

Persecuted Minority

Michelle Tusan

Persecuted Minority:

Religious Persecutions Sarah Davis, AI, 2025-03-21 Religious Persecutions explores the pervasive history of religiously motivated intolerance and violence examining its lasting impact on societies across the globe The book argues that religious persecution is not solely rooted in religious differences but is significantly intertwined with socio political power struggles Intriguingly religious conviction intended to unite and give meaning has paradoxically often become a catalyst for division From the Roman Empire's treatment of early Christians to the Spanish Inquisition the study contextualizes these events within their historical social and political circumstances The book provides a detailed examination of specific historical instances offering a synthesis of historical accounts sociological analyses and theological perspectives It posits that understanding the dynamics of power is essential for preventing future atrocities Beginning with core concepts and a theoretical framework Religious Persecutions progresses through detailed case studies each chapter focusing on a different period or region culminating in an analysis of recurring patterns and implications for contemporary society

Minorities, Peoples and Self-Determination Nazila Ghanea-Hercock, Alexandra Xanthaki, 2005-05-01 The present volume in honour of Professor Patrick Thornberry presents new thinking on minority and indigenous rights in international law Contributors to this 17 chapter volume include an impressive range of academics thinkers practitioners and international civil servants with a number of different approaches to this complex area Not all of them take a legal approach and this exploration benefits from the variety of frameworks utilised in contributing to the controversial area of minority and indigenous rights Debates that receive attention in this volume include self determination definitional issues collective rights and rights to natural resources Other chapters unravel challenges that have not attracted sufficient attention to date such as multiculturalism integration colour as a ground for discrimination and the economic and social rights of minorities The volume also looks critically at the work of the World Bank the African Union the Council of Europe and the OSCE in this arena Finally case studies highlight the regrettable similarities in the suffering of groups in different parts of the world as well as the stark contrast between state claims and their actual practice The contributors are Gudmundur Alfredsson Michael Banton Joshua Castellino Erica Irene A Daes Mar a Amor Est banez Nazila Ghanea Geoff Gilbert B lent G kay Tom Hadden Dominic McGoldrick Timothy Murithi John Packer Chandra K Roy Malcolm N Shaw Martin Scheinin Sia Spiliopoulou kermark and Alexandra Xanthaki

Morgenthau Diary (Germany) United States. Congress. Senate. Judiciary, 1967

Morgenthau Diary ... United States. Congress. Senate. Committee on the Judiciary, Henry Morgenthau, 1965

International Religious Freedom James P. MacGuire, 2019-07-05 This book documents the history of religious persecution especially focusing on early Jewish and Christian experiences and the culmination of horrors in the Nazi era in which six million Jews over a million Catholics and many others were put to death for their beliefs The book then focuses on the many types of religious intolerance in the world today particularly the genocide against Christians in the Middle East and Africa and resurgent Anti

Semitism in the Middle East Europe and even the United States The book concludes by discussing how we work together to preserve the ancient civilizations that provided roots for both Christians and Jews so that their populace and historical artifacts are safe from destruction and their cultural and religious heritage are preserved **The Donatist Church in an Apocalyptic Age** Jesse A. Hoover, 2018-05-30 The Donatist Church in an Apocalyptic Age examines an apocalypse that never happened seen through the eyes of a dissident church that no longer exists Jesse A Hoover considers Donatists members of an ecclesiastical communion that for a brief moment formed the majority church in Roman North Africa modern Tunisia Algeria and Libya before fading away sometime between the fifth and seventh centuries Hoover studies how Donatists perceived the end of the world to offer a glimpse into the inner life of the dissident communion what it valued whom it feared and how it defined its place in history while on the cusp of history s end By recovering these appeals to apocalyptic themes in surviving Donatist writings this study uncovers a significant element within the dissident movement s self perception that has so far gone unexamined In contrast to previous assessments it argues that such eschatological expectations are not out of sync with the wider world of Latin Christianity in late antiquity and that they functioned as an effective polemical strategy designed to counter their opponents claim to be the true church in North Africa The Wiley Blackwell Companion to Latinoax Theology Orlando O. Espin, 2023-03-22 The new edition of the standard resource for those teaching or learning Latinoax theology Now in its second edition The Wiley Blackwell Companion to Latinoax Theology remains the most up to date fully ecumenical collection of scholarship in the field Bringing together contributions by a diverse panel of established scholars and newer voices within various theological disciplines this comprehensive volume challenges Western readings of Christianity and offers fresh insights into theological truth from varied cultural and ethnic perspectives The Companion addresses a wide range of Latinoax contexts while highlighting the thought of female male and LGBTQ Latinoax scholars in theology introducing readers to this significant movement Each chapter provides the historical background of a particular topic explores its treatment by Latinoax theologians discusses the current state of the topic and offers the unique perspective of internationally recognized authors The revised second edition incorporates recent developments within Latinoax studies featuring new and expanded chapters that reflect numerous traditions of thought up to date sources and methodologies diverse intra Latinoax communities and contemporary Latinoax theologies and theologians This invaluable and unique companion Provides a systematic account of the past present and future of Latinoax theology Features new essays by the most influential voices in the field incorporating recent research from Catholic Protestant and Evangelical scholars Addresses the Latinoax experience of alienation and marginalization Represents the wide range of ecclesial and theological traditions Discusses Latinoax in timely contexts such as politics immigration feminism gender queer theory and social and economic justice Edited by one of the world s leading Latino theologians The Wiley Blackwell Companion to Latinoax Theology Second Edition is an indispensable resource for academic scholars undergraduate and graduate students and instructors in

universities and seminaries covering courses in theology political thought Latinoax studies religion in the United States and related topics

Smyrna's Ashes Michelle Tusan, 2012-11-15 Set against one of the most horrible atrocities of the early twentieth century the ethnic cleansing of Western Anatolia and the burning of the city of Izmir Smyrna's Ashes is an important contribution to our understanding of how humanitarian thinking shaped British foreign and military policy in the Late Ottoman Eastern Mediterranean Based on rigorous archival research and scholarship well written and compelling it is a welcome addition to the growing literature on humanitarianism and the history of human rights Keith David Watenpaugh University of California Davis Traces an important but neglected strand in the history of British humanitarianism showing how its efforts to aid Ottoman Christians were inextricably enmeshed in imperial and cultural agendas and helped to contribute to the creation of the modern Middle East Dane Kennedy The George Washington University Tusan shows vividly and compassionately how Britain's attempt to build a Near East in its own image upon the ruins of the Ottoman Empire served as prelude to today's Middle East of nation states Peter Mandler University of Cambridge An original and meticulously researched contribution to our understandings of British imperial gender and cultural history Smyrna's Ashes demonstrates the long standing influence of Middle Eastern issues on British self identification Tusan's conclusions will engage scholars in a variety of fields for years to come Nancy L Stockdale University of North Texas

The Psychoanalysis of Organizations Robert De Board, 2014-06-20 One of the most pressing needs of modern society is to understand and construct organizations that are not only effective in terms of carrying out work but that also allow and encourage people to develop their full human potential Psychoanalytic theory describes those primary processes that lie at the heart of human activity and provides new insights for understanding group and organizational behaviour With a new introduction written by Vega Roberts this Classic Edition of The Psychoanalysis of Organizations presents the theories of Sigmund Freud Melanie Klein Wilfred Bion Elizabeth Lewin and Eric Menzies in plain language and shows their relevance to normal working life First published in 1978 Robert De Board takes a wide ranging overview of the major psychoanalytic theorists and organizational researchers and analyses how the two groups can work together Written in a very accessible style it makes sophisticated psychoanalytic and management concepts comprehensible and usable for anyone New Directions in Psycho-Analysis Paula Heimann, Melanie Klein, R. E. Money-Kyrle, Melanie Klein Trust, 2013-10-11 Tavistock Press was established as a co operative venture between the Tavistock Institute and Routledge Kegan Paul RKP in the 1950s to produce a series of major contributions across the social sciences This volume is part of a 2001 reissue of a selection of those important works which have since gone out of print or are difficult to locate Published by Routledge 112 volumes in total are being brought together under the name The International Behavioural and Social Sciences Library Classics from the Tavistock Press Reproduced here in facsimile this volume was originally published in 1955 and is available individually The collection is also available in a number of themed mini sets of between 5 and 13 volumes or as a complete collection

Cultural Christians in the Early Church Nadya Williams, 2023-11-14 In the middle of the third century CE one North African bishop wrote a treatise for the women of his church exhorting them to resist such culturally normalized yet immodest behaviors in their cosmopolitan Roman city as mixed public bathing in the nude and wearing excessive amounts of jewelry and makeup The treatise appears even more striking once we realize that the scandalous virgins to whom it was addressed were single women who had dedicated their virginity to Christ Stories like this one challenge the general assumption among Christians today that the earliest Christians were zealous converts who were much more counterculturally devoted to their faith than typical churchgoers today Too often Christians today think of cultural Christianity as a modern concept and one most likely to occur in areas where Christianity is the majority culture such as the American Bible Belt The story that this book presents refutes both of these assumptions *Cultural Christians in the Early Church* which aims to be both historical and practical argues that cultural Christians were the rule rather than the exception in the early church Using different categories of sins as its organizing principle the book considers the challenge of culture to the earliest converts to Christianity as they struggled to live on mission in the Greco Roman cultural milieu of the Roman Empire These believers blurred and pushed the boundaries of what it meant to be a saint or sinner from the first to the fifth centuries CE and their stories provide the opportunity to get to know the regular people in the early churches At the same time their stories provide a fresh perspective for considering the difficult timeless questions that stubbornly persist in our own world and churches when is it a sin to eat or not eat a particular food Are women inherently more sinful than men And why is Christian nationalism a problem and at times a sin Ultimately recognizing that cultural sins were always a part of the story of the church and its people is a message that is both a source of comfort and a call to action in our pursuit of sanctification today

The Future of Religion Michael R. Ott, 2007-06-30 In the midst of the increasing antagonism between religion and secularity the sacred and the profane faith and reason currently described in terms of the clash of civilizations is religion any longer relevant or meaningful in the globalizing development of modern subjectivity inter subjectivity family society state and history If so how and to what end In the socio historical context of the highly secular neo liberal neo conservative globalization movement the question of the social meaning and relevancy of religion has entered directly into the contemporary discourse on the future of humanity This book gives expression to the research of international scholars as they wrestled with these issues during the Future of Religion courses held at the Inter university Center in Dubrovnik Croatia from 2001 2005 Contributors include Aleksandra Ba a Reimon Bachika Ale rni Anja Finger Helmut Fritzsche Denis Janz Hans Herbert K gler Werner Krieglstein Mislav Kuko Gottfried K enzlen Aurelia Margareti Michael R Ott Dunja Poto nik A James Reimer Kjartan Selnes Rudolf J Siebert Hans K Weitensteiner Brian Wilson Katarzyna Zielinska *The Wheat and the Tares* Andrew Allan Chibi, 2015-03-12 In 1500 Christians knew that God gave them the church to shepherd believers toward salvation and that it was centered at Rome and ruled by a pope Today that church is but one of forty thousand Christian

denominations each with distinctive structures and doctrines How did this happen Then as now all aspects of the church from its divine mission to its offices and operations hierarchy and bureaucracy were of interest to theologians thinkers and troublemakers alike but for ages there had been satisfaction with the status quo In the late Renaissance this gave way to frustration and heated debate as some people wanted fewer clerical controls over their lives and others sought a church more representative of its purest earliest form Ecclesiology the doctrine and theory of the church became a major controversy separating not only Roman Catholics from emerging Protestants but also Protestants from one another In the writings of the various reformers the same issues surfaced repeatedly Jesus s parable of the Wheat and the Tares was discussed often as an image of the church as reformers sought to rediscover the purity of the church as God s gift This book uses the words of a range of reformers to explain how the one church began to divide into the many *Dishonorable Passions* William N. Eskridge, 2008 A history of the government s regulation of sexual behavior traces the historical purposes behind the prohibition against sodomy in early America and continues with a discussion of how the law was referenced in different contexts in later years covering such topics as the McCarthy era the sexual revolution of the 1960s and the 2003 Supreme Court decision to decriminalize private sex between consenting adults 20 000 first printing *Experiments in Love* Emily Ralph Servant, 2021-03-12 Could it be that the stories we tell in our churches weaken our efforts to be congregations who take risks in mission for the sake of love In this thought provoking book Emily Ralph Servant suggests that the work of today s leaders is to explore new stories listen to new voices and open ourselves up to the Spirit s work of transformation *Experiments in Love* engages in a three way dialogue with feminist and liberation theologians the social and behavioral sciences and the Anabaptist tradition Out of this vibrant conversation emerges the story of a God who takes the risk of being radically present to a vulnerable world Because of God s courageous presence with us we can also take the risk of being vulnerably present to others as God invites us all to participate in God s community of life love and flourishing

Dishonorable Passions William N. Eskridge Jr., 2008-05-01 From the Pentagon to the wedding chapel there are few issues more controversial today than gay rights As William Eskridge persuasively demonstrates in *Dishonorable Passions* there is nothing new about this political and legal obsession The American colonies and the early states prohibited sodomy as the crime against nature but rarely punished such conduct if it took place behind closed doors By the twentieth century America s emerging regulatory state targeted degenerates and later homosexuals The witch hunts of the McCarthy era caught very few Communists but ruined the lives of thousands of homosexuals The nation s sexual revolution of the 1960s fueled a social movement of people seeking repeal of sodomy laws but it was not until the Supreme Court s decision in *Lawrence v Texas* 2003 that private sex between consenting adults was decriminalized With dramatic stories of both the hunted Walt Whitman and Margaret Mead and the hunters Earl Warren and J Edgar Hoover *Dishonorable Passions* reveals how American sodomy laws affected the lives of both homosexual and heterosexual Americans Certain to provoke heated debate *Dishonorable*

Passions is a must read for anyone interested in the history of sexuality and its regulation in the United States Toward an Anabaptist Political Theology A. James Reimer, 2014-10-13 A James Reimer's 1942 2010 theopolitical project intended to be a fully theologically conceptualized political theology offers a constructive and creative contribution to this burgeoning field of theological inquiry Reimer's thesis for this theologically derived politics focuses on the necessity to take seriously the biblical Trinitarian foundations for all Christian social ethics but also on the importance of astute and faithful engagement by Christians in public institutional life including the political realm While Reimer understood himself to be working as an Anabaptist and hoped to invite that tradition to embrace a more positive view of civil institutions than has historically been the case he was not limited by that tradition or beholden to take only its sources into account Ever alert to the problems inherent in every kind of reductionism and especially so in cases where theology is reduced to either ethics or politics Reimer's political theology pursues the investigation of theological realities that are to serve as the engine the generative force of a political theology that seeks to articulate both a critical and a positive constructive approach to public political life and institutions Ayn Rand Chris Matthew Sciabarra, 2015-06-13 Author of *The Fountainhead* and *Atlas Shrugged* Ayn Rand 1905 1982 is one of the most widely read philosophers of the twentieth century Yet despite the sale of over thirty million copies of her works there have been few serious scholarly examinations of her thought Ayn Rand *The Russian Radical* provides a comprehensive analysis of the intellectual roots and philosophy of this controversial thinker It has been nearly twenty years since the original publication of Chris Sciabarra's *Ayn Rand The Russian Radical* Those years have witnessed an explosive increase in Rand sightings across the social landscape in books on philosophy politics and culture in film and literature and in contemporary American politics from the rise of the Tea Party to recent presidential campaigns During this time Sciabarra continued to work toward the reclamation of the dialectical method in the service of a radical libertarian politics culminating in his book *Total Freedom Toward a Dialectical Libertarianism* Penn State 2000 In this new edition of *Ayn Rand* Chris Sciabarra adds two chapters that present in depth analysis of the most complete transcripts to date documenting Rand's education at Petrograd State University A new preface places the book in the context of Sciabarra's own research and the recent expansion of interest in Rand's philosophy Finally this edition includes a postscript that answers a recent critic of Sciabarra's historical work on Rand Shoshana Milgram Rand's biographer has tried to cast doubt on Rand's own recollections of having studied with the famous Russian philosopher N O Lossky Sciabarra shows that Milgram's analysis fails to cast doubt on Rand's recollections or on Sciabarra's historical thesis *A Companion to Ayn Rand* Allan Gotthelf, Gregory Salmieri, 2021-11-08 The first volume to offer a comprehensive scholarly treatment of Rand's entire corpus including her novels her philosophical essays and her analysis of the events of her times this *Companion* provides vital orientation and context for scholars and educated readers grappling with a controversial and understudied thinker whose enduring influence on American and world culture is increasingly recognized The first publication to provide an in depth

scholarly treatment ranging over the whole of Rand's corpus Provides informed contextual analysis for scholars in a variety of disciplines Presents original research on unpublished material and drafts from the Rand archives in California Features insightful and fair minded interpretations of Rand's controversial positions Whistleblowing and Ethics in Health and Social Care Angie Ash, 2016-05-19 Those who speak up about poor corrupt or unethical practice often do so at a great personal cost This timely book explores our understanding of the ethics of whistleblowing and shows how managers and organisations can support individuals speaking out While some professional guidelines formalize duties to speak out where there are concerns about poor or harmful practice workplace cultures often do not encourage or support this and individuals frequently find themselves victims of a backlash This book looks at the social cultural and systemic reasons that make speaking out about poor care so risky The book looks at the ethics of whistleblowing and why some people speak out about corrupt or harmful practice but many do not It offers a practical framework for creating ethically driven health and social care organizations that support and protect individuals speaking out Whistleblowing and Ethics in Health and Social Care is essential reading for students professionals and decision makers across health social care and criminal justice
