*The Anthropology of Climate Change* Hans A. Baer, Merrill Singer, 2018-04-19 In addressing the urgent questions raised by climate change this book provides a comprehensive overview of the anthropology of climate change guided by a critical political ecological framework It examines the emergence and slow maturation of the anthropology of climate change reviews the historic foundations for this work in the archaeology of climate change and presents three alternative contemporary theoretical perspectives in the anthropology of climate change This second edition is fully updated to include the most recent literature published since the first edition in 2014 It also examines a number of new topics including an analysis of the 2014 American Anthropological Association's Global Climate Change Task Force report a new case study on responses to climate change in developed societies and reference to the stance of the Trump administration on climate change Not only does this book provide a valuable overview of the field and the key literature but it also gives researchers and students in Environmental Anthropology Climate Change Human Geography Sociology and Political Science a novel framework for understanding climate change that emphasizes human socioecological interactions      **Anthropology and Climate Change** Susan A. Crate, Mark Nuttall, 2016-03-31 The first edition of *Anthropology and Climate Change* 2009 pioneered the study of climate change through the lens of anthropology covering the relation between human cultures and the environment from prehistoric times to the present This second heavily revised edition brings the material on this rapidly changing field completely up to date with major scholars from around the world mapping out trajectories of research and issuing specific calls for action The new edition introduces new foundational chapters laying out what anthropologists know about climate change today new theoretical and practical perspectives insights gleaned from sociology and international efforts to study and curb climate change making the volume a perfect introductory textbook presents a series of case studies both new case studies and old ones updated and viewed with fresh eyes with the specific purpose of assessing climate trends provides a close look at how climate change is affecting livelihoods especially in the context of economic globalization and the migration of youth from rural to urban areas expands coverage to England the Amazon the Marshall Islands Tanzania and Ethiopia re-examines the conclusions and recommendations of the first volume refining our knowledge of what we do and do not know about climate change and what we can do to adapt      **Anthropology and Biblical Studies**, 2019-05-21 This volume presents the findings of an international research symposium held at St Andrews University Scotland in July 2003 Contributors include both biblical scholars and anthropologists The essays presented variously explore and review interdisciplinary links innovations and developments between anthropology and biblical studies in reference to interpretation

of both the OT and NT and pseudepigraphal works Explored are methodological issues the use of anthropological concepts in biblical studies identity purity boundaries virtuoso religion spiritual experience sacred space and more field orientated work of bible translators in different cultures      **Sociology and Anthropology in Twentieth Century China** Arif

Dirlik,Guannan Li,Hsiao-pei Yen,2012-02-03 Within this text the contributors provide a historical perspective on the development of anthropology and sociology since their introduction to Chinese thought and education in the early twentieth century with an emphasis on the 1930s and 1980s The authors offer different windows on theoretical and research agendas of anthropologists and sociologists of the PRC and Taiwan shaped as much by their political context as by disciplinary training In examining the careers of several individual scholars they also make note not only of their creative contributions but also of the resonance of their intellectual concerns with contemporary issues in sociology and anthropology culturalism frontiers women Finally the volume is organized loosely around the problem of how to translate these disciplines into a Chinese context s the issues of indigenization bentuhua or making Chinese Zhongguohua which have haunted the two disciplines since their establishment in the 1930s because of the contradictory expectations that they generate This is where the case of China resonates with similar concerns in other societies where the disciplines were imported from abroad as products of a Euro American capitalist modernity conflicting with aspirations to create their own localized alternative modernities      Social Anthropology of Complex Societies Michael Banton,2013-10-08 This volume illustrates how much the study of social anthropologists has encompassed other non primitive societies rural Italy urban Africa village politics in India and the smaller ex colonial territories of Fiji and Mauritius are just some of the areas covered by the book The position and contribution of British community studies is also examined illustrating how micro sociology can be made relevant to macro sociology Originally published 1966

**The Maya and Their Central American Neighbors** Geoffrey E  
Braswell,2014-04-16 The ancient Maya created one of the most studied and best known civilizations of the Americas Nevertheless Maya civilization is often considered either within a vacuum by sub region and according to modern political borders or with reference to the most important urban civilizations of central Mexico Seldom if ever are the Maya and their Central American neighbors of El Salvador and Honduras considered together despite the fact that they engaged in mutually beneficial trade intermarried and sometimes made war on each other The Maya and Their Central American Neighbors seeks to fill this lacuna by presenting original research on the archaeology of the whole of the Maya area from Yucatan to the Maya highlands of Guatemala western Honduras and El Salvador With a focus on settlement pattern analyses architectural studies and ceramic analyses this ground breaking book provides a broad view of this important relationship allowing readers to understand ancient perceptions about the natural and built environment the role of power the construction of historical narrative trade and exchange multiethnic interaction in pluralistic frontier zones the origins of settled agricultural life and the nature of systemic collapse      Routledge Handbook of Environmental Anthropology Helen Kopnina,Eleanor

Shoreman-Ouimet, 2016-08-12 Environmental Anthropology studies historic and present human environment interactions This volume illustrates the ways in which today's environmental anthropologists are constructing new paradigms for understanding the multiplicity of players pressures and ecologies in every environment and the value of cultural knowledge of landscapes This Handbook provides a comprehensive survey of contemporary topics in environmental anthropology and thorough discussions on the current state and prospective future of the field in seven key sections As the contributions to this Handbook demonstrate the subfield of environmental anthropology is responding to cultural adaptations and responses to environmental changes in multiple and complex ways As a discipline concerned primarily with human environment interaction environmental anthropologists recognize that we are now working within a pressure cooker of rapid environmental damage that is forcing behavioural and often cultural changes around the world As we see in the breadth of topics presented in this volume these environmental challenges have inspired renewed foci on traditional topics such as food procurement ethnobiology and spiritual ecology and a broad new range of subjects such as resilience nonhuman rights architectural anthropology industrialism and education This volume enables scholars and students quick access to both established and trending environmental anthropological explorations into theory methodology and practice

Anthropological Archaeology Guy E. Gibbon, 1984-12-03 Anthropological Archaeology The American Frontier Kenneth E. Lewis, 2014-05-19 The American Frontier An Archaeological Study of Settlement Pattern and Process focuses on general rules or laws for the evolution of all agrarian frontiers emphasizing those that are expanding A variety of frontiers is also discussed in addition to the agrarian type to pinpoint similarities and differences Organized into 11 chapters this book first elucidates the processes of frontier colonization and then describes the frontier model employed for the interpretation of documentary and material evidence for the examination of the development of South Carolina frontier Some chapters then focus on the examination of South Carolina's colonial past in terms of the model to determine its degree of conformity with the latter and to set the stage for the archaeological study the development of archaeological hypotheses and a consideration of the material record Other types of frontiers are characterized by separate developmental processes and several of these are discussed in Chapter 10 as avenues for further research This book will be valuable to scholars in several fields including history geography and anthropology Historical archaeologists will find it especially useful in designing research in former colonial areas and in modeling additional kinds of frontier change *Evolutionism In Cultural Anthropology* Robert L. Carneiro, 2018-02-23 Examines the history of evolutionism in cultural anthropology beginning with its roots in the 19th century through the half century of anti evolutionism to its reemergence in the 1950s and the current perspectives on it today No other book covers the subject so fully or over such a long period of time Evolutionism and Cultural Anthropology traces the interaction of evolutionary thought and anthropological theory from Herbert Spencer to the twenty first century It is a focused examination of how the idea of evolution has continued to provide anthropology with a master principle around

which a vast body of data can be organized and synthesized. Erudite and readable and quoting extensively from early theorists such as Edward Tylor, Lewis Henry Morgan, John McLennan, Henry Maine, and James Frazer so that the reader might judge them on the basis of their own words. Evolutionism and Cultural Anthropology is useful reading for courses in anthropological theory and the history of anthropology. 0813337666 Evolutionism in Cultural Anthropology: A Critical History

**A Companion to Biological Anthropology** Clark Spencer Larsen, 2023-03-06 A Companion to Biological Anthropology The discipline of biological anthropology, the study of the variation and evolution of human beings and their evolutionary relationships with past and living hominins and primate relatives, has undergone enormous growth in recent years. Advances in DNA research, behavioral anthropology, nutrition science, and other fields are transforming our understanding of what makes us human. A Companion to Biological Anthropology provides a timely and comprehensive account of the foundational concepts, historical development, current trends, and future directions of the discipline. Authoritative yet accessible, this field-defining reference work brings together 37 chapters by established and younger scholars on the biological and evolutionary components of the study of human development. The authors discuss all facets of contemporary biological anthropology, including systematics and taxonomy, population and molecular genetics, human biology, and functional adaptation, early primate evolution, paleoanthropology, paleopathology, bioarchaeology, forensic anthropology, and paleogenetics. Updated and expanded throughout, this second edition explores new topics, revisits key issues, and examines recent innovations and discoveries in biological anthropology, such as race and human variation, epidemiology, and catastrophic disease outbreaks, global inequalities, migration, and health resource access, and population growth. Recent primate behavior research, the fossil record of primates and humans, and much more. A Companion to Biological Anthropology, Second Edition, is an indispensable guide for researchers and advanced students in biological anthropology, geosciences, ancient and modern disease, bone biology, biogeochemistry, behavioral ecology, forensic anthropology, systematics, and taxonomy, nutritional anthropology, and related disciplines. Ethnology, 2000 **Debating Humankind's Place in Nature, 1860-2000** Richard G. Delisle, 2015-07-14 This text, the only one of its kind on the market, surveys the development of the field of human evolution from its inception through today. It provides students with a broad contrast, enabling them to fully understand the value and role of current paleoanthropological research. Features: An historical approach. Establishes for students the nature of paleoanthropology through the historical development of the field from 1860 through 2000 and shows students that paleoanthropology is a remarkably progressive field. A focus on the debates in the field of human evolution, especially the phylogenetic or genealogical debates. Analyzes four distinct debates presented separately from their inception to the present: 1. Humankind's place among the primates. 2. The place of the australopithecines relative to the human line. 3. Debates on human phylogeny. 4. Proposed scenarios of hominization. Presentation and analysis of the viewpoints of over 150 scholars. Gives students a valuable reference work for the future, includes over 1200 references in the bibliography, as well as

a comprehensive text for today For junior senior courses in Human Evolution and Paleoanthropology in Anthropology departments     *Ancient Titicaca* Charles Stanish,2003-03-12 This landmark work brings the author s intimate knowledge of the ethnography and archaeology in this region to bear on key theoretical issues in evolutionary anthropology BOOK JACKET
