Renoir Paul Joannides,2000 In the autumn of 1644 was fought one of the most sustained and desperate sieges of the First Civil War when Scottish Covenanter forces under the Earl of Leven finally stormed Newcastle upon Tyne the King s greatest bastion in the north east and the key to his power there The city had been resolutely defended throughout the year by the Marquis of Newcastle who had defied both the Covenanters and Northern Parliamentarians Newcastle had held sway in the north east since the outbreak of the war in 1642 He had defeated the Fairfaxes at Adwalton Moor and secured the City of Newcastle as the major coal exporter and port of entry for vital Royalist munitions and supply Without this the north was lost if anything Newcastle was more important in strategic terms than York and it was the City s fall in October which marked the final demise of Royalist domination of the north The book tells the story of the people who fought there what motivated them and who led them there It is also an account of what happened on the day a minute by minute chronicle of Newcastle s bloodiest battle The account draws heavily on contemporary source material some of which has not received a full airing in the past The siege is celebrated by the motto under the city coat of arms It reads Fortiter Defendit Triumphans which means She bravely and triumphantly defends

Renoir and His Art Keith Wheldon,Auguste Renoir,1975-01-01 **Renoir and His Art**

Keith Wheldan, 2012 **Renoir at the Theatre** Auguste Renoir, John House, Nancy Ireson, Courtauld Institute Galleries, Aileen Ribeiro, 2008 This volume presents the story of Pierre Auguste Renoir's painting dubbed La Loge The Theatre Box created in 1874 This work is one of the masterpieces of Impressionism Its depiction of an elegant couple on display in a box at the theater epitomizes the Impressionists interest in the spectacle of modern life At the heart of the painting is the complex play of gazes enacted by these two figures In turning away from the performance Renoir focused instead upon the theater as a social stage where status and relationships were on public display This book unites La Loge with Renoir's other treatments of the subject and with loge paintings by contemporaries including Mary Cassatt and Edgar Degas Concentrating on the early years of Impressionism during the 1870s the book explores how these artists used the loge to capture the excitement and changing nature of fashionable Parisian society The Art of Impressionism Anthea Callen, 2000-01-01 Drawing on scientific studies of pigments and materials artists treatises colourmen's archives and contemporary and modern accounts Anthea Callen demonstrates how raw materials and paintings are profoundly interdependent She analyses the material constituents of oil painting and the complex processes of making entailed in all aspects of artistic production discussing in particular oil painting methods for landscapists and the impact of plein air light on figure painting studio practice and display Insisting that the meanings of paintings are constituted by and within the cultural matrices that produced them Callen argues that the real modernity of the Impressionist enterprise lies in the painters material practices **BOOK JACKET Monet & Renoir** Charles River Charles River Editors, 2018-01-11 Includes pictures Includes the artists quotes about their lives and art Includes online resources and a bibliography for further reading Includes a table of contents To get a sense of the kind of prestige that Claude Monet enjoys within the art world one need only learn that his *Le Bassin Aux Nymphes* 1919 from his series of paintings featuring water lilies sold for the equivalent of more than 70 million This is an incredibly staggering price especially considering that early in his life Monet had been so poor and debt ridden that some of his paintings were taken from him by creditors How exactly did Monet progress from being an impoverished young Impressionist artist working at the vanguard of European art to the legendary Master whose works command prices near the very pinnacle of the art world Naturally Monet's commercial success soared exponentially in the decades following his death in 1926 at a time in which the prices commanded by the great Masters of Western art began rising in price at exponential rates Yet even during his own lifetime Monet enjoyed a sharp rise to fame and was canonized as one of the greatest painters in France Following sharply in the footsteps of Edouard Manet Claude Monet was one of the first painters identified within the Impressionist circle indeed it was Monet himself who coined the label of Impressionist after using it in the title of one of his paintings Where some artists reach the peak of their acclaim early in life Monet's star continued to rise even throughout his old age although some would argue that the last decade or so of his life were anticlimactic at least from an artistic standpoint his landmark water lilies were made during his elderly years And even

though Monet would continue to paint well after the canonical period of Impressionism had ended his name was and remains synonymous with Impressionism along with cherished acquaintances of his including such luminaries as Pierre August Renoir Camille Pissarro and Edouard Manet Simply put Monet is a monumental figure when it comes to examining Western art during the second half of the 19th century Pierre Auguste Renoir stands alongside Claude Monet at the very peak of Impressionist painting and though neither of them can be credited with founding the movement that honor likely goes to Edouard Manet or Edgar Degas Renoir and Monet remain inextricably tied to the key characteristics of Impressionism loose brushwork outdoor painting an emphasis on capturing natural light and shadow and a focus on remaining in Paris and the surrounding countryside Yet if Monet and Renoir are each remembered for their affiliation with these descriptors differences nevertheless distinguish them especially the fact that Renoir concentrated less on nature than did Monet attending instead to scenes depicting Parisian leisure activity This thematic concern for depicting scenes of idyllic Parisian enjoyment such as rowing in boats or grand luncheons imbues Renoir with a greater sense of joie de vivre than Monet or perhaps any of the other members of the Impressionist cohort Even though Renoir's art shares much in common with his Impressionist colleagues both his handling of paint and even his subject matter contain significant differences that render him truly unique as a painter That Renoir captured scenes of leisure better than any of his contemporaries was surprising and unlikely considering the background in which he was raised Denied the opportunity for a proper education Renoir's painting which started at a young age was borne more out of a need to work than in pursuit of a lifelong passion Renoir certainly loved to paint but like Monet painting always remained his profession and he treated it as such Monet Renoir looks at the personal background that led to the two becoming artists and the cultural climate in which they rose to fame
