VIRTUES, VICES, AND THE IMAGE OF GOD
A Four Part Series Presented by Meghan Bowen

WEDNESDAYS STARTING AT 7 PM
SEPTEMBER 27, OCTOBER 4, 11 & 18

The Catholic Church has a long tradition of thinking about how to live a life that imitates God's goodness. We are made in the Image of God but we have to learn gradually how to live in a way that allows this Image to shine through. Virtues, vices, and our own efforts all combine with God's love for us to shape, not only our actions, but who we are as children of God. Over four talks, we will explore how we can live a moral life that leads us to become the kind of person God wants us to be.

Meghan Bowen is a PhD candidate at Regis College (Toronto). Her research examines Augustine's theology of marriage within his historical context in hopes of bringing new insights and consideration to current theological discussions of marriage.

Along with an MA Theology (Saint Paul University, Ottawa), Meghan also holds an MA Ethnomusicology (Memorial University of Newfoundland, St. John's).

All are Welcome!

The Heart of Man; God's Target Alfredo Harold Geil, 2009-08 The Heart of Man God's Target Part One is Harold's autobiography It is a captivating account beginning with the author's parents leaving Germany at the end of World War I and settling in Buenos Aires Argentina where Harold was born and raised He became fluent in three languages and at age twenty was drafted into the Argentinean Army Soon thereafter he was chosen among thousands as the interpreter for the 1952 Argentinean Equestrian Olympic Team that toured Europe for seven months After discharge from the Army Harold enjoyed working for two international German corporations where he held several management positions but political upheaval prompted Harold to fulfill his dream to leave for the USA Part Two outlines hindrances that prevent Christians from truly enjoying God by failing to appropriate the power promises and faith of Jesus Christ Harold Alfredo Geil is a sincere man of God who spent years in the corporate world as an electrical engineer While still in Argentina he married his high school sweetheart and was blessed with two boys Later in the USA they were blessed with a daughter But shortly before retirement his wife of 28 years died Through the pain of this experience and other hardships his desire to comfort the brokenhearted increased In 1984 Harold married Jeanie who shared his vision for ministry Together they have five children twelve grandchildren and two great grandchildren Harold and his wife Jeanie have been a tangible gift of love to many In 1995 they founded Fullness of Christ Ministries Inc bringing God's healing to the brokenhearted So it should be of no surprise that a man who walks so closely with God exudes genuine fatherly love and the preciousness they both manifest extends into their marriage and to their children and families

Richard Cross, 2024-09-16 This book traces developments in Christology and specifically the metaphysics of the union of divine and human natures in one person from 1050 the age of Anselm of Canterbury to 1250 the age of Albert the Great During the first part of the period the key issue is the conflict between Augustine s homo assumptus assumed man Christology defended by the Victorines and that of Boethius s Chalcedonian Christology defended by Gilbert of Poitiers

sometimes known as the subsistence theory By 1180 the latter of these was almost universally accepted A third view apparently accepted by Peter Lombard among others according to which it is not true that Christ as man is something the non aliquid Christology was condemned in 1177 The second part of the book traces the way in which theologians attempted to develop the presentation of Conciliar Christology by working out inchoate solutions to some of the metaphysical questions that the issue raises what is the nature of the hypostatic union between the two natures or the human nature and the divine person is it something created or something uncreated And given that the human nature is a particular substance what prevents it from being a person Theologians used insights from both of the rejected theories the homo assumptus Christology and the non aliquid Christology in attempting to answer these issues The early thirteenth century saw both the founding of the universities of Paris and Oxford and the founding of the Franciscan and Dominican orders The book explores the impact of these religious identities on the formation of Christological teaching
