*Chomolungma Sings the Blues* Ed Douglas, 2001 Everest a mountain known all around the world and surrounded by the tragic romanticism of climbers risking everything for a dream Although much has been written on the feats and accomplishments of these climbers what about the people who actually live in the shadow of the mountain and the ways climbers and trekkers affect their lives Ed Douglas spent time traveling in Nepal and Tibet talking to politicians environmentalists and mountaineers to local people who live around the mountain they call Chomolungma Goddess Mother of the World This sensitive account of Douglas travels explores the issues facing a region struggling to develop and change issues brought on by the growing mountaineering and trekking industries issues that go far beyond how to clear up all the piling rubbish climbers leave behind With honesty and humor Chomolungma Sings the Blues sheds a new and different light on the mountain and its people

*Flowers, Dragons & Pine Trees* Mary M. Dusenbury, 2004 This beautifully illustrated volume introduces a little known but outstanding collection of Asian textiles in the Spencer Museum of Art at the University of Kansas

*When Silk was Gold* James C. Y. Watt, Anne E. Wardwell, 1997 The material presented in this volume significantly extends what has been known to date of Asian textiles produced from the Tang 618-907 through the early Ming period late 14th early 15th century and new documentation gives full recognition to the importance of luxury textiles in the history of Asian art Costly silks and embroideries were the primary vehicle for the migration of motifs and styles from one part of Asia to another particularly during the Tang and Mongol 1207-1368 periods In addition they provide material evidence of both the cultural and religious ties that linked ethnic groups and the impetus to artistic creativity that was inspired by exposure to foreign goods

*Symbol, Pattern and Symmetry* Michael Hann, 2013-11-21 Symbol Pattern and Symmetry The Cultural Significance of Structure investigates how pattern and symbol has functioned in visual arts exploring how connections and comparisons in geometrical pattern can be made across different cultures and how the significance of

these designs has influenced craft throughout history The book features illustrative examples of symbol and pattern from a wide range of historical and cultural contexts from Byzantine Persian and Assyrian design to case studies of Japanese and Chinese patterns Looking at each culture s specific craft style Hann shows how the visual arts are underpinned with a strict geometric structure and argues that understanding these underlying structures enables us to classify and compare data from across cultures and historical periods Richly illustrated with both colour and black and white images and with clear original commentary the book enables students practitioners teachers and researchers to explore the historical and cultural significance of symbol and pattern in craft and design ultimately displaying how a geometrical dialogue in design can be established through history and culture
