Persecution And Martyrdom In The Theology Of Paul:

Persecution and Martyrdom in the Theology of Paul John S. Pobee, 1985 *PERSECUTION & MARTYRDOM* POBEE
JOHN S., 1984 *Maccabean Martyr Traditions in Paul's Theology of Atonement* Jarvis J. Williams, 2010-01-01 In an age in which scholars continue to produce books on the nature and significance of Jesus's death books that often assume the Old Testament cult was the New Testament authors' primary background for their conception of Jesus's death Jarvis J. Williams offers a fresh and novel contribution regarding both the nature of and background influences behind Paul's conception of Jesus's death. He argues that Paul's conception of Jesus's death both as an atoning sacrifice and as a saving event for Jews and Gentiles was significantly influenced by Maccabean Martyr Theology. To argue his thesis Williams engages in an intense exegesis of 2 and 4 Maccabees while also interacting with other Second Temple Jewish texts that are relevant to his thesis. Williams further interacts with relevant Old Testament texts and the key texts in the Pauline corpus. He argues that the authors of 2 and 4 Maccabees present the deaths of the Jewish martyrs during the reign of Antiochus Epiphanes IV as atoning sacrifices and as a saving event for Israel. He further argues that although the Old Testament's cultic language certainly influenced Paul's understanding of Jesus's death at certain junctures in his letters the Old Testament cult alone which emphasized animal sacrifices cannot fully explain why or even how Paul could conceive of Jesus's death a human sacrifice as both an atoning sacrifice and a saving event for Jews and Gentiles. Finally Williams highlights the lexical theological and conceptual parallels between Martyr Theology and Paul's conception of Jesus's death. Even if scholars disagree with Williams's thesis or methodology serious Pauline scholars interested in the background influences behind and the nature and significance of Jesus's death in Paul's theology will want to interact with this work **'The Sufferings of Christ Are Abundant In Us'** Kar Yong Lim, 2009-08-11 Investigates the centrality of suffering to Paul's argument in 2 Corinthians *Paul's Emotional Regime* Ian Y. S. Jew, 2020-10-15 In his letters Paul speaks often of his emotions and also promotes certain feelings while banishing others. This indicates that for Paul emotion is vital. However in New Testament studies the study of emotions is still nascent. Current research in the social sciences highlights its cognitive and social dimensions. Ian Y. S. Jew combines rigorous social scientific analysis and exegetical enquiry to argue that emotions are intrinsic to the formation of the Pauline communities as they encode belief structures and influence patterns of social experience. By taking joy in Philippians and grief in 1 Thessalonians as representative emotions and contrasting Paul's approach with that of his Stoic contemporaries Jew demonstrates that authorized feelings have socially integrating and differentiating functions by reinforcing the shared theological realities upon which emotional norms are based. Group belonging is bolstered. Simultaneously authorized emotions fortify the theological boundaries between Christians and others which strengthens group solidarity in the Church by accentuating its members' insider status. Using this framework heuristically Jew explores how the interplay of symbolic ritual and social elements within Paul's eschatological worldview

reinforces emotional norms and demonstrates that attention to emotion can only deepen our understanding of the social formation of the early believers

Martyrdom: A Guide for the Perplexed Paul Middleton, 2011-06-02 It can be said almost without exaggeration that martyrdom has become one of the most pressing theological issues facing the contemporary world Since the attack on the World Trade Center in 2001 the world has had to face up to an Islamic manifestation of martyrdom Martyrdom has a long history as long as individuals have been dying for their faith or cause others have been telling and more importantly interpreting their stories These martyrologies are essentially conflict stories Whether a Christian confessing her faith before a bemused Roman governor or a suicide bomber blowing himself up in a crowded cafe in Jerusalem the way these stories are recounted positively or negatively reflect a wider conflict in which the narrator and his community find themselves Martyr narratives whether textual oral or even a CNN news report do more than simply report a death they also contain the interpretative framework by which that death is understood again positively or negatively When the death of a martyr is reported the way in which that story is told places that death within a larger narrative of conflict which may be regional global or even cosmic The martyr becomes a symbol of the community's desires and hopes or for that matter their terrors and fears but in either case the martyr is representative of a larger struggle and often martyrology contains the vision of how the community envisages final victory over their enemy This book aims to illuminate the way these conflict stories have been told and function principally though not exclusively within Christian Jewish and Islamic communities Continuum's Guides for the Perplexed are clear concise and accessible introductions to thinkers writers and subjects that students and readers can find especially challenging or indeed downright bewildering Concentrating specifically on what it is that makes the subject difficult to grasp these books explain and explore key themes and ideas guiding the reader towards a thorough understanding of demanding material

[The Wiley Blackwell Companion to Christian Martyrdom](#) Paul Middleton, 2020-01-27 A unique wide ranging volume exploring the historical religious cultural political and social aspects of Christian martyrdom Although a well studied and researched topic in early Christianity martyrdom had become a relatively neglected subject of scholarship by the latter half of the 20th century However in the years following the attack on the Twin Towers on September 11 2001 the study of martyrdom has experienced a remarkable resurgence Heightened cultural religious and political debates about Islamic martyrdom have in a large part prompted increased interest in the role of martyrdom in the Christian tradition The Wiley Blackwell Companion to Christian Martyrdom is a comprehensive examination of the phenomenon from its beginnings to its role in the present day This timely volume presents essays written by 30 prominent scholars that explore the fundamental concepts key questions and contemporary debates surrounding martyrdom in Christianity Broad in scope this volume explores topics ranging from the origins influences and theology of martyrdom in the early church with particular emphasis placed on the Martyr Acts to contemporary issues of gender identity construction and the place of martyrdom in the modern church Essays address the

role of martyrdom after the establishment of Christendom especially its crucial contribution during and after the Reformation period in the development of Christian and European national building as well as its role in forming Christian identities in Asia Africa and the Americas This important contribution to Christian scholarship Offers the first comprehensive reference work to examine the topic of martyrdom throughout Christian history Includes an exploration of martyrdom and its links to traditions in Judaism and Islam Covers extensive geographical zones time periods and perspectives Provides topical commentary on Islamic martyrdom and its parallels to the Christian church Discusses hotly debated topics such as the extent of the Roman persecution of early Christians The Wiley Blackwell Companion to Christian Martyrdom is an invaluable resource for scholars and students of religious studies theology and Christian history as well as readers with interest in the topic of Christian martyrdom

The Politics of Inheritance in Romans Mark Forman,2011-04-21 Mark Forman explores the extent to which Paul s concept of inheritance in Romans and its associated imagery logic and arguments served to evoke socio political expectations that were different to those which prevailed in contemporary Roman imperial discourse Forman explores how Paul deploys the idea of inheritance in Romans and analyses the sources which inform and overlap with this concept Coins literature and architecture are all examined in order to understand the purpose hopes and expectations of first century society This book contributes to recent studies covering Paul and politics by arguing that Paul s concept of inheritance subverts and challenges first century Roman ideologies

A Theology of Paul the Apostle, Part One G. Roger Greene,2023-07-21 The legacy of Paul looms large in all Christian theology While the study of Paul is not a simple task proper interpretation should be sustainable on the basis of a thorough examination of Paul s letters within their historical matrix The work Theology of Paul the Apostle is presented in two parts Part One Paul s Eschatological Gospel addresses matters relevant for Paul s appreciation of the gospel of God in the establishment of the eschatological community in Christ Paul s Judaism informs his apocalyptic description as he expresses his thought with consistent convictions within the varied contingent contexts of his communities within a Greco Roman world Part Two Cross and Atonement examines a perennial storm center within Paul s theology from both an exegetical and developmentally historical perspective Paul was embraced by the gospel of God in Christ the resurrection being the turning point of the ages While Paul s theology and the understandings of Paul must be established point by point Paul s theology has continuing relevance within the very different matrix of a postmodern world

The Fate of the Apostles Sean McDowell,2024-12-17 The Book of Martyrs by John Foxe written in the sixteenth century has long been the go to source for studying the lives and martyrdom of the apostles While other scholars have written individual treatments on the more prominent apostles such as Peter Paul John and James there is little published information on the other apostles In The Fate of the Apostles Sean McDowell offers a comprehensive reasoned historical analysis of the fate of the Twelve disciples of Jesus along with the apostles Paul and James the brother of Jesus McDowell assesses the evidence for each apostle s martyrdom as well as determining its significance to the reliability

of their testimony The question of the fate of the apostles also gets to the heart of the reliability of the kerygma Did the apostles really believe Jesus appeared to them after his death or did they fabricate the entire story How reliable are the resurrection accounts The willingness of the apostles to die for their faith is a popular argument in resurrection studies In this thoroughly updated new edition McDowell offers insightful scholarly analysis of this argument to break new ground within the spheres of New Testament studies Church History and apologetics *Missions in Context of Violence* Keith E. Eitel, 2007-09-15 This volume deals with the contexts of violence In an age of increasing concern for this type of missionary work the missions community needs to hear from those that have reflected on the multifaceted elements involved in understanding the phenomenon of martyrdom persecution violence as it relates to telling the age old Gospel story The place to begin is with Biblical and theological analysis followed by the grounding provided by constructing consequent lifestyles strategies and practices in physically risky settings Finally insights from the live settings of violence are warranted

Martyrdom and Identity Michael P. Jensen, 2010-05-13 This book addresses the need for an account of Christian discipleship which addresses matters of selfhood and identity in the contemporary context It will help its readers perform Christian scripture more ably in the light of the witness of Christian martyrs *A Theology of the Cross* Charles B. Cousar, 1990-05-01 In Paul's epistles the crucifixion story reveals a God who is free and in no way bound by human categories or expectations Yet God in Christ chooses to be engaged in the very depths of the human predicament The message of the crucifixion is that God's power is manifested in weakness not in strength The author believes that this weakness as strength should be the focal point of the church's identity However a celebration of weakness is in complete opposition to traditional American beliefs in personal strength and a powerful church **Martyrdom and Memory** Elizabeth Castelli, 2004-10-15 Martyrs are produced Elizabeth Castelli suggests not by the lived experience of particular historical individuals but by the stories that are later told about them And the formulaic character of stories about past suffering paradoxically serves specific theological cultural or political ends in the present *Martyrdom and Memory* explores the central role of persecution in the early development of Christian ideas institutions and cultural forms and shows how the legacy of Christian martyrdom plays out in today's world In the pre-Constantinian imperial period the conflict between Roman imperial powers and the subject Christian population hinged on competing interpretations of power submission resistance and victory This book highlights how both Roman and Christian notions of law and piety deployed the same forms of censure and critique each accusing the other of deviations from governing conventions of gender reason and religion Using Maurice Halbwachs's theoretical framework of collective memory and a wide range of Christian sources autobiographical writings martyrologies and saints' lives sermons art objects pilgrimage souvenirs and polemics about spectacle Castelli shows that the writings of early Christians aimed to create public and ideologically potent accounts of martyrdom The martyr's story becomes a usable past and a living tradition for Christian communities and an especially effective vehicle for transmitting ideas about gender power

and sanctity An unlikely legacy of early Christian martyrdom is the emergence of modern martyr cults in the wake of the 1999 shootings at Columbine High School Focusing specifically on the martyr cult associated with one of the victims Martyrdom and Memory argues that the Columbine story dramatically expresses the ongoing power of collective memory constructed around a process of rendering tragic suffering redemptive and meaningful In the wake of Columbine and other contemporary legacies of martyrdom s ethical ambivalence the global impact of Christian culture making in the early twenty first century cannot be ignored For as the last century s secularist hypothesis sits in the wings religion returns to center stage with one of this drama s most contentious yet riveting stars the martyr A New Vision, a New Heart, a Renewed Call David Claydon,2005 Paul's Seven Explanations of the Suffering of the Righteous Barry D. Smith,2002 Smith religious studies and philosophy Atlantic Baptist University identifies seven explanations of the suffering of the righteous presented in Paul s letters He elucidates these explanations by placing them in context against a Jewish religious historical background The role of persecution the depiction of suffering as remedial the pedagogical role of suffering and the relationship between human suffering and Christ s suffering are specifically discussed Annotation copyrighted by Book News Inc Portland OR

Hellenistic Jews and Consolatory Rhetoric Christine R. Trotter,2023-12-08 Christine R Trotter elucidates how Hellenistic Jewish writers attempted to comfort those living in the midst of and in the wake of persecution and violence While past scholarship has explored this question primarily in terms of the development of Jewish apocalypticism and afterlife beliefs Christine R Trotter takes a comprehensive approach by investigating how Hellenistic Jewish authors engaged with ancient consolatory rhetoric that is the means of persuasion intended to move a suffering person out of grief and into joy Through studies on 2 Maccabees the Wisdom of Solomon 1 Thessalonians and Hebrews the author explicates how Hellenistic Jewish authors navigated the diverse traditions of consolation within their biblical heritage and Greco Roman culture Her work has important implications for the genre of 1 Thessalonians and the dates of composition of the Wisdom of Solomon and Hebrews

Execution and Invention Beth A. Berkowitz,2006-03-23 The death penalty in classical Judaism has been a highly politicized subject in modern scholarship Enlightenment attacks on the Talmud s legitimacy led scholars to use the Talmud s criminal law as evidence for its elevated morals But even more pressing was the need to prove Jews innocence of the charge of killing Christ The reconstruction of a just Jewish death penalty was a defense against the accusation that a corrupt Jewish court was responsible for the death of Christ In *Execution and Invention* Beth A Berkowitz tells the story of modern scholarship on the ancient rabbinic death penalty and offers a fresh perspective using the approaches of ritual studies cultural criticism and talmudic source criticism Against the scholarly consensus Berkowitz argues that the early Rabbis used the rabbinic laws of the death penalty to establish their power in the wake of the destruction of the Temple Following recent currents in historiography Berkowitz sees the Rabbis as an embattled almost invisible sect within second century Judaism The function of their death penalty laws Berkowitz contends was to create a complex ritual of execution under rabbinic

control thus bolstering rabbinic claims to authority in the context of Roman political and cultural domination Understanding rabbinic literature to be in dialogue with the Bible with the variety of ancient Jews and with Roman imperialism Berkowitz shows how the Rabbis tried to create an appealing alternative to the Roman paganized culture of Palestine s Jews In their death penalty the Rabbis substituted Rome s power with their own Early Christians on the other hand used death penalty discourse to critique judicial power But Berkowitz argues that the Christian critique of execution produced new claims to authority as much as the rabbinic embrace By comparing rabbinic conversations about the death penalty with Christian ones Berkowitz reveals death penalty discourse as a significant means of creating authority in second century western religious cultures Advancing the death penalty discourse as a discourse of power Berkowitz sheds light on the central relationship between religious and political authority and the severest form of punishment
