## **Personal And The Political:**

*The Personal and the Political (RLE Social Theory)* Paul Halmos, 2014-08-21 Are human misery poverty and despair a result of personal inadequacy or social injustice Therefore is the solution to these problems psychotherapy or political action In one of the most important books on social work for a decade Paul Halmos tries to resolve a dilemma which many social workers experience acutely the conflict between a desire to help those in need and a fear that by doing so they merely support a political system which should itself be changed Such a dilemma was highlighted during the sixties when casework and personal counselling became discredited by the rediscovery of widespread poverty and inequality in western society To many the only solution seemed to be urgent and radical political action For Professor Halmos the realities are more complex an exclusive preoccupation with either personal or political solutions is unlikely to prove fruitful what is needed is a dual sensitivity and balance Yet for the author it is the political solution which carries within it the greater risk and he warns of the dangers inherent in the total politicization of social concerns He argues that social action can become political action and ultimately political control

*Making the Personal Political* Jane Fenoulhet, 2017-12-02 Making the Personal Political is an interdisciplinary account of a now forgotten success story in the history of the society and culture of the Netherlands While Dutch women had apparently retreated into domesticity after gaining the vote in 1919 women writers were out there in the market place selling the inside story of women s lives Eight case studies of women writers between 1919 and 1970 trace the unconscious politics of the personal in narratives of women s identity and experience through close readings of texts located in the culture of the time Jane Fenoulhet whose knowledge of Dutch literature and culture in the twentieth century is unparalleled in the English speaking world tracks the public representation of women s private project of self development to the moment when the personal is finally accepted as politically important in Dutch society

**First Person Political** Grant Reeher, 2006-01-30 In First Person Political Grant Reeher combats the public s alienation from and distrust of politicians by putting a personal face on everyday political life Through moving personal interviews Reeher allows legislators to tell their own stories about how and why they came to politics the experience of serving in their state legislature their decisions to stay or leave and the many trials they face in the name of public service Reeher contends that these politicians do have the public good in mind and often suffer great personal losses for their chance to represent the people and fight for what they think is right His research also shows that those who choose to run for office often come from a background of deep community involvement Reeher argues against public cynicism about our elected officials and his profiles stir not only our praise and respect for these legislators but also a greater belief in the democratic process itself The excerpts from his interviews provide a rarely afforded intimate look at these politicians What emerges from these stories is a humane and believable portrait of public servants acting on behalf of the public good a portrait that should provide some comfort perhaps even inspiration for citizens concerned about the state of American democracy

Farrelly,2004 Contemporary Political Theory A Reader provides an accessible introduction to the key works of major contemporary political theorists Key theorists and writers include John Rawls Robert Nozick Michael Walzer Michael Sandel Susan Okin Will Kymlicka Iris Marion Young Charles Taylor Nancy Fraser and John Dryzek *Private Ambition and Political Alliances* Sara E. **Chicago Daily News Almanac and Political Register** ,1919 *The New Town Hall* Gina M. Masullo,2020-09-22

Drawing on in depth interviews with a wide variety of people this book answers two questions How and why do we personally engage with elected officials online and offline What influence does this personal political engagement have on our democracy Never before has it been so easy for Americans to make their personal views known to their elected officials Citizens can tweet their opinions to their political representatives or respond to a Facebook post on politicians pages to convey their approval or dislike for policies They can engage politically through virtual town halls or show up in person at a protest easily organized through digital platforms But this mediated relationship also makes it easy for politicians to push back against the opinions of their constituents by deriding their views or even blocking them online The New Town Hall gives readers a firsthand look at personal political experiences through vivid stories from a variety of Americans Researcher and former journalist Gina Masullo documents how Americans feel when they are blocked on social media and demonstrates how political talk with elected officials both online and offline leads to more involved types of political participation such as protests or campaigning for political candidates She contextualizes these personal political experiences with an eye toward understanding how these interactions influence the democratic process American Almanac and Treasury of Facts, Statistical, Financial, and Political ,1883 **An American Almanac and Treasury of Facts, Statistical, Financial, and Political, for the Year ...** ,1882 **Shades of Springsteen** John Massaro,2021-07-16 One of the secrets to Bruce

Springsteen s enduring popularity over the past fifty years is the way fans feel a deep personal connection to his work Yet even as the connection often stays grounded in details from his New Jersey upbringing Springsteen s music references a rich array of personalities from John Steinbeck to Amadou Diallo and beyond inspiring fans to seek out and connect with a whole world s worth of art literature and life stories In this unique blend of memoir and musical analysis John Massaro reflects on his experiences as a lifelong fan of The Boss and one of the first professors to design a college course on Springsteen s work Focusing on five of the Jersey rocker s main themes love masculinity sports politics and the power of music he shows how they are represented in Springsteen s lyrics and shares stories from his own life that powerfully resonate with those lyrics Meanwhile paying tribute to Springsteen s inclusive vision he draws connections among figures as seemingly disparate as James Joyce Ta Nehisi Coates Thomas Aquinas Bobby Darin and Lin Manuel Miranda Shades of Springsteen offers a deeply
