Requiem For A Woman And Selected Lyric Poems:

Requiem for a Woman, and Selected Lyric Poems Rainer Maria Rilke, 1981 Reading Rilke William H. Gass, 2013-08-07
The greatly admired essayist novelist and philosopher author of *Cartesian Sonata* *Finding a Form* and *The Tunnel* reflects on the art of translation and on Rainer Maria Rilke's *Duino Elegies* and gives us his own translation of Rilke's masterwork. After nearly a lifetime of reading Rilke in English, William Gass undertook the task of translating Rilke's writing in order to see if he could in that way get closer to the work he so deeply admired. With Gass's own background in philosophy, it seemed natural to begin with the *Duino Elegies*, the poems in which Rilke's ideas are most fully expressed and which, as a group, are important not only as one of the supreme poetic achievements of the West but also because of the way in which they came to be written. In a storm of inspiration, Gass examines the genesis of the ideas that inform the *Elegies* and discusses previous translations. He writes as well about Rilke, the man, his character, his relationships, his life. Finally, his extraordinary translation of the *Duino Elegies* offers us the experience of reading Rilke with a new and fuller understanding. Encyclopedia of German Literature Matthias Konzett, 2015-05-11. Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities, the *Encyclopedia of German Literature* includes more than 500 entries on writers, individual work, and topics essential to an understanding of this rich literary tradition. Drawing on the expertise of an international group of experts, the essays in the encyclopedia reflect developments of the latest scholarship in German literature, culture, and history and society. In addition to the essays, author entries include biographies and works lists, and works entries provide information about first editions, selected critical editions, and English language translations. All entries conclude with a list of further readings.

The Unvarnished New Testament Andy Gaus, 1991-01-01. This new innovative translation of the New Testament opens the closed doors of preconception and allows the reader to view these important Greek writings in an entirely different light. Based on a radical and startling premise, *The Unvarnished New Testament* asks: Why not present the New Testament simply as it appears in the original Greek? *Major 20th-century Writers*, 1991 The golden treasury, selected from the best songs and lyrical poems Francis Turner Palgrave, 1929 Major Figures of Turn-of-the-century Austrian Literature Donald G. Daviau, 1991. The purpose of this projected seven-volume series is to help make the major figures of Austrian literature from 1800 to the present accessible to an English-speaking audience. The introductions provide an overview of the cultural and political background of the age to furnish a broader context for the individual contributions. Bibliographies of primary and secondary texts enhance the value of the volumes as reference works. This volume covers the turbulent period between the two world wars. Despite the hardships endured by a country recovering from a severe war and despite the prominence of politics, literature flourished to a degree that surprisingly perhaps makes this era one of the richest periods in Austrian literary history. *Small Press Record of Books in Print* Len Fulton, 1987 **Uniform Trade List Annual**, 1977

Klein, 1981
