## Report Of Court Proceedings In Antisovi:

Report of Court Proceedings in the Case of the Anti-soviet "bloc of Rights and Trotskyites" Soviet Union. Voennai[a] kollegii[a],1938      Everyday Stalinism Sheila Fitzpatrick,1999-03-04 Here is a pioneering account of everyday life under Stalin written by a leading authority on modern Russian history Focusing on the urban population Fitzpatrick depicts a world of privation overcrowding endless lines and broken homes in which the regime s promises of future socialist abundance rang hollowly We read of a government bureaucracy that often turned life into a nightmare and of how ordinary citizens tried to circumvent it We also read of the secret police whose constant surveillance was endemic at this time and the waves of terror like the Great Purges of 1937 which periodically cast society into turmoil      *Language and Revolution* Igal Halfin,2004-08-02 This work examines the role of language in forging the modern subject Focusing on the idea of the New Man that has animated all revolutionaries the present volume asks what it meant to define oneself in terms of one s class origins gender national belonging or racial origins      Stalin and the Soviet Union Stephen J. Lee,2005-06-20 Stephen J Lee examines the Soviet leader s domestic and foreign policy covering core topics such as his rise to power the economy society culture and the Cold War providing students with a clear background and a guide to exam success      **Dystopia** Gregory Claeys,2016-11-24 Dystopia A Natural History is the first monograph devoted to the concept of dystopia Taking the term to encompass both a literary tradition of satirical works mostly on totalitarianism as well as real despotisms and societies in a state of disastrous collapse this volume redefines the central concepts and the chronology of the genre and offers a paradigm shifting understanding of the subject Part One assesses the theory and prehistory of dystopia By contrast to utopia conceived as promoting an ideal of friendship defined as enhanced sociability dystopia is defined by estrangement fear and the proliferation of enemy categories A natural history of dystopia thus concentrates upon the centrality of the passion or emotion of fear and hatred in modern despotisms The work of Le Bon Freud and others is used to show how dystopian groups use such emotions Utopia and dystopia are portrayed not as opposites but as extremes on a spectrum of sociability defined by a heightened form of group identity The prehistory of the process whereby enemies are demonised is explored from early conceptions of monstrosity through Christian conceptions of the devil and witchcraft and the persecution of heresy Part Two surveys the major dystopian moments in twentieth century despotisms focussing in particular upon Nazi Germany Stalinism the Chinese Cultural Revolution and Cambodia under Pol Pot The concentration here is upon the political religion hypothesis as a key explanation for the chief excesses of communism in particular Part Three examines literary dystopias It commences well before the usual starting point in the secondary literature in anti Jacobin writings of the 1790s Two chapters address the main twentieth century texts usually studied as representative of the genre Aldous Huxley s Brave New World and George Orwell s Nineteen Eighty Four The remainder of the section examines the evolution of the genre in the second half of the twentieth century down to the present      Trotsky Bibliography Wolfgang Lubitz,1988      *Laboratories of Terror* Lynne

Viola, Marc Junge, 2023 *Laboratories of Terror* explores the final chapter of Stalin's Great Terror in Soviet Ukraine. When the Communist Party Central Committee and the Council of People's Commissars of the USSR halted mass operations in repression in November 1938, large numbers of mainly Communist purge victims whose cases remained incomplete were released. At the same time, hundreds of NKVD operatives who had carried out the Great Terror were scapegoated and arrested. Drawing on materials from the largely closed archives of the Soviet security police, this collection of essays by an international team of researchers illuminates the previously opaque world of the NKVD perpetrator. It uncovers the mechanics and logistics of the terror at the local level by examining the criminal files of a series of mid-level NKVD operatives from across Ukraine. The result offers new perspectives on both Stalin's central role in the architecture of the terror and NKVD perpetrators' agency in implementing one of the most horrific episodes of twentieth-century mass violence.

Daily Report, 1990      **The Making of International Human Rights** Steven L. B. Jensen, 2016-02-09 This book fundamentally reinterprets the history of international human rights in the post-1945 era by documenting how pivotal the Global South was for their breakthrough. In stark contrast to other contemporary human rights historians who have focused almost exclusively on the 1940s and the 1970s, heavily privileging Western agency, Steven L. B. Jensen convincingly argues that it was in the 1960s that universal human rights had their breakthrough. This is a ground-breaking work that places race and religion at the center of these developments and focuses on a core group of states who led the human rights breakthrough: namely Jamaica, Liberia, Ghana, and the Philippines. They transformed the norms upon which the international community today is built. Their efforts in the 1960s, post-colonial moment laid the foundation in profound and surprising ways for the so-called human rights revolution in the 1970s when Western activists and states began to embrace human rights.

Stalin's Soviet Justice David M. Crowe, 2019-06-13 From the show trials of the 1920s and 1930s to the London Conference, this book examines the Soviet role in the Nuremberg IMT trial through the prism of the ideas and practices of earlier Soviet legal history, detailing the evolution of Stalin's ideas about the trial of Nazi war criminals. Stalin believed that an international trial for Nazi war criminals was the best way to show the world the sacrifices his country had made to defeat Hitler, and he, together with his legal mouthpiece Andrei Vyshinsky, maintained tight control over Soviet representatives during talks leading up to the creation of the Nuremberg IMT trial in 1945 and the trial itself. But Soviet prosecutors at Nuremberg were unable to deal comfortably with the complexities of an open, Western-style legal proceeding, which undercut their effectiveness throughout the trial. However, they were able to present a significant body of evidence that underscored the brutal nature of Hitler's racial war in Russia from 1941-45, a theme which became central to Stalin's efforts to redefine international criminal law after the war. *Stalin's Soviet Justice* provides a nuanced analysis of the Soviet justice system at a crucial turning point in European history and it will be vital reading for scholars and advanced students of the legal history of the Soviet Union, the history of war crimes, and the aftermath of the Second World War.      *Stalinist Perpetrators on Trial*

Lynne Viola, 2017 Between the summer of 1937 and November 1938 the Stalinist regime arrested over 1.5 million people for counterrevolutionary and anti Soviet activity and either summarily executed or exiled them to the Gulag. While we now know a great deal about the experience of victims of the Great Terror, we know almost nothing about the lower and middle level Narodnyi Komissariat Vnutrennikh Del NKVD or secret police cadres who carried out Stalin's murderous policies. Unlike the postwar public trials of Nazi war criminals, NKVD operatives were tried secretly. And what exactly happened in those courtrooms was unknown until now. In what has been dubbed the purge of the purgers, almost one thousand NKVD officers were prosecuted by Soviet military courts. Scapegoated for violating Soviet law, they were charged with multiple counts of fabrication of evidence, falsification of interrogation protocols, use of torture to secure confessions, and murder during pre-trial detention of suspects, and many were sentenced to execution themselves. The documentation generated by these trials, including verbatim interrogation records and written confessions signed by perpetrators, testimony by victims, witnesses, and experts, and transcripts of court sessions, provides a glimpse behind the curtains of the terror. It depicts how the terror was implemented, what happened, and who was responsible, demonstrating that orders from above worked in conjunction with a series of situational factors to shape the contours of state violence. Based on chilling and revelatory new archival documents from the Ukrainian secret police archives, *Stalinist Perpetrators on Trial* illuminates the darkest recesses of Soviet repression: the interrogation room, the prison cell, and the place of execution, and sheds new light on those who carried out the Great Terror.

Based in large part on original research in recently declassified archive collections, the book examines the full complexity of government, including formal and informal political relationships, economic reforms, and nationality relations in the national republics of the USSR; the treatment of political dissent; economic progress through technological innovation; relations with the Eastern bloc; corruption and deceit in the economy; and the reform of the railways and construction sectors. The book re-evaluates the Khrushchev era as one which represented a significant departure from the Stalin years, introducing a number of policy changes that only came to fruition later, whilst still suffering from many of the limitations imposed by the Stalinist system. Unlike many other studies which consider the subject from the perspective of the Cold War and superpower relations, this book provides an overview of the internal development of the Soviet Union in this period, locating it in the broader context of Soviet history. This is the companion volume to the Jeremy Smith and Melanie Ilic's previous edited collection *Soviet State and Society under Nikita Khrushchev* Routledge 2009      Foreign Broadcast Information Service Report, 1991      **JPRS Report**, 1989
