### **INTRODUCTION**

India and China are the two largest countries in the world in terms of population; they are also the fastest growing economies in the world. India and China together are home to the world's largest pools of skilled human resources, and there is a general consensus that these two countries will continue to be the engines of global economic growth in the 21st century. Both China and India have also consciously deepened their economic relations within Asia as is clear from their dialogue partnership with ASEAN and signing of framework agreements for closer economic cooperation with it in 2002 and 2003 respectively.

**The OSS and Ho Chi Minh** Dixee R. Bartholomew-Feis,2006 Some will be shocked to find out that the United States and Ho Chi Minh our nemesis for much of the Vietnam War were once allies Indeed during the last year of World War II American spies in Indochina found themselves working closely with Ho Chi Minh and other anti colonial factions compelled by circumstances to fight together against the Japanese Dixee Bartholomew Feis reveals how this relationship emerged and operated and how it impacted Vietnam s struggle for independence Although the OSS did not bring Ho Chi Minh to power Bartholomew Feis shows that its apparent support for the Viet Minh played a significant symbolic role in helping them fill the power vacuum left in the wake of Japan s surrender Her study also hints that had America continued to champion the anti colonials and their quest for independence rather than caving in to the French we might have been spared our long and very lethal war in Vietnam Based partly on interviews with surviving OSS agents who served in Vietnam Bartholomew Feis s engaging narrative and compelling insights speak to the yearnings of an oppressed people and remind us that history does indeed make strange bedfellows      **Annual Report of the Chief Medical Officer** Great Britain.
