the most powerful wizard in the realm a legendary magic user named the White Wizard So to steal it the Dark Wizard recruits six hapless down on their luck flat broke fantasy heroes to raid the temple crawl the dungeon and steal the treasure from the dungeon boss the White Wizard Those six heroes aka the thieving crew are Yarid a Fae King who leads the faerie court into exile after a goblin army forces them to flee from the Fae Realm The Dark Wizard promises to give him the money to hire mercenaries and raise an army to take back the Fae Realm Sylis a simple young farm wizard with a proficiency in time magic from a rural backwater town who is forced to flee when assassins come after him and burn his farm to the ground and he barely escapes with his life The Dark Wizard promises him the knowledge of who is hunting him and why Nathan a necromancer who owes a ton of gold to the necromancer who trained him and who will reclaim payment for his student loans as either gold or blood The Dark Wizard promises him money to pay off his debt Rose a wizard thief crime boss who is in her element stealing things from other people She is eager when the Dark Wizard offers her a heist Glorissa a young female paladin cadet whose twin sister went missing from their paladin academy one year ago and who is on a mission to find and rescue her sister The Dark Wizard offers her something she can't resist information that could lead her to her sister Kylus a young male soldier in training recently expelled from his military academy after they learned about his dark secret which the Dark Wizard offers to sell him a cure for Hint his dark secret has something to do with gender and sexuality These six heroes are good and innocent and noble and heroic and they should know better than to take a job offered by an evil wizard But being poor and having a prize of a huge pile of gold coins dangled in front of your eyes makes people make bad decisions They make the poor choice to take the job offer and go on the quest to steal the Crystal of Light And the quest begins

Author's Note The elements of LitRPG in this novel are light creamy and the two romance arcs the cishet romance arc between Yarid the fae king and Glorissa the girl knight and the queer gay coming of age romance arc between Sylis and Kylus are a subplot to the main quest but do form an important part of the book Mostly the book is just the best epic high fantasy quest adventure you will ever read It's a character driven soap opera with plenty of action and strong motivations to move the story forward It is a fantasy heist novel and the edge of your seat thrills of watching the six main characters face the many dangers of stealing their target make it a gripping compelling thriller suspense novel while also being a traditional fantasy story set in a high fantasy realm with humans elves goblins wizards a feudal society of kings and knights and a hard magic system with six types of magic The magic plays a central role in how the heroes try to steal their target because they will need all six of the six different types of magic for their heist to succeed The novel begins with standalone stories that introduce the main characters and then after all main characters are introduced the characters meet by chance at an inn and tavern where they meet the Dark Wizard and the main plot arc begins

Black Humor and the White Terror Béla Bodó, 2023-04-06 This book examines political humor as a reaction to the lost war the post war chaos and antisemitic violence in Hungary between 1918 and 1922 While there is an increased body of literature on Jewish humor as a form of resistance and a means of

resilience during the Holocaust only a handful of studies have addressed Jewish humor as a reaction to physical attacks and increased discrimination in Europe during and after the First World War. The majority of studies have approached the issue of Jewish humor from an anthropological, cultural, or linguistic perspective; they have been interested in the humor of lower or lower middle class Jews in the East European shtetles before 1914. On the other hand, this study follows a historical and political approach to the same topic and focuses on the reaction of urban middle class and culturally assimilated Jews to recent events: to the disintegration of the Dual Monarchy, the collapse of law and order, increased violence, the reversal of Jewish emancipation, and the rise of new and more pernicious antisemitic prejudices. The study sees humor not only as a form of entertainment and jokes as literature and a product of popular culture, but also as a heuristic device to understand the world and make sense of recent changes, as well as a means to defend one's social position, individual and group identity, strike back at the enemy, and last but not least to gain the support and change the hearts and minds of non-Jews and neutral bystanders. Unlike previous scholarly works on Jewish resistance during the Holocaust, this study sees Budapest Jewish humor after WWI as a joint adventure, as a product of urban and Hungarian culture in which Jewish not only played an important role but also cofounded. Finally, the book addresses the issue of continuity in Hungarian history, the twisted road to Auschwitz, whether urban Jewish humor as a form of escapism helped to desensitize the future victims of the Holocaust to the approaching danger, or it continued to play the same defensive and positive role in the interwar period as it had done in the immediate aftermath of the Great War.

Bizarro Bloodsuckers Ron Knapp, 2018-12-15 Through fabulous visuals and lively storytelling, this entertaining book explores the strange science behind the bloodsuckers that surround us, including mosquitoes, head lice, and fleas. These critters can be irritating and sometimes even deadly, spreading terrible diseases such as malaria and the bubonic plague, which have killed millions. Students may be surprised to discover that bloodsuckers also help people. This text discusses how scientists are turning the chemicals blood drinkers produce into medicines and how doctors still use leeches to heal injuries.
