Resurrecting the Idea of a Christian Society R. R. Reno,2016-08-02 America's two greatest strengths her liberal democratic culture and her free market economy have made her a global superpower But left unchecked these two strengths can become great cultural weaknesses sowing selfishness recklessness and apathy In *Resurrecting the Idea of a Christian Society* theologian R R Reno argues that America needs a renewal of Christian ideals ideals that encourage self sacrifice responsibility and solidarity Drawing on T S Eliot's 1940 essay *The Idea of a Christian Society* Reno shows how Christianity

encourages an abiding ambition for higher things and a moral vision that can strengthen communities and transform America into a truly great nation Virtue and the Moral Life William Werpehowski, Kathryn Getek Soltis, 2014-07-22 The scope of interest and reflection on virtue and the virtues is as wide and deep as the questions we can ask about what makes a moral agent's life decent or noble or holy rather than cruel or base or sinful or about the conditions of human character and circumstance that make for good relations between family members friends workers fellow citizens and strangers and the sorts of conditions that do not Clearly these questions will inevitably be directed to more finely grained features of everyday life in particular contexts Virtue and the Moral Life Theological and Philosophical Perspectives takes up these questions In its ten timely and original chapters it considers the specific importance of virtue ethics its public significance for shaping a society's common good the value of civic integrity warfare and returning soldiers sense of enlarged moral responsibility the care for and agency of children in contemporary secular consumer society and other questions involving moral failure humility and forgiveness Love, Power, and Gender in Seventeenth-Century French Fairy Tales Bronwyn Reddan, 2020-12 Love is a key ingredient in the stereotypical fairy tale ending in which everyone lives happily ever after This romantic formula continues to influence contemporary ideas about love and marriage but it ignores the history of love as an emotion that shapes and is shaped by hierarchies of power including gender class education and social status This interdisciplinary study questions the idealization of love as the ultimate happy ending by showing how the conteuses the women writers who dominated the first French fairy tale vogue in the 1690s used the fairy tale genre to critique the power dynamics of courtship and marriage Their tales do not sit comfortably in the fairy tale canon as they explore the good the bad and the ugly effects of love and marriage on the lives of their heroines Bronwyn Reddan argues that the conteuses scripts for love emphasize the importance of gender in determining the right way to love in seventeenth century France Their version of fairy tale love is historical and contingent rather than universal and timeless This conversation about love compels revision of the happily ever after narrative and offers incisive commentary on the gendered scripts for the performance of love in courtship and marriage in seventeenth century France **Donahoe's Magazine** ,1908 **Sonnets and Songs** Helen Hay Whitney, 2018-04-05
