Perspectives In Mexican American Studies Volume7:

Perspectives in Mexican American Studies Juan R. García, Thomas Gelsinon, 2000 The newest volume of Perspectives in Mexican American Studies features articles by several new voices and by others who have a long list of published works to their credit They provide us with information of interest and offer fresh observations of the Mexican American experience The authors include veterans of el movimiento experienced scholars and some who are newer on the scene The topics covered from sports in the Midwest to small town life in central Mexico may seem to have little in common except for their focus on Mexican descent people but on closer inspection one can see that the idea of labor runs like an arroyo through the book Contents Digging the Richest Hole on Earth The Hispanic Miners of Utah 1912 1945 by Armando Solorzano and Jorge Iber El Laberinto de la Comunidad A View of Rural Mexico by John Hardisty The Cucamonga Experiment A Struggle for Community Control and Self Determination by Armando Navarro Political Activism Ethnic Identity and Regional Differences Among Chicano and Latino College Students in Southern California and Northern New Mexico by Elsa O Valdez Chicano Pedagogy Confluence Knowledge and Transformation by Raymond V Padilla Mexicans in New Mexico Deconstructing the Tri Cultural Trope by Anne Fairbrother Mexican Baseball Teams in the Midwest 1916 1965 The Politics of Cultural Survival and Civil Rights by Richard Santillan **Perspectives in Mexican American Studies**, 1993 *La Causa* Gilberto Cardenas, 2004-04-30 Accepted notions of demographics in the United States often contend that Latinos have traditionally been confined to the Southwest and urban centers of the East Coast but Latinos have been living in the Midwest since the late nineteenth century Their presence has rarely been documented and studied in spite of their widespread participation in the industrial development of the Midwest its communications infrastructure and labor movements The populations of Puerto Rican Mexican Cuban and other Hispanic origins living in the region have often been seen as removed not only from mainstream America but also from the movements for human and civil rights that dominated Latino public discourse in the Southwest and Northeast during the 1960s and 1970s In the first text examining Latinos in this region historians and social science scholars have come together to document and evaluate the efforts and progress toward social justice Distinguished scholars examine such diverse topics as advocacy efforts civil rights and community organizations Latina Civil Rights efforts ethnic diversity and political identity effects of legislation for Homeland Security and political empowerment *Mexicano and Latino Politics and the Quest for Self-Determination* Armando Navarro, 2015-01-08 This book examines the current status of Mexicano and Latino politics in the United States Political scientist and community activist Armando Navarro maintains that both represent a dysfunctional and failed mode of politics attributable to their system maintenance and mainstream ideological orientation and approach As colonial agents they protect both a United States that is decaying and declining and the degenerative liberal capitalist system Navarro argues that the United States is not a representative democracy but in fact is a White Corpocratic Dictatorship controlled by Capital which is evolving into a Fascist State The book provides an in depth

analysis and contention that Mexicanos and Latinos in Aztlan Southwest are an occupied and internal colonized people. It argues they are the Palestinians and Kurds of the United States. His supposition is sustained by the book's profiles of Mexicano political history, demography, socioeconomics, electoral politics, immigration, and the Triad Crisis: e.g. Second Great Depression, Global Economic Crisis, and Global Capitalist Crisis. Each chapter provides the justification and case for Navarro's two unique alternative change models applicable to today's bankrupt and failed Mexicano and Latino Politics in the twenty-first century. The preferred model is Aztlan's Politics of a Nation Within a Nation (APNWN), which is based on the models of the Mormon Nation of Utah and that of French Quebec. Navarro therefore calls for the reformation of the United States liberal capitalist system by way of social democracy for the empowerment of Mexicanos and Latinos. His second model is Aztlan's Politics of Separatism (APS), which offers two strategic options: 1. Aztlan Southwest becoming a separate and sovereign nation-state, or 2. its reannexation and reintegration with Mexico. Navarro outlines a plan of action for building a New Movement designed to attain APNWN or APS. In addition, several ominous forecasts are made, such as the United States being in a state of decline and no longer a hegemonic superpower due to the rise of a multi-polar world. Moreover, Navarro attributes the United States decline to the inherent contradictions of global capitalism. His sobering message is that if the current economic conditions are left unchanged, this will produce an End of Times scenario: the unleashing of the Four Horsemen of the Apocalypse.

The Arizona Report, 2001. *Routledge Handbook of Chicana/o Studies*. Francisco A. Lomeli, Denise A. Segura, Elyette Benjamin-Labarthe, 2018-08-06. The Routledge Handbook of Chicana/o Studies is a unique interdisciplinary resource for students, libraries, and researchers interested in the largest and most rapidly growing racial/ethnic community in the United States and elsewhere, which can either be identified as Chicano, Latino, Hispanic, or Mexican American. Structured around seven comprehensive themes, the volume is for students of American studies, the Social Sciences, and the Humanities. The volume is organized around seven critical domains in Chicana/o Studies: Chicana/o History and Social Movements; Borderlands; Global Migrations; Employment and Citizenship; Cultural Production in Global and Local Settings; Chicana/o Identities; Schooling, Language, and Literacy; Violence, Resistance, and Empowerment; International Perspectives. The Handbook will stress the importance of the historical origins of the Chicana/o Studies field. Starting from the myth of origins, Aztlan, alleged cradle of the Chicana/o people, lately substantiated by the findings of archaeology and anthropology over Spanish Indigenous relations until the present time, Essays will explore cultural and linguistic hybridism and showcase artistic practices: visual arts, music, and dance through popular folklore or high culture achievements, museums, installations highlighting the growth of a critical perspective grounded on key theoretical formulations including borderlands theories, intersectionalities, critical race theory, and cultural analysis.

Operation Gatekeeper and Beyond. Joseph Nevins, 2010-06-10. This is a major revision and update of Nevins' earlier classic and is an ideal text for use with undergraduate students in a wide variety of courses on immigration, transnational issues, and the politics of race, inclusion, and exclusion. Not only has the author brought his subject

completely up to date but as a case of increasing economic integration and liberalization along with growing immigration control the US Mexico Border and its history is put in a wider global context of similar developments elsewhere A companion website is available at www.routledge.com/textbooks/9780415996945 The Companion Website contains key U S government documents related to the boundary and immigration enforcement strategy reports from non partisan research entities and non governmental organizations that evaluate enforcement from a civil and human rights perspective and studies that investigate migrant deaths in the U S Mexico borderlands There are also photo essays including one related to deportations and another to California s Border Field State Park for which the site also includes historic photos and other resources Finally the site has links to websites from U S government agencies involved in boundary and immigrant policing to humanitarian and border migrant and human rights organizations

The Agrarian Dispute John Dwyer,2008-09-12 Focuses on U S Mexican relations in postrevolutionary Mexico placing Cardenas s agrarian reform including the nationalization of American owned Mexican farmland in an international context

Mike Torrez Jorge Iber,2016-08-12 The history of baseball is filled with players whose careers were defined by one bad play Mike Torrez is remembered as the pitcher who gave up the infamous three run homer to Bucky Bleeding Dent in the 1978 playoffs tie breaker between the Red Sox and Yankees Yet Torrez s life added up to much more than his worst moment on the mound Coming from a vibrant Mexican American community that settled in Topeka Kansas in the early 1900s he made it to the Majors by his own talent and efforts with the help of an athletic program for Mexican youth that spread through the Midwest Texas and Mexico during the 20th century He was in the middle of many transformative events of the 1970s such as the rise of free agency and was an ethnic role model in the years before the Fernandomania of 1981 This book covers Torrez s life and career as the winningest Mexican American pitcher in Major League history

Chicana Without Apology Eden E. Torres,2013-09-13 By approaching Chicana o issues from the frames of feminism social activism and cultural studies and by considering both lived experience and the latest research Torres offers a more comprehensive understanding of current Chicana life Through compelling prose Torres masterfully weaves her own story as a first generation Mexican American with interviews with activists and other Mexican American women to document the present fight for social justice and the struggles of living between two worlds

Resources in Education ,1998 *Perspectives on Alcohol Abuse* ,1988 Contemporary American Fiction in the European Classroom Laurence W. Mazzeno,Sue Norton,2022-04-06 This book offers insight into the ways students enrolled in European classrooms in higher education come to understand American experience through its literary fiction which for decades has been a key component of English department offerings and American Studies curricula across the continent and in Great Britain and Ireland The essays provide an understanding of how post World War II American writers some already elevated to canonical status and some not are represented in European university classrooms and why they have been chosen for inclusion in coursework The book will be of interest to scholars and teachers of American

literature and American studies and to students in American literature and American studies courses *Monthly Labor Review*, 1993 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **Development Strategies in East Asia and Latin America** Akio Hosono, Neantro

Saavedra-Rivano, 1998-07-15 A fresh insight on the unequal impact of development policies in East Asia and Latin America Written by economists and political scientists from Brazil Chile Korea Japan Malaysia and the US chapters share a political economy perspective and are the result of collaborative work coordinated by researchers at the University of Tsukuba Japan In addition to chapters on particular countries and on broad subjects there are three chapters presenting detailed comparisons of pairs of countries Brazil and Korea Indonesia and Mexico Chile and Malaysia In Default Marilyn Gates, 2019-03-13 This book examines the effects of austerity on Mexican peasants who had been enmeshed in a national agricultural crisis since the late 1960s It traces the evolution of Mexican agrarian policy and its cumulative impact on the peasantry *Latino Social Movements* Rodolfo D. Torres, George Katsiaficas, 2013-10-23 Latinos make up the fastest growing population segment in the US and by the middle of the next century they will outnumber all other minority groups combined Even more significant is the fact that within a few years Latinos will number more than a quarter of the nation's work force this is more than three times their proportion in the general population Latino Social Movements discusses the socioeconomic and cultural consequences of the changing US population in the light of globalization It calls attention to the increasing significance of class and the system of global capitalism that underlies political relations of power Focusing on the place of labor class patriarchy and capital this collection relates these objective realities with the subjective context of popular attempts to transform the existing socio economic conditions of Latino life **Mothering and Entrepreneurship:**

Global perspectives, Identities and Complexities Mélanie Knight, Talia Esnard, 2020-10-20 This book examines the complexities of mothers who are entrepreneurs in different parts of the world This uniqueness and contribution to the area of women's entrepreneurship presents many challenges One must historicize context focus on socio political realms and on lived realities All challenging endeavours when focusing on mothering and entrepreneurship in different global contexts What of the workers in these contexts More specifically what of female workers within these contexts How have women negotiated gendered roles within old and new structures What complexities have preconfigured the diverse realities and positionalities of maternal workers How have these intricacies shifted the boundaries of work family interface This book focuses on a specific subset of work and the economy for mothers who are entrepreneurs in different parts of the world In this edited collection we examine how mothers are negotiating their entrepreneurial endeavors within the contexts of local and global economic shifts We explore how the socio cultural economic and national contexts that re structure and re frame multiple nodes of power difference and realities for mothers as workers across diverse contexts This type of contextual analysis allows for new lines of inquiry and questions that move beyond the descriptive profiling and gendered assessment of

women entrepreneurs Lastly the mother entrepreneur worker life balance frames our discussion We particularly set the work family discourse within many points of contentions related to how the researchers have conceptualized work life interface the specific assumptions embedded within these investigations and the implications of these for how we re present the dynamics related to mothering and entrepreneurship The participation of mothers within entrepreneurial space offers a rich site for analyzing the contextual nature of maternal identity work life relationships and entrepreneurial identities In so doing

Latino Empowerment Roberto E. Villarreal, Norma G. Hernandez, Howard Neighbor, 1988-11-17 This exemplary contribution to the literature on ethnic studies examines the issues surrounding Mexican American political empowerment in the United States The chapters originally contributions to a symposium at the University of Texas in El Paso are uniformly engaging rigorous in their analysis and richly suggestive in their conclusions This exceptionally fine collection discusses the political history of Mexican Americans the role of their interest groups educational models local bureaucracies and electoral strategies Noteworthy are the barriers to Chicano authority found in Los Angeles and Texas Strongly recommended Library Journal This timely book is among the first to be published that directly addresses the political empowerment of Hispanics The contributors concern themselves not only with the progress and problems of political empowerment but also with the prospects of future empowerment the political strategies and agendas for the next decade Conducted by a group of scholars well known for their research on Chicano politics the studies suggest that while substantial progress has been made in opening political doors to Mexican Americans most of their political potential has yet to be realized The volume begins with an overview of the history of Mexican American political empowerment from 1850 to the present Institutional procedural and ideological barriers to success in American politics for Mexican Americans are reviewed An examination of two major politics for paradigms for educational achievement reflect different views on educational success and failure The bureaucracy of local government and its sensitivity in increasing political representation in Los Angeles the development of political organization and leadership and future legal issues are covered In the conclusion the various perspectives of the contributors are synthesized to point the way to the next level of Mexican American empowerment and ultimately to a general theory of political integration

U.S. Army on the Mexican Border: A Historical Perspective, 2007 This occasional paper is a concise overview of the history of the US Army's involvement along the Mexican border and offers a fundamental understanding of problems associated with such a mission Furthermore it demonstrates how the historic themes addressed disapproving public reaction Mexican governmental instability and insufficient US military personnel to effectively secure the expansive boundary are still prevalent today
