The man is on the left, wearing a green sweater and light blue pants, with his eyes closed and a gentle smile. The woman is on the right, wearing a yellow top and light blue pants, leaning her head against his shoulder with a peaceful expression. The background is a plain, light cream color.

Love With A Difference:

Love in Contemporary British Drama Korbinian Stöckl, 2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama *Love in Contemporary British Drama* reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love's compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned *Love's Labor* Eva Feder Kittay, 2013-09-13 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company *The Metaphysics of Love* Stella Sandford, 2001-11-01 Emmanuel Levinas is best known for having reintroduced the question of ethics into the Continental philosophical tradition In *The Metaphysics of Love* however Stella Sandford argues that an over emphasis on ethics in the reception of Levinas's thought has covered over both the basis and the details of his philosophical project a metaphysics which affirms the necessity to think of an unqualified transcendence as a first principle Sandford's book is at the same time a powerful feminist critique of both Levinas's gendered philosophical categories and the attempt to reclaim aspects of this philosophy for feminist theory **Love in the Post-Reconceptualist Era of Curriculum Work** Allan Michel Jales Coutinho, 2023-03-08 By employing the autobiographical method of currere and bifocalization this book sheds light on the significance of love and the ethics of caregiving as means to transform curriculum studies into a post reconceptualist and collective endeavor Advancing an understanding of curriculum as a collective public moral enterprise it critically asks whether we can build a world where love is not negotiated but only proliferated Through the creation of short and interconnected autobiographical narratives about the meanings of love the author provides pivotal insights for curricularists who labor in conflicting and paradoxical contexts As such the book seeks to demonstrate how the labor of love fortification may be accomplished in a world of agonistic antagonistic and competitive becoming's Highlighting the role of caregiving this book questions the role of evaluations in post reconceptualization and provides insights for educators and policymakers on how to promote actualization and reconciliation in schools in contexts across the global north and south Engaging with a long scholarly tradition that ultimately seeks to understand the meanings of love in our lives and in our work supporting the historization of the field of curriculum and with an international focus this book will appeal to scholars and students with

interests in curriculum studies and curriculum theory **Love and Politics** Fiona Mackay,2001-08-02 This volume is the first to use insights from recent feminist theory on the ethic of care to study the slow progress women have made toward political equality Using empirical case study materials including her own interviews with female politicians Mackay examines care as both a political practice and a political idea using it to explain the current situation with regard to women s representation and to offer a prescription and resource for change Love and Christian Ethics Frederick V.

Simmons,2016-12-15 At the heart of Christian ethics is the biblical commandment to love God and to love one s neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about appropriate interpretations and implications of this critical norm In Love and Christian Ethics nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research Love and Christian Ethics is sure to become a benchmark resource in the field *Self-Confidence, Social Comparison, Materialism, Minimalism, Self-Love, and Fulfillment: 6 Books in 1* Grace Scott, Grace Scott Exclusive Collection 6 Books in 1 Bundle 1 The Power of Not Caring 2 The

Politics of Conjugal Love Conor Sweeney,Brian T. Trainor,2019-06-27 Does the New Testament teach that a wife must submit to her husband as head If so does it have a lasting value beyond the cultural milieu in which it was first articulated The Politics of Conjugal Love takes a fresh approach to this classic issue in theological anthropology paying specific attention to the role of theological hermeneutics in its interpretation Conor Sweeney and Brian T Trainor contend that both subordinationist and anti subordinationist readings of headship and submission miss the mark Their alternative is a baptismally specified trinitarian reading in which headship and submission appear as modes intrinsic to both life in Christ and the love proper to the highest mode of trinitarian love **The Love of Romance - 50 Books in One Collection**

Thicker Than Water Lauren Weindling,2023-04-17 The proverb goes that blood is thicker than water But do common bloodlines in fact demand special duties or prescribe affections Does this maxim presume that we can or should only love others biologically similar to ourselves Are we nobler if we do or somehow

defective if we don't Thicker than Water examines the roots of this belief by studying the omnipresent discourse of bloodlines and kindred relations in the literature of early modern Europe specifically its role in the creation and maintenance of oppressive social structures Lauren Weindling examines how drama from England France and Italy tests these assumptions about blood and love exposing their underlying political function Among the key texts that Weindling studies are Shakespeare's Romeo and Juliet Othello and The Merchant of Venice Pierre Corneille's Le Cid Giambattista della Porta's La Sorella and its English analog Thomas Middleton's No Wit Help Like a Woman's John Ford's 'Tis Pity She's a Whore and Machiavelli's La Mandragola Each of these plays in some way offers an extreme limit case for these beliefs in plots of love courtship and marriage e.g. blood feuds or incest They also illustrate that blood functions not as a biological basis for affinities but discursively Moreover they feature the voices of marginalized groups unprivileged by this ideology which present significant counterpoints to this bloody worldview Those outsiders reveal that finding alternative vocabularies to the bloody discourse of elite groups is both extremely difficult and often ineffectual further evidenced by their persistence today Much critical work on blood has examined this discourse as it manifests onstage as evidence of guilt the product of violence or in bleeding figures This book instead examines the work that blood does unseen in its connection to discourses of love and kinship arbitrating social and emotional connections between persons and thus underwriting our deepest forms of social organization

Love as Passion Niklas Luhmann, 2014-12-08 In this important book Niklas Luhmann one of the leading social thinkers of the late 20th century analyses the emergence of love as the basis of personal relationships in modern societies He argues that while family systems remained intact in the transition from traditional to modern societies a semantics for love developed to accommodate extra marital relationships this semantics was then transferred back into marriage and eventually transformed marriage itself Drawing on a diverse range of historical and literary sources Luhmann retraces the emergence and evolution of the special semantics of passionate love that has come to form the basis of modern forms of intimacy and personal relationships This classic book by Luhmann has been widely recognized as a work of major importance It is an outstanding contribution to social theory and it provides an original and illuminating perspective on the nature of modern marriage and sexuality
