their freedom There is no need to look for what is wrong or what is right Life being a dynamic motion it is important to find what is appropriate for the moment It is important to be able

to live in the now Our present moment contains our eternity which are our past our present and our future It is how we develop a peace of mind and strong faith When we say strong faith we don't imply any kind of dependency that takes us away from ourselves But the conviction and confidence that comes with the knowing or the perception of our true nature or reality It is just like flipping the switch of the electrical light in a dark room Knowledge does to ignorance what light does to darkness In between there is action that needs courage that takes full responsibility of our lives knowing that at each moment we write eternally the whole script of our own lives We always look for easy ways to go through life We even think that happiness is the absence of conflicts violence fights and wars But that is not the case everything being eternal happiness is an indestructible state of life that uses everything without exception positively throughout the eternity The key point here is to raise our awareness of true reality The time has arrived for each of us to clean up our subconscious in order to enjoy the full functioning of all our consciousnesses In doing so the energy coming from our ninth consciousness the palace of our entity of life will flow in full harmony without any obstruction and disturbance The essence of life becomes the main actor
