Person And God Studies In Metaphysics Volume 3:

Trinitarian Personhood Bill Ury, 2002-02-01 The concept of the person is a crucial yet elusive component in the development of Western thought Few concepts are as replete with definitional difficulty Equally important is the application of a proper definition to all major Christian doctrinal commonplaces This work recognizing the insufficiency of modern theology to offer a cogent concept of person proposes a thorough historical and theological evaluation of Trinitarian personhood presented in three critical paradigm shifts by which one can measure the development of the idea of true personhood presented The three watershed eras of discernment of divine personhood presented are seen here as first the Cappadocian position of the mutual indwelling perichoresis of the divine persons is contrasted with Augustine's view of the place of relations in defining divine persons Second the ideas of Richard of St Victor whose caritas consummata and its relational implications met the nemesis of the Thomistic category of subsistent relations And last as an example of this important discussion in modernity the German Heribert Mühlen's dynamic phenomenological approach to Trinitarian personhood is offered as a means of countering the implicit modalisms of Barth and Rahner If the personhood of God is in essence Being in Another then Christianity must apply that ontology to all sectors of reality to be fully Christian **The Glory of the Lord:**

A Theological Aesthetics, Vol. 3 Hans Urs von Balthasar, 1986-01-01 Henri de Lubac has described von Balthasar as probably the most cultured man in Europe In volumes II and III von Balthasar shows the extraordinary range of his knowledge and expertise in a series of essays designed to illustrate different ways in which theologians have shared their work What he offers is a typology of the relationship between beauty and revelation which shows that there neither has been nor could be any true great and historically fruitful theology which was not expressly conceived and born under the constellation of beauty and grace Volume III contains studies of Dante John of the Cross Pascal Hamann Soloviev Hopkins and Peguy **And Was Made Man** Robin Le Poidevin, 2023 The idea that God became human in Christ seems paradoxical surely nothing can be both divine and human Robin Le Poidevin deploys the resources of contemporary metaphysics to show how even the apparently unchangeable aspects of the divine might be relinquished by God the Son The Irreducibility of the Human Person Mark K. Spencer, 2022-03-25 This book presents a philosophical portrait of human persons that depicts each way in which we are irreducible with the goal of guiding the reader to perceive wonder at and love all the unique features of human persons It builds this portrait by showing how claims from many strands of the Catholic tradition can be synthesized These strands include Thomism Scotism phenomenology personalism nouvelle théologie analytic philosophy and Greek and Russian thought The book focuses on how these traditions' claims are grounded in experience and on how they help us to perceive irreducible features of persons This book also explores irreducible features of our subjectivity senses intellect freedom and affections and of our souls bodies and activities **Research on Culture and Values** George F. McLean, 1989 The Nature of Metaphysical Knowledge George F. McLean, Hugo Anthony Meynell, 1988 **Values in**

Islamic Culture and the Experience of History N. S. Kirabaev, Илья́ Микха́йлович Почта, 2002 **Solidarity with the World** Carolyn A. Chau, 2016-11-15 Is Christian mission even possible today In a secular age is it possible to talk about the goodness of God in a compelling way How should the church proceed Carolyn Chau explores the question of Catholic mission in a secular age through a constructive interpretation of the work of two celebrated Catholic thinkers philosopher Charles Taylor and theologian Hans Urs von Balthasar arguing that Taylor and Balthasar together offer a promising path for mission today Chau attends to Taylor's account of the conditions of belief today and the genesis of the sociohistorical limits on contemporary God talk as well as his affirmation of certain aspects of Western modernity's culture From Balthasar Chau sifts out the distinctiveness of his view of the human person as defined by mission and his encouragement of a kenotic self understanding of the church In the end Chau claims that if modern persons in secular Western societies are seeking fulfillment and integrity Christian spirituality remains a rich resource on offer *Anselm Revisited* Robert D. Shofner, 2023-10-09 *The Mysticism of Ordinary Life* Andrew Prevot, 2023 *The Mysticism of Ordinary Life* presents a new vision of Christian mystical theology offering critical interpretations of the theologians philosophers and intersectional feminists who draw on mystical traditions to affirm ordinary life arguing that everyday experiences of divine grace can be an empowering source of social transformation غزّالِيّ، 2001 **From Divine Timemaker to Divine Watchmaker** R.T. Mullins, 2024-10-24 This book offers the most extensive exploration of divine temporality to date It focuses on five main questions First what is time Second how is God responsible for the existence of time Third what does it mean to say that God is temporal Fourth what kind of structure might God give to a time series Fifth what are the implications for theological doctrines such as the Trinity creation providence and life after death The author offers a deep critical engagement with the Christian tradition but also goes beyond to build analytic bridges to Jewish Islamic Hindu and Jainist philosophical theology The book provides an up to date discussion of issues within analytic metaphysics philosophy of time and philosophy of religion and draws on the resources of contemporary systematic historical and biblical theology **Modern Western Christian Theological Understandings of Muslims Since the Second Vatican Council** Mahmut Aydin, 2002 *The Devil's Advocate versus God's Honest Truth* Necip Fikri Alican, 2025-02-27 *The Devil's Advocate versus God's Honest Truth* is a scholarly monograph exploring the rationality of religion particularly the tenability of theism through a dialectical analysis of plausible arguments for the existence of God versus reasonable grounds for suspicion It offers a comprehensive and balanced coverage of the issues inviting readers to reflect and ponder the subject in its full scope The book thus makes up for the missing objectivity in an area that has long been dominated by sectarian scholarship and polarized beyond reconciliation *Religion and Political Structures* John T. Ford, Robert A. Destro, Charles Richard Dechert, 2005 **Identity and Coherence in Christology** Paul S. Scott, 2023-09-29 This book explores a number of closely related logical and metaphysical questions relating to the identity of Jesus Christ In particular it considers What

does Jesus Christ name and How may Jesus Christ be the subject of both divine and human attributes given their apparent incompatibility The author draws on analytic and scholastic influences and integrates them into a rehabilitation of the neglected habitus theory of the hypostatic union The theory maintains a real identity between Christ and the Word and emphasises the instrumental or possessory dimension of Christ's relationship to his human nature This approach allows for an account of the hypostatic union that is true to the indispensable articles of classical Christology and which satisfies the demands of logical coherence Yet at no point is the mystery of the Incarnational event reduced to the strictures of creaturely comprehension The book will be of particular interest to scholars of Christology analytic theology and the philosophy of religion

Gabriel Marcel and American Philosophy David W. Rodick, 2017-04-12 Gabriel Marcel and American Philosophy The Religious Dimension of Experience examines the philosophy of Gabriel Marcel and its relationship to key figures in classical American Philosophy in particular Josiah Royce William Ernest Hocking and Henry Bugbee Few scholars have taken sufficient note of the fact that Gabriel Marcel's thought is vitally informed by classical American philosophy Marcel's essays on Royce offer a window into the soul of Marcel's recent philosophical development The idealism of early Marcel stemmed from an omnipresent sense of a broken world an experience of rent or tear within the tissue of experience similar to what John Dewey referred to as an inward laceration of the spirit Furthermore Marcel's intuition concerning the primacy of intersubjective experience can help us understand W E Hocking's thought Finally Marcel's notion of *l'exigence ontologique* clarifies his relationship to Henry Bugbee Marcel and Bugbee explore the contour of experience the indigenous circuit of associations pertaining to the self as *coesse* Through a reflexive act Marcel refers to as *ingatherdness* the self undergoes increasing degrees of unification by experiencing an act of faith made explicit only in a dialectical act of participation David W Rodick shows that Marcel's relationship to these American philosophers is not coincidental but rather the philosophical expression of his Christian faith Marcel's most important legacy is his commitment to unity of Christian philosophizing a unity derived from both reason and revelation Its diversity stems from the objective plurality of what is pursued as well as the subjective plurality of those who pursue it Christian philosophizing seeks a truth that every Christian believes can never be untrue to itself

The Trinity H.E. Baber, 2019-06-30 the doctrine of the Trinity developed in response to a range of theological interests among them the project of reconciling claims about the divinity of Christ with monotheism and massaging Christian doctrine into the ambient largely Platonic philosophical framework of the period More recently the Trinity doctrine has been deployed to promote normative claims concerning human nature human relationships and social justice During the past two decades analytic philosophers of religion have increasingly engaged with the doctrine There are however a number of foundational questions that have not been addressed in the philosophical literature The Trinity A Philosophical Investigation considers the competing accounts of the Trinity doctrine whether orthodox or heterodox and aims to respond to objections and explicate their motivations and entailments
