Ritual And The Arts In Spiritual Discernment:

Ritual & the Arts in Spiritual Discernment Ellen Morseth,1999-07-01 Ending with Hope Beth Ann

Gaede,2002-06-01 Why is it we do funerals so well but often balk at even recognizing the death of a congregation Couldn't we do grief ministry and funerals as well for social groups as we do for individuals challenges Gilson Waldkoenig in his seminary classes Waldkoenig associate professor of church in society at Lutheran Theological Seminary at Gettysburg contributes his special insights on the subject of church endings in this unique and important book Ending with Hope grows out of the understanding that although closing a congregation is in many ways about dying it can also be about new life Closing a congregation does not have to be about failure but can be about redirecting resources for new ministry

Contributors represent eight denominations and include more than a dozen pastors lay leaders judicatory staff and others who have been there who have helped congregations through the painful closing process Resources include models for assessing whether a congregation should close reflections on members and pastors experiences during closing case studies guidance for deciding what to do with a building suggestions for selecting and preserving documents and artifacts rituals for healthy closings a survey of historical trends regarding closings and other helpful materials **Love Letter to a Conflicted**

Church Richard P. Olson,2010-01-01 The book is organized into three divisions and as the title implies there is a brief letter in the form of a New Testament epistle to the contemporary church a portion of which begins each chapter The first division reexamines the gifts and redemptive possibilities of anger and conflict The barriers to healthy anger conflict are considered and addressed In the second attention is given to conflicts surrounding the Bible There is a chapter on conflict and reconciliation in the Bible followed by suggestions on how people who read the Bible differently from each other can resolve some of those differences Consideration is also given to discovering biblical priorities for the contemporary church The third division offers vistas of change and reconciliation Parables of hope and promise are provided Insights from the studies of persons and communities as well as ethics and theology are summarized There is reflection on those unresolved conflicts that continue in spite of our best efforts Then moral imagination is engaged to visualize the opportunities for a church that moves beyond its present stalemates **Redeveloping the Congregation** Mary Sellon,Dan Smith,Gail Grossman,2002-01-01

What makes it possible for a church to reverse course from decline or stagnation into longlasting vitality How can a church immigrate from a congealing present into a compelling future What can a congregation do to experience continuous deep change rather than just temporary surface improvement How does a person lead redevelopment The three authors of this book address these and other questions by building on an eight step framework for lasting change developed by John P Kotter noted former professor of organizational behavior at Harvard Business School His work on organizational change is heralded in the secular world as foundational and Smith Sellon and Grossman have found that his findings hold true for congregations as well Each chapter in this book comprises three sections mentor companion and coach The mentor section

discusses principles and concepts to be addressed in each of the eight steps the companion section gives readers a sense of what leading change is actually like for a congregational leader and the coach section provides specific ways for leaders to develop the unique change processes that will be effective in their church Foreword by Anthony G Pappas The authors offer strong spiritual grounding and wise counsel for personal and communal transformation as they lead us through a highly effective process of congregational transformation Barbara B Troxell This book does not offer us more exhausting busyness but focuses on the very heart of ministry in and through the congregation If you yearn to move beyond the status quo dive into this refreshing book and expect transformation Julia Kuhn Wallace **Laughter in a Time of Turmoil** Richard P.

Olson,2012-04-11 Here s a different angle on humor it can be a spiritual practice an expression of a theology of joy hope and grace Humor is so valuable for it offers self care healing and renewal precious gifts in times of pressure and tension Olson begins by telling of three unforgettable friends who lived their lives with joy and zest a practice that opened doors and aided their own sense of well being Playfully he continues by exploring the known benefits of humor Next considered is the amazing variety of humor in the Bible a basic theology of a laughing God and the caring ethic of humor that emerges from this theology Finally there is a discussion of how this practice of humor enriches worship caregiving and administration Laughter in a Time of Turmoil draws to a close considering spiritual disciplines practices and why humor belongs among these practices Suggestions are then offered on how to grow in this spiritual practice Discussion questions are provided for each chapter to help groups enjoy their conversations about the book This book will help you think and laugh or laugh and think take your pick and then be on your way rejoicing Pentecostal Aesthetics Steven Felix,2015-02-04 Pentecostals have not sufficiently worked out a distinctively Pentecostal philosophy of art and aesthetics In Pentecostal Aesthetics Theological Reflections in a Pentecostal Philosophy of Art and Aesthetics with a foreword by Amos Yong Steven F lix J ger corrects this by reflecting theologically on art and aesthetics from a global Pentecostal perspective particularly through a pneumatic Pentecostal lens F lix J ger contends that a Pentecostal philosophy of art and aesthetics must comply with the global experiential and pneumatocentric nature of the Pentecostal movement Such a philosophy can be ontologically grounded in a relativistic theory of art Theological reflections concerning the nature and purpose of art must then be sensitive to the ontological foundations secured thereof In this fashion Pentecostals can gain ample insight about the Spirit s work in today s contemporary artworld **Contemporary Maya Spirituality** Jean Molesky-Poz,2009-06-23 An authoritative study of the indigenous religion still practiced in Guatemala based on extensive original research and participant observation Jean
