

The background of the book cover is a collage of travel-related items. In the top left, a blue passport is partially visible with the word 'PASSPORT' printed in gold. Below it, a brass compass with a white face and black markings is shown. To the right, a portion of a map is visible, showing a blue sky with white clouds. In the top right corner, a pair of glasses is partially visible. The title 'PERSONAL EFFECTS' is superimposed over this collage in large, bold, black letters with a white outline.

**Personal Effects** Ronna Bloom, 2000 These Personal Effects add up to a life in all its clutter and grace its fear and anger and desire Bloom's voice is a torch sending its searing fearless light into the well of self She knows the well is bottomless and dangerous She goes in anyway Stephanie Bolster Personal Effects Nancy Caronia, Edvige Giunta, 2014-10-15 Celebrating one of the most important Italian American female authors of our time Personal Effects offers a lucid view of Louise DeSalvo as a writer who has produced a vast and provocative body of memoir writing a scholar who has enriched our understanding of Virginia Woolf and a teacher who has transformed countless lives More than an anthology Personal Effects represents an author case study and an example for modern Italian American interdisciplinary scholarship Personal Effects examines DeSalvo's memoirs as works that push the boundaries of the most controversial genre of the past few decades In these works the author fearlessly explores issues such as immigration domesticity war adultery illness mental health sexuality the environment and trauma through the lens of gender ethnic and working class identity Alongside her groundbreaking scholarship DeSalvo's memoirs attest to the power and influence of this feminist Italian American writer *Personal Effects* Deborah Holdstein, David Bleich, 2002 Holdstein and Bleich compile a volume that cuts across the grain of current orthodoxy These editors and contributors argue that it is fundamental in humanistic scholarship to take account of the personal and collective experiences of scholars researchers critics and teachers They contend that humanistic inquiry cannot develop successfully at this time without reference to the varieties of subjective inter subjective and collective experience of teachers and researchers In composition studies they point out an important strand of theory has continuously mined the personal experience of individual writers where they stand even in a destabilised sense of that idea Such substantive accounts of the inner academic life provide appropriate and rich contexts for further study and analysis With this volume then these scholars move us to explore the intersections of the social with subjectivity with voice ideology and culture and to consider the roles of these in the work of academics who study writing and literature Taken together the essays in this collection carry forward the idea that the personal the candidly subjective and inter subjective must be part of the subject of study in humanities scholarship They propose an understanding of the personal in scholarship that is more helpful because more clearly anchored in human experience Poetry from Sojourner Ruth Lepson, 2004 Collection of poems from 25 years of Sojourner For much of its history Sojourner was the most widely circulated feminist literary journal in America and more than 1 200 poems have appeared in its pages since it began publication in 1975 Nearly 150 of those poems are collected in this volume where together they form a powerful testament to the vibrancy wit and diversity of feminist poetry In addition to works by such well known poets as Molly Peacock Nikki Giovanni Betsy Sholl and Adrienne Rich this collection includes poems by women from a host of different backgrounds including many whose work appeared in print for the first time in Sojourner Some of these poems explode with energy others speak with a haiku like softness some discuss love lust and sexuality while

**Spanish Poetry of the Twentieth Century** Andrew Debicki, 2021-12-14 Twentieth century Spanish poetry has received comparatively little attention from critics writing in English Andrew Debicki now presents the first English language history published in the United States to examine the sweep of modern Spanish verse More important he is the first to situate Spanish poetry in the context of European modernity to trace its trajectory from the symbolists to the postmodernists Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject He demonstrates that contemporary Spanish verse is rooted in the modern

tradition and poetics that see the text as a unique embodiment of complex experiences He then traces the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern especially the poetics of text as process rather than as product By centering his study on major periods and examining within each the work of poets of different ages Debicki develops novel perspectives The late 1960s and early 1970s for example were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound intertextual and often self referential lyricism This book will be essential reading for specialists in modern Spanish letters for advanced students and for readers interested in comparative literature

**Selected Poems and Letters** Arthur Rimbaud, 2004-09-02 A phenomenally precocious schoolboy Rimbaud was still a teenager when he became notorious as Europe's most shocking and exhilarating poet During his brief 5 year reign as the enfant terrible of French literature he produced an extraordinary body of poems that range from the exquisite to the obscene while simultaneously living a life of dissolute excess with his lover and fellow poet Verlaine At the age of 21 he abandoned poetry and travelled across Europe before settling in Africa as an arms trader This edition sets the two sides of Rimbaud side by side with a sparkling translation of his most exhilarating poetry and a generous selection of the letters from the harsh and colourful period of his life as a colonial trader
