Nomadism in Iran Daniel T. Potts, 2014 Potts examines the development of nomadism in Iran

over the course of three millennia Evidence of nomadism in prehistory is examined and found insufficient to justify claims of its great antiquity The background of the earliest nomadic groups identified as Persian tribes by Herodotus is examined within the context of the migration of Iranian speakers onto the Iranian plateau in the late second or early first millennium B C Thereafter evidence of nomadic groups in Late Antiquity and early Islamic times is reviewed *Bulletin* University of Michigan. Museum of Art,2000 Marathon Richard A. Billows,2011-11-01 This lively ancient history demonstrates how the Athenian victory against Persian invaders was critical to the development of Western society The Battle of Marathon in 490 B C is widely considered the most decisive event in the struggle between the Greeks and the Persians In Marathon historian Richard Billows goes further arguing that it was also the most significant moment in our collective history As 10 000 Athenian citizens faced a Persian military force of more than 25 000 Greek victory appeared impossible But the men of Athens were tenacious and the Persians were defeated Following the battle the Athenian hoplite army ran 26 5 miles from Marathon to Athens to defend their port from the Persian navy Greek freedom ensued and the achievements of the culture became much of the basis for Western civilization *The Baloch Conflict with Iran and Pakistan* Naseer Dashti,2017-02-10 The book is about history of the Baloch conflict with Iran and Pakistan The work describes and analyzes from the very beginning the protracted and bloody struggle of the Baloch against Iran and Pakistan It is an attempt to answer some of the pertinent questions regarding the background and contextual factors of this long drawn conflict The book analyzes the strength and weaknesses of opposing parties in the conflict and it discusses the role of regional and international interest groups It is also an overview of the problems facing the Baloch national struggle in both countries and prospects for the success of the Baloch resistance in near future **Susa and Elam. many questions about the history and chronology archaeology economy language of Babylonia during this period are still unsolved This volume brings together eleven contributions by leading scholars in the Sealand and Kassite period approaching those questions from an archaeological ethnological historical linguistic and economical point of view The book opens with an introduction into the history and research on Babylonia under the Sealand Dynasty and the Kassites The Culture and Social Institutions of Ancient Iran Muhammad A.
