Research Guide To The History Of Western Art Sources Of Information In The Humanities:

Research Guide to the History of Western Art W. Eugene Kleinbauer, 1982 **The Routledge Companion to Medieval Iconography** Colum Hourihane, 2016-12-19 Sometimes enjoying considerable favor sometimes less iconography has been an essential element in medieval art historical studies since the beginning of the discipline Some of the greatest art historians including M le Warburg Panofsky Morey and Schapiro have devoted their lives to understanding and structuring what exactly the subject matter of a work of medieval art can tell Over the last thirty or so years scholarship has seen the meaning and methodologies of the term considerably broadened This companion provides a state of the art assessment of the influence of the foremost iconographers as well as the methodologies employed and themes that underpin the discipline The first section focuses on influential thinkers in the field while the second covers some of the best known methodologies the third and largest section looks at some of the major themes in medieval art Taken together the three sections include thirty eight chapters each of which deals with an individual topic An introduction historiographical evaluation and bibliography accompany the individual essays The authors are recognized experts in the field and each essay includes original analyses and or case studies which will hopefully open the field for future research *Archival Information* Steven Fisher, 2004-03-30 From original manuscripts and letters to sound recordings and birth certificates archival information plays an increasingly important role in modern research Libraries and the Internet have made finding information on a wide range of topics faster and easier but not all information particularly from primary sources is available via local library branches or online resources Using archival information presents its own challenges Materials are often located in many different places public or academic libraries government agencies historical societies or museums They are usually kept in secured areas where the public is restricted from browsing This definitive guide shows novice and experienced researchers how to find archival information It provides tips on how to use archival materials effectively and efficiently Topics covered include government archives science and technology collections military archives genealogical records business and corporate archives performing arts archives and sports collections Also provided is an overview of the world of archives including archival terminology how to contact archives and archival etiquette Whether searching for a noted author s original manuscripts trying to locate presidential papers or tracking down a repository of oral histories Archival Information is an indispensable reference **Research Guides to the Humanities, Social Sciences, Sciences, and Technology** Martin Howard Sable, 1986 *Sources in Iconography in the Blackader-Lauterman Library of Architecture and Art, McGill University* Blackader-Lauterman Library of Architecture and Art, 1997 *A Research Guide to the Ancient World* John M. Weeks, Jason de Medeiros, 2014-11-25 The archaeological study of the ancient world has become increasingly popular in recent years A Research Guide to the Ancient World Print and Electronic Sources is a partially annotated bibliography The study of the ancient world is usually although not exclusively considered a branch of the humanities including archaeology art history

languages literature philosophy and related cultural disciplines which consider the ancient cultures of the Mediterranean world and adjacent Egypt and southwestern Asia Chronologically the ancient world would extend from the beginning of the Bronze Age of ancient Greece ca 1000 BCE to the fall of the Western Roman Empire ca 500 CE This book will close the traditional subject gap between the humanities Classical World Egyptology and the social sciences anthropological archaeology Near East in the study of the ancient world This book is uniquely the only bibliographic resource available for such holistic coverage The volume consists of 17 chapters and seven appendixes arranged according to the traditional types of library research materials bibliographies dictionaries atlases etc The appendixes are mostly subject specific including graduate programs in ancient studies reports from significant archaeological sites numismatics and paleography and writing systems These extensive author and subject indexes help facilitate ease of use Icons of Space Jelena

Bogdanović,2021-07-26 Icons of Space Advances in Hierotopy brings together important scholars of Byzantine religion art and architecture to honour the work of renowned art historian Alexei Lidov As well as his numerous publications Lidov is well known for developing the concept of hierotopy an innovative approach for studying the creation of sacred spaces Hierotopy and the related concepts of spatial icons and image paradigms emphasize fundamental questions about icons including what defines them as structures spaces and experiences Chapters in this volume engage with the overarching theme of icons of space by employing contrasting and complementing methods of hierotopy with more traditional approaches such as iconography Examinations of icons have traditionally been positioned within strictly historical theological socio economic political and art history domains but this volume poses epistemological questions about the creation of sacred spaces that are instead inclusive of multi layered iconic ideas and the lived experiences of the creators and beholders of such spaces This book contributes to image theory and theories of architecture and sacred space Simultaneously it moves beyond colonial studies that predominantly focus on questions of religion and politics as expressions of privileged knowledge and power This book will appeal to scholars and students of Byzantine history as well as those interested in hierotopy and art history A
